Richard Cobden

George Joachim Goschen The Transformation Of A Victorian Liberal:

George Joachim Goschen Thomas J. Spinner, 1973-07-26 The career of George Joachim Goschen illuminates many of the problems faced by the British ruling classes in the late nineteenth century *George Joachim Goschen* Thomas J. Spinner (jr.), 1973 **English Historical Documents** W.D. Handcock, G.M. Young, 2024-11-01 *English Historical Documents* is the most ambitious impressive and comprehensive collection of documents on English history ever published An authoritative work of primary evidence each volume presents material with exemplary scholarly accuracy Editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Full account has been taken of modern textual criticism A general introduction to each volume portrays the character of the period under review and critical bibliographies have been added to assist further investigation Documents collected include treaties personal letters statutes military dispatches diaries declarations newspaper articles government and cabinet proceedings orders acts sermons pamphlets agricultural instructions charters grants guild regulations and voting records Volumes are furnished with lavish extra apparatus including genealogical tables lists of officials chronologies diagrams graphs and maps *Victorian Telegraphy Before Nationalization* Simone Fari, 2015-08-31 This study offers an analysis of the technological and entrepreneurial features of the Victorian telegraph service together with the companies which ran it until nationalization in 1869 It shows a historical reconstruction mainly based on original and unedited documents belonging to a variety of archives *English Historical Documents, 1874-1914* David Charles Douglas, W. D. Handcock, 1996 *English Historical Documents* is the most ambitious impressive and comprehensive collection of documents on English history ever published An authoritative work of primary evidence each volume presents material with exemplary scholarly accuracy Editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Full account has been taken of modern textual criticism A general introduction to each volume portrays the character of the period under review and critical bibliographies have been added to assist further investigation Documents collected include treaties personal letters statutes military dispatches diaries declarations newspaper articles government and cabinet proceedings orders acts sermons pamphlets agricultural instructions charters grants guild regulations and voting records Volumes are furnished with lavish extra apparatus including genealogical tables lists of officials chronologies diagrams graphs and maps **Rebels, Believers, Survivors** Noel Malcolm, 2020-07-10 Thanks to its half century under Communism as well as its little known language Albania has suffered from neglect and a sense of isolation Yet as this study helps to show the Albanian lands have a long history of interaction with others They have been a meeting ground of Christianity and Islam a channel through which Venice connected with the Ottoman Balkans a place of interest to the Habsburgs and a focus for the ambitions of neighbouring powers in the late Ottoman period Albanians themselves could have many different identities The studies in this volume by one of the world's leading experts on Albanian history range from the fifteenth century to the twentieth taking

in politics social history religion and diplomacy Each is based on original research the longest on Ali Pasha uses a wealth of manuscript material to tell for the first time the full story of the vital role he played in the international politics of the Napoleonic Wars Other studies bring to life ordinary individuals hitherto unknown to history women hauled before the Inquisition for example or the author of the first Albanian autobiography Some of these studies have been printed before several in hard to find publications and one only in Albanian but the greater part of this book appears here for the first time This is not only a landmark publication for readers interested in south east European history It also engages with many broader issues including religious conversion crypto Christianity among Muslims methods of enslavement within the Ottoman Empire and the nature of modern myth making about national identity [The Liberal Unionist Party](#) Ian Cawood,2012-08-14

The Liberal Unionist party was one of the shortest lived political parties in British history It was formed in 1886 by a faction of the Liberal party led by Lord Hartington which opposed Irish home rule In 1895 it entered into a coalition government with the Conservative party and in 1912 now under the leadership of Joseph Chamberlain it amalgamated with the Conservatives Ian Cawood here uses previously unpublished archival material to provide the first complete study of the Liberal Unionist party He argues that the party was a genuinely successful political movement with widespread activist and popular support which resulted in the development of an authentic Liberal Unionist culture across Britain in the mid 1890s The issues which this book explores are central to an understanding of the development of the twentieth century Conservative party the emergence of a national political culture and the problems both organisational and ideological of a sustained period of coalition in the British parliamentary system *Queen Victoria and Her Prime Ministers* Anne Somerset,2024-11-05

