*Parliament and Politics in the Age of Asquith and Lloyd George* Cecil Harmsworth, 2016-06-30 Cecil Harmsworth's diary is an account of his time as a Liberal MP under Herbert Asquith and Lloyd George [History Of Australia \(Volumes 5 & 6\)](#) Manning Clark, 1999-09-13 Manning Clark's six volume history is one of the masterpieces of Australian writing It is also one of the most passionately debated visions of Australian history in which the struggle to realise an Australian nation is played out on an epic scale *A History of Australia 1888-1945* covers Federation the Boer War and World War I's Gallipoli It finishes with the story of an emerging Australian identity at the point of its greatest trial the outbreak of World War II This is not a general Australian history it does not attempt to cover all aspects and it is not a definitive or quantitative analysis It is a work of art a living and breathing account of the remaking of a primitive continent history come alive *Letters of Dr. John Brown* John Brown, 1907 [Federation Fathers](#) Crisp F. L., 2013-02-01 The making of the Constitution of the Australian Commonwealth was the work of many hands In this book a distinguished political scientist acknowledges seven of the makers by providing a detailed account of their distinctive contributions to the creation of one nation from six British colonies The result is a valuable study of the political leadership during the Federation period built from left portraits of figures whose role in the struggle for Federation has not so far received the attention it deserves **Directory to gentlemen's seats, villages, &c. in Scotland [afterw.] The county directory of Scotland. Collected and arranged by J. Findlay [and others].** James Findlay (inspector of letter carriers GPO.), 1852 **Morocco close** Andrew Griffiths, 2024-10-23 Occasionally in the course of tracing family history a specific place or event can take hold in the imagination In my case this happened with an ancient tenement in Edinburgh's Canongate which carries the fanciful name of Morocco Close That is where my great grandmother Agnes Reid was born and spent the first years of her childhood It is also where her father died in 1839 My purpose in these pages is to draw the threads that lead to and from Morocco Close breathe some life into its late Georgian and early Victorian inhabitants and bring some order into a very tangled web **The Premiers of New South Wales, 1856-2005: 1856-1901** David Clune, 2006 This is Volume One of an authoritative two volume work containing biographies of the 13 Colonial Premiers to 1901 and the 26 State Premiers in the 20th century up to and including Bob Carr The portraits are detailed scholarly and entertaining Each has a real depth of scholarship while remaining sufficiently concise to satisfy those seeking a quick overview of particular periods or facets of NSW political history Volume One's authors includes acknowledged experts on 19th century Australia such as John Bennett Geoffrey Bolton Alan Powell and Martha Rutledge Volume One and Volume Two are available as individual purchases or as part of the Set A NSW Sesquicentenary of Responsible Government publication [The Writings of George Washington from the Original Manuscript Sources, 1745-1799](#) George Washington, 1782 **A Harmony of the Four Gospels ... **Preaching Eugenics** Christine Rosen,2004-03-04 With our success in mapping the human genome the possibility of

altering our genetic futures has given rise to difficult ethical questions. Although opponents of genetic manipulation frequently raise the specter of eugenics, our contemporary debates about bioethics often take place in a historical vacuum. In fact, American religious leaders raised similarly challenging ethical questions in the first half of the twentieth century. *Preaching Eugenics* tells how Protestant, Catholic, and Jewish leaders confronted and in many cases enthusiastically embraced eugenics, a movement that embodied progressive attitudes about modern science at the time. Christine Rosen argues that religious leaders pursued eugenics precisely when they moved away from traditional religious tenets. The liberals and modernists, those who challenged their churches to embrace modernity, became the eugenics movement's most enthusiastic supporters. Their participation played an important part in the success of the American eugenics movement. In the early twentieth century, leaders of churches and synagogues were forced to defend their faiths on many fronts. They faced new challenges from scientists and intellectuals; they struggled to adapt to the dramatic social changes wrought by immigration and urbanization, and they were often internally divided by doctrinal controversies among modernists, liberals, and fundamentalists. Rosen draws on previously unexplored archival material from the records of the American Eugenics Society, religious and scientific books and periodicals of the day, and the personal papers of religious leaders such as Rev. John Haynes Holmes, Rev. Harry Emerson Fosdick, Rev. John M. Cooper, Rev. John A. Ryan, and biologists Charles Davenport and Ellsworth Huntington to produce an intellectual history of these figures that is both lively and illuminating. The story of how religious leaders confronted one of the era's newest sciences, eugenics, sheds important new light on a time much like our own, when religion and science are engaged in critical and sometimes bitter dialogue.
