IN putting together this memoir of my friend George Mallory the help I have received has been too widespread to make individual acknowledgement possible. But there must be two exceptions: the late Mr. Arthur Benson and Mrs. Owen O'Malley. My debt to the former for details of Cambridge days will be evident in Chapter II. Without the co-operation of Mrs. O'Malley the book in its present form would scarcely have been possible at all.

I am indebted to the Mount Everest Committee for permission to make use of the two photographs which face pages 114 and 129.

George Leigh Mallory A Memoir:

George Leigh Mallory David Randall Pye, 1927 *The Mammoth Book of How it Happened - Everest* Jon E. Lewis, 2012-03-01 Beginning with the 1921 attempt on the summit of Everest through to the disasters of the 1990s this work features 30 white knuckle accounts of climbing endeavour on the world's highest mountain with all the tragedy and triumph of humankind's striving for the top of the world by those who know the Death Zone best the climbers of Everest themselves Yet this is more than a cherry picking of great true and exhilarating memoirs of Everest Included are the history of the conquest of Everest and all the natural and cruel beauty of Chomolungma The Mother Goddess of the World **Behind Everest** Kate Nicholson, 2024-07-31 Behind Everest embarks on a captivating exploration that intertwines the remarkable life of Ruth Mallory wife of legendary Everest climber George Mallory with a parallel journey a century later Through examining Ruth's attitude to danger a century ago Kate Nicholson explores our evolving attitudes towards risk and responsibility Kate's quest to understand Ruth takes her to forgotten corners of archives in the UK and USA to conversations with the few remaining people who knew both George and Ruth and into private recollections and precious private collections Using two decades of research the author unveils the real story behind Ruth and George Mallory's marriage shedding light on George's relationships with women such as Jelly d Aranyi Mary Ann O Malley and Stella Cobden Sanderson Stella like Ruth hailed from Arts and Crafts royalty both women were daughters of strong feminists but only Ruth chose to climb Ruth was a natural and accomplished climber a founder member of the first all female rock climbing club in the UK the Pinnacle Club As Kate experiences the challenges and triumphs of rock climbing with that still thriving club she discovers not only the elusive key to George Mallory but also an inspiring and resilient companion in Ruth This book goes beyond expeditions to Everest offering readers a profound glimpse into the real story of the Mallorys Through Ruth's lens the book explores the complexities of marriage the indomitable spirit of early female climbers and the enduring impact of the First World War the League of Nations and the Empire on individual lives This is a non fiction masterpiece that intertwines personal and historical narratives inviting readers to scale the heights of human experience *Journal of the Royal Asiatic Society of Great Britain & Ireland* Royal Asiatic Society of Great Britain and Ireland, 1928 **Bulletin of the Geographical Society of Philadelphia** Geographical Society of Philadelphia, 1927 **The Geographical Journal**, 1927 Includes the Proceedings of the Royal geographical society formerly pub separately The Third Pole Mark Synnott, 2022-04-05 NPR Books We Love selection If you're only going to read one Everest book this decade make it *The Third Pole* A riveting adventure Outside Shivering exhausted gasping for oxygen beyond doubt A hundred year mystery lured veteran climber Mark Synnott into an unlikely expedition up Mount Everest during the spring 2019 season that came to be known as the Year Everest Broke What he found was a gripping human story of impassioned characters from around the globe and a mountain that will consume your soul and your life if you let it The mystery On June 8 1924 George Mallory and Sandy Irvine set out to stand on the roof

of the world where no one had stood before They were last seen eight hundred feet shy of Everest's summit still going strong for the top Could they have succeeded decades before Sir Edmund Hillary and Tenzing Norgay Irvine is believed to have carried a Kodak camera with him to record their attempt but it along with his body had never been found Did the frozen film in that camera have a photograph of Mallory and Irvine on the summit before they disappeared into the clouds never to be seen again Kodak says the film might still be viable Mark Synnott made his own ascent up the infamous North Face along with his friend Renan Ozturk a filmmaker using drones higher than any had previously flown Readers witness first hand how Synnott's quest led him from oxygen deprivation training to archives and museums in England to Kathmandu the Tibetan high plateau and up the North Face into a massive storm The infamous traffic jams of climbers at the very summit immediately resulted in tragic deaths Sherpas revolted Chinese officials turned on Synnott's team An Indian woman miraculously crawled her way to frostbitten survival Synnott himself went off the safety rope one slip and no one would have been able to save him committed to solving the mystery Eleven climbers died on Everest that season all of them mesmerized by an irresistible magic The Third Pole is a rapidly accelerating ride to the limitless joy and horror of human obsession

