

The background of the entire page is a historical painting depicting the surrender of Lord Cornwallis to George Washington. In the foreground, a large, detailed portrait of George Washington is shown in profile, looking towards the right. Behind him, the scene opens up to show a large group of British soldiers in red uniforms surrendering to American soldiers in blue uniforms. A British officer is seen on horseback, surrounded by the American troops. The landscape is a grassy field with a distant city or fort visible on the horizon. The sky is a pale blue with soft clouds. The overall tone is historical and patriotic.

George Washington and President's Day Dorothy Hoobler,1990-01-01 Discusses the life and accomplishments of George Washington and why he deserves to be recognized on Presidents Day *Forthcoming Books* Rose Army,2001

History of the George Washington Bicentennial Celebration ... United States George Washington Bicentennial Commission,1932 **Religious Telescope** ,1906 **Reading the Bible with the Founding Fathers** Daniel L.

Dreisbach,2016-11-01 Dreisbach shows that the Bible was the most frequently referenced book in the political discourse of the American founders Drawing on some of the most familiar rhetoric of the founding era Reading the Bible with the Founding Fathers examines the founders diverse uses of the Bible and how scripture informed their political culture **The Papers of George Washington: August 1755-April 1756** George Washington,1983 The Papers of George Washington a grant funded project was established in 1968 at the University of Virginia under the joint auspices of the University and the Mount Vernon Ladies Association of the Union to publish a comprehensive edition of Washington s correspondence Letters written to Washington as well as letters and documents written by him are being published in the complete edition that will consist of approximately ninety volumes The work is now 2011 more than two thirds complete The edition is supported financially by grants from the National Endowment for the Humanities the National Historical Publications and Records Commission the Mount Vernon Ladies Association the University of Virginia and gifts from private foundations and individuals Today there are copies of over 135 000 Washington documents in the project s document room This is one of the richest collections of American historical manuscripts extant There is almost no facet of research on life and enterprise in the late colonial and early national periods that will not be enhanced by material from these documents The publication of Washington s papers will make this source material available not only to scholars but to all Americans interested in the founding of their nation Publisher The Churchman ,1889 GAO Review ,1981 **Hazard's Register of Pennsylvania** Samuel Hazard,1832 **The Great Frontier War** William Nester,2000-02-28 For more than a century and a half from 1607 to 1763 Britain and France struggled to master the eastern half of North America They fought five blood soaked wars and continuously provoked various Indian tribes to raise arms against each other s subjects for the mastery of the land The last French and Indian War from 1754 to 1760 would dwarf all previous conflicts in the number of troops expense geographical expanse and total casualties Placing the French and Indian War in a broad historical context this study examines the struggle for North America during the two preceding centuries and includes not only the conflict between France and Britain but also the parts played by various Indian tribes and the other European powers The last French and Indian War makes for colorful reading with its array of inept and daring commanders epic heroism among the troops far flung battles and sieges and creaking fleets of warships Ironically America s most famous founder George Washington helped to spark the war first by trudging through the wilderness in the dead of winter with a message from Virginia Governor Dinwiddie to the French to

abandon their forts in the upper Ohio River valley then a half year later by ordering the war's first shots when his troops ambushed Captain Jumonville and finally when he ignominiously surrendered his force at Fort Necessity and unwittingly signed a surrender document in French naming himself Jumonville's assassin Topical chapters discuss the economic political social and military attributes of the participants and narrative chapters examine the campaigns of the war's first two years

Democratic Review, 1852 **Normal Instructor and Primary Plans**, 1914 The Papers of George Washington: 1 June-31 August 1793 George Washington, 1987 The Papers of George Washington a grant funded project was established in 1968 at the University of Virginia under the joint auspices of the University and the Mount Vernon Ladies Association of the Union to publish a comprehensive edition of Washington's correspondence Letters written to Washington as well as letters and documents written by him are being published in the complete edition that will consist of approximately ninety volumes The work is now 2011 more than two thirds complete The edition is supported financially by grants from the National Endowment for the Humanities the National Historical Publications and Records Commission the Mount Vernon Ladies Association the University of Virginia and gifts from private foundations and individuals Today there are copies of over 135 000 Washington documents in the project's document room This is one of the richest collections of American historical manuscripts extant There is almost no facet of research on life and enterprise in the late colonial and early national periods that will not be enhanced by material from these documents The publication of Washington's papers will make this source material available not only to scholars but to all Americans interested in the founding of their nation Publisher **Register of Debates in Congress** United States. Congress, 1831 **In Our Own Words** Robert G. Torricelli, Andrew Carroll, 2000-10 Presents a collection of oratory including sermons speeches courtroom arguments radio broadcasts eulogies and commencement addresses *Washington's Revolution* Robert Middlekauff, 2015-02-03 A vivid insightful essential new account of the formative years that shaped a callow George Washington into an extraordinary leader from the Bancroft Prize winner and Pulitzer Prize finalist Robert Middlekauff George Washington was famously unknowable a man of deep passions hidden behind a facade of rigid self control Yet before he was a great general and president Washington was a young man prone to peevishness and a volcanic temper His greatness as a leader evolved over time the product of experience and maturity but also a willed effort to restrain his wilder impulses Focusing on Washington's early years Robert Middlekauff penetrates his mystique revealing his all too human fears values and passions Rich in psychological detail regarding Washington's temperament idiosyncrasies and experiences this book shows a self conscious Washington who grew in confidence and experience as a young soldier businessman and Virginia gentleman and who was transformed into a patriot by the revolutionary ferment of the 1760s and 70s Taking command of an army in constant dire need of adequate food weapons and at times even clothing and shoes Washington displayed incredible persistence and resourcefulness growing into a leader who both understood and defined the crucial role of the army in the formation of a new American society

Middlekauff makes clear that Washington was at the heart of not just the revolution's course and outcome but also the success of the nation it produced. This is an indispensable book for truly understanding one of America's great figures.
