Coakley, Stetson Conn, 1975 The War of the American Revolution Robert W. Coakley, Stetson Conn, 1975 **American Primary Teacher** , 1897 Was America Founded as a Christian Nation? Revised Edition John Fea, 2016-10-01 John Fea offers a thoroughly researched evenhanded primer on whether America was founded to be a Christian nation as many evangelicals assert or a secular state as others contend He approaches the title s question from a historical perspective helping readers see past the emotional rhetoric of today to the recorded facts of our past This updated edition reports on the

many issues that have arisen in recent years concerning religion's place in American society including the Supreme Court decision on same sex marriage contraception and the Affordable Care Act and state level restrictions on abortion and demonstrates how they lead us to the question of whether the United States was or is a Christian nation Fea relates the history of these and other developments pointing to the underlying questions of national religious identity inherent in each We live in a sound bite culture that makes it difficult to have any sustained dialogue on these historical issues Fea writes in his preface It is easy for those who argue that America is a Christian nation and those who do not to appear on radio or television programs quote from one of the founders or one of the nation's founding documents and sway people to their positions These kinds of arguments which can often be contentious do nothing to help us unravel a very complicated historical puzzle about the relationship between Christianity and America's founding *Military History of the American Revolution* Betsy C.