Viewpoints in Biography Katherine Tappert, 1921 **The Lost Explorer** Conrad Anker, David Roberts, 2013-08-22 In 1999 Conrad Anker found the body of George Mallory on Mount Everest casting an entirely new light on the mystery of the lost explorer On 8 June 1924 George Leigh Mallory and Andrew Sandy Irvine were last seen climbing towards the summit of Everest The clouds closed around them and they were lost to history leaving the world to wonder whether or not they actually reached the summit some 29 years before Edmund Hillary and Tenzing Norgay On 1 May 1999 Conrad Anker one of the world's foremost mountaineers made the momentous discovery Mallory's body lying frozen into the scree at 27 000 feet on Everest's north face Recounting this day the authors go on to assess the clues provided by the body its position and the possibility that Mallory had successfully climbed the Second Step a 90 foot sheer cliff that is the single hardest obstacle on the north face A remarkable story of a charming and immensely able man told by an equally talented modern climber *The Alpine Journal*, 1927 **The Mammoth Book Of Everest** Jon E. Lewis, 2015-06-04 This selection of the very best writing on Everest begins with the first attempts and continues via Mallory's failed bid and Hillary and Tenzing's triumph to the disasters of recent years It features 35 white knuckle accounts of climbing on the world's highest mountain with all the tragedy and triumph of humankind's striving for the top of the world by those who know the Death Zone best the climbers themselves But this is much more than just the best of exhilarating first hand accounts of climbing on Everest It includes the full history of the conquest of Everest and provides an evocative portrait of the cruel natural beauty of Chomolungma The Mother Goddess of the World **Fallen Giants** Maurice Isserman, Stewart Angus Weaver, Dee Molenaar, 2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those

 R. Schrepfer,2005-05-02 From the ancient Appalachians to the high Sierra mountains have always symbolized wilderness for
 Americans Susan Schrepfer unfolds the history of our fascination with high peaks and rugged terrain to tell how mountains
 have played a dramatic role in shaping American ideas about wilderness and its regulation Delving into memoirs and
 histories letters and diaries early photos and old maps Schrepfer especially compares male and female mountaineering
 narratives to show the ways in which gender affected what men and women found to value in rocky heights and how their
 different perceptions together defined the wilderness preservation movement for the nation The Sierra Club in particular
 popularized the mystique of America s mountains and Schrepfer uses its history to develop a sweeping interpretation of
 twentieth century wilderness perceptions and national conservation politics Schrepfer follows men like John Muir Wilderness
 Society cofounder Robert Marshall and the Sierra Club s own David Brower into the mountains and finds them frequently in
 the company of women She tells how mountaineering women shaped their lives through high adventure well before the
 twentieth century participating in Appalachian mountain clubs and joining men as Mazamas mountain goats scaling Oregon s
 Mount Hood From these expeditions Schrepfer examines how women s ideas language and activism helped shape American
 environmentalism just as much as men s parsing the Romantic sublime into its respective masculine and feminine
 components Tracing this history to the 1964 Wilderness Act she also shows how the feminine sublimines continue to flourish in
 the form of ecofeminism and in exploits like the all woman climb of Annapurna in 1978 By explaining why both women and
 men risked their lives in these landscapes how they perceived them and why they wanted to save them Schrepfer also reveals
 the ways in which religion social class ethnicity and nationality shaped the experience of the natural world Full of engaging
 stories that shed new light on a history many believe they already know her book adds subtlety and nuance to the oft told
 annals of the wild and gives readers a new perspective on the wilderness movement and mountaineering *The Saturday*
