George Garrett Casey Clabough, 2013-10-01 Considering George Garrett's life and work in the continuum of American literary history it is perhaps most profitable to place him in the tradition of the now exceedingly rare Southern man of letters he or she who embraces and produces literature in all its complexity and in multiple forms novels short stories poems plays criticism translation editing and so on This kind of Southern writer stretching back to Edgar Allan Poe perhaps finds its best modern examples in the Nashville based writers of the 1920s and 1930s Chronologically Garrett born in 1929 probably was the most variously gifted Southern writer to arrive on the scene following Robert Penn Warren Indeed it is in such company that his life and work belong

Inhabiting Contemporary Southern and Appalachian Literature Casey Clabough, 2012-08-26 The idea of place any place remains one of our most basic yet slippery concepts It is a space with boundaries whose limits may be definite or indefinite it can be a real location or an abstract mental spiritual or imaginary construction Casey Clabough's thorough examination of the importance of place in southern literature examines the works of a wide range of authors including Fred Chappell George Garrett William Hoffman Julien Green Kelly Cherry David Huddle and James Dickey Clabough expands the definition of here beyond mere geography offering nuanced readings that examine tradition and nostalgia and explore the existential nature of place Deeply concerned with literature as a form of emotional intellectual and aesthetic engagement with the local and the regional Clabough considers the idea of place in a variety of

ways as both a physical and metaphorical location as an important factor in shaping an individual informing one of the ways the person perceives the world and as a temporal as well as geographic construction This fresh and useful contribution to the scholarship on southern literature explains how a text can open up new worlds for readers if they pay close enough attention to place

The New Encyclopedia of Southern Culture M. Thomas Inge, Charles Reagan Wilson, 2014-02-01 Offering a comprehensive view of the South's literary landscape past and present this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship

Constructing a World Martha Tuck Rozett, 2012-02-01 Taking its title from Umberto Eco's postscript to *The Name of the Rose* the novel that inaugurated the New Historical Fiction in the early 1980s *Constructing the World* provides a guide to the genre's defining characteristics It also serves as a lively account of the way Shakespeare Marlowe Raleigh Queen Elizabeth I and their contemporaries have been depicted by such writers as Anthony Burgess George Garrett Patricia Finney Barry Unsworth and Rosalind Miles Innovative historical novels written during the past two or three decades have transformed the genre producing some extraordinary bestsellers as well as less widely read serious fiction Shakespearean scholar Martha Tuck Rozett engages in an ongoing conversation about the genre of historical fiction drawing attention to the metacommentary contained in Afterwords or Historical Notes the imaginative reconstruction of the diction and mentality of the past the way Shakespearean phrases names and themes are appropriated and the counterfactual scenarios writers invent as they reinvent the past

Encyclopedia of American Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

Experimentation and Versatility Casey Clabough, 2005
Experimentation and Versatility considers Chappell's first four novels and his short fiction the novels chronologically and the

short stories thematically in order to demonstrate the unique range and importance of his fictional prose Rather than inserting Chappell s fictional variables into a single theoretical formula Clabough traces and celebrates their various and multifaceted excursions into genres as disparate as Appalachian pastoralism and experimental science fiction Containing both an interview with Chappell and a previously unpublished short story Experimentation and Versatility also offers new primary sources on Chappell s work even as it contextualizes him as one of our most exciting and multi talented contemporary writers Investigating the complexities of Chappell s work Clabough s study offers new ways of considering Chappell who has been characterized variously as a Appalachian Southern and fantasy writer However as Clabough demonstrates he is in fact all and none of these things a writer of immense gifts constantly reinventing himself through his experiments in seemingly disparate genres