A riveting portrait of Queen Victoria and the ten prime ministers who headed British government during her sixty three year reign It is generally accepted that Queen Victoria reigned but did not rule This couldn t be more wrong A passionate and opinionated leader Victoria was born to govern with no room for doubt about her historic destiny or the might of the empire that was built in her name When it came to her involvement in state affairs Victoria herself acknowledged that she had held strong likes and dislikes for the various prime ministers who served throughout her political evolution from headstrong teenager to seasoned leader Anne Somerset s *Queen Victoria and Her Prime Ministers* charts the feuds and affectionate interactions Victoria had with her ten premiers in often hilarious detail from her adoration of Benjamin Disraeli her favorite prime minister who filled her life with poetry romance and chivalry to her detestation for William Gladstone a man she deemed a dangerous old fanatic Drawing extensively on unpublished sources such as material from the Royal Archives and never before seen prime ministerial papers Somerset casts a fresh and highly illuminating perspective not just on Victoria but on the exceptional politicians who served her in a time of massive global change *The Primacy of Foreign Policy in British History, 1660-2000* William Mulligan,Brendan Simms,2010-10-20

External challenges strategic threats and war have shaped the course of modern British history This volume examines how Britain mobilized to meet these

challenges and how developments in the constitution state public sphere and economy were a response to foreign policy issues from the Restoration to the rise of New Labour

Politics Of British Foreign Policy In The Era Of Disraeli And

Marvin Swartz,1985-05-07 *The Letters of Richard Cobden: 1860-1865* Richard Cobden,2007

The Letters of Richard Cobden 1804 1865 provides in four printed volumes the first critical edition of Cobden s letters publishing the complete text in as near the original form as possible The letters are accompanied by full scholarly apparatus together with an introduction to each volume which re assesses Cobden s importance in their light Together these volumes make available a unique source of the understanding of British liberalism in its European and international contexts throwing new light on issues such as the repeal of the Corn Laws British radical movements the Crimean War the Indian Mutiny Anglo French relations and the American Civil War The fourth and final volume drawing on some forty six archives worldwide is dominated by Cobden s search for a permanent political legacy at home and abroad following the severe check to his health in the autumn of 1859 In January 1860 he succeeded in negotiating the Anglo French Commercial Treaty a landmark in Anglo French relations designed to bind the two nations closer together and to provide the basis for a Europe united by free trade Yet the Treaty s benefits were threatened by a continuing naval arms race between Britain and France fuelled by what Cobden saw as self interested scare mongering in his tract *The Three Panics* 1862 By 1862 an even bigger danger was the possibility that British industry s need for cotton might precipitate intervention in the American Civil War Much of Cobden s correspondence now centred on the necessity of non intervention and a campaign for the reform of international maritime law while he played a major part in attempts to alleviate the effects of the Cotton Famine in Lancashire In addition to Anglo American relations Cobden the International Man continued to monitor the exercise of British power around the globe He was convinced that the gunboat diplomacy of his prime antagonist Lord Palmerston was ultimately harmful to Britain whose welfare demanded limited military expenditure and the dismantling of the British colonial system Known for a long time as the prophet in the wilderness in 1864 Cobden welcomed Palmerston s inability to intervene in the Schleswig Holstein crisis as a key turning point in Britain s foreign policy which together with the imminent end of the American Civil War opened up the prospect of a new reform movement at home Disappointed with the growing apathy of the entrepreneurs he had once mobilised in the Anti Corn Law League Cobden now promoted the enfranchisement of the working classes as necessary and desirable in order to achieve the reform of the aristocratic state for which he had campaigned since the 1830s

Anthropologists in the Stock Exchange Marc Flandreau,2016-09-19

Uncovering strange plots by early British anthropologists to use scientific status to manipulate the stock market *Anthropologists in the Stock Exchange* tells a provocative story that marries the birth of the social sciences with the exploits of global finance Marc Flandreau tracks a group of Victorian gentleman swindlers as they shuffled between the corridors of the London Stock Exchange and the meeting rooms of learned society showing that anthropological studies were integral to investment and speculation in foreign government debt and inversely that finance

played a crucial role in shaping the contours of human knowledge Flandreau argues that finance and science were at the heart of a new brand of imperialism born during Benjamin Disraeli's first term as Britain's prime minister in the 1860s As anthropologists advocated the study of Miskito Indians or stated their views on a Jamaican rebellion they were in fact catering to the impulses of the stock exchange for their own benefit In this way the very development of the field of anthropology was deeply tied to issues relevant to the financial market from trust to corruption Moreover this book shows how the interplay between anthropology and finance formed the foundational structures of late nineteenth century British imperialism and helped produce essential technologies of globalization as we know it today

A Guide to the Papers of British Cabinet Ministers 1900-1964 Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 A Guide to the Papers of British Cabinet Ministers 1900-1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers

Liberalism and Sociology Stefan Collini, 1979-07-05 In this wide ranging book Stefan Collini deals with the relationship between Liberalism and sociology in late nineteenth and early twentieth century Britain He discusses in particular the crucial contributions of L T Hobhouse the leading Liberal political theorist of the period who is also generally regarded as the Founding Father of British sociology Based upon extensive original research the book draws together themes from three fields which are normally pursued in historiographical isolation It examines the moral and intellectual inspiration of the New Liberalism which came to dominate Edwardian politics explores the nature of the systematic political philosophy in this period and shows how the contemporary understanding of sociology was bound up with attempts to provide a theoretical and historical grounding for the belief in Progress especially in opposition to Social Darwinist and other biological social theories Throughout the intellectual context necessary to a properly historical understanding of these ideas is reconstructed in detail and particular attention is paid to the structure of the moral and political discourse of the time

The Foreign Office Mind T. G. Otte, 2013-08-22 With this pioneering approach to the study of international history T G Otte reconstructs the underlying principles, perceptions and unspoken assumptions that shaped British foreign policy between the death of Palmerston and the outbreak of the First World War Grounded in a wide range of public and private archival sources and drawing on sociological insights The Foreign Office Mind presents a comprehensive analysis of the foreign service as a knowledge based organization rooted in the social and educational background of the diplomatic elite and the broader political, social and cultural fabric of Victorian and Edwardian Britain The book charts how the collective mindset of successive generations of professional diplomats evolved and reacted to and shaped changes in international relations during the second half of the nineteenth century including the balance of power and arms races, the origins of appeasement

and the causes of the First World War **Morality and the Market in Victorian Britain** Geoffrey Russell Searle,1998 In this lively and interesting study G R Searle tackles the conundrum at the heart of Victorian life how could capitalist values be harmonized with Christian beliefs and with concepts of public morality and social duty Middle class Victorians who broadly welcomed industrial growth and embraced the doctrines of political economy were sensitive to the charge that theirs was a selfish and materialistic creed Consequently if public morality was to be reconciled with the market wage labour had to be distinguished from slavery investment from speculation and entrepreneurial acumen from dishonesty and fraud These ideas about citizenship and public virtue offered a greater challenge to rampant capitalism than any pressing need to alleviate poverty Through its exploration of Victorian values this book provides lessons for all those engaged in the present day debate about the moral and social consequences of unleashing free market forces *Thomas Hare and Political Representation in Victorian Britain* F. Parsons,2009-07-30 This book is a history of the emergence and development of the concept of proportional representation and its relation to political theory within the context of nineteenth century British party politics focusing on Thomas Hare 1806 1891 *Financing Urban Government in the Welfare State* Douglas E. Ashford,2023-05-31 First Published in 1980 *Financing Urban Government in the Welfare State* shows how intergovernmental structures have now become the main policy device designed for an earlier age and often for quite different purposes linking national and local policymaking Special attention is given to the historical structures which now form the basis for national local spending and investment decisions and which moderate the increasing interdependence of national and local decisions The so called crisis of urban spending has not emerged as a major problem but each country has sought to modify and adapt old bargaining procedures to the new needs and problems of local government The manner in which this has been done reflects crucially important aspects of the political process in each country Britain France the United States Germany and the Netherlands and does not follow the lines that might be suggested by economic deterministic thinking Essentially each country must work out its historical and institutional compromise between the financial problems of national and local government with politics continuing to have an important explanatory role in understanding contemporary urban development This is an interesting read for scholars and researchers of urban studies urban politics and public policy

Charles Stewart Parnell and His Times N. C. Fleming,Alan O'Day,2011-07-06 Charles Stewart Parnell 1846 1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in *The Times* and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self serving opportunist to the journalists of the *Nation* Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late

nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell's writing Parnell's speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area

Forgotten Patriot J. Lee Thompson, 2007 This work covers the entire sweep of Milner's career exploring fully in themselves overlooked areas including Milner's place in the newspaper information milieu his attempts to bring working men into the Unionist fold before during and after the Great War his conspiratorial role in the 1914 Ulster Crisis his key but mostly forgotten place in the First World War the Peace of Paris and throughout his private life The book reveals as has no other relationships with Margot Tennant later Asquith to whom Milner first proposed marriage his mistress Cecile Duval the novelist Elinor Glyn and his two decades long liaison with Violet Cecil who became his wife in 1921 only four years before Milner's death

BOOK JACKET

When somebody should go to the books stores, search foundation by shop, shelf by shelf, it is in fact problematic. This is why we allow the ebook compilations in this website.
