A Race Against Time

The Northwestern Hawaiian Islands, 1978

The Voyage of George Vancouver, 1791-1795 W. Kaye Lamb, 2017-05-15 Four of the greatest maritime exploring expeditions were crammed into two decades late in the 18th century Cook's third voyage the French expedition commanded by Lapérouse the Malaspina expedition sent out by Spain and George Vancouver's Voyage of Discovery All four visited the northwest coast of North America but weather and circumstances prevented Cook from making more than what Beaglehole calls a magnificent reconnaissance Lapérouse only touched the coast in a significant way at Yakutat Bay and Lituya Bay and Malaspina's memorable visits were to Yakutat Bay and Nootka Sound Vancouver by contrast surveyed the enormous extent of coast from Lower California to Cook Inlet and his meticulous survey literally set out on the map of the world the intricacies of Puget Sound and the western coast

of mainland Canada It was an achievement that places him with his mentor Cook in the first rank of marine surveyors As a midshipman Vancouver had been with Cook when he discovered the Sandwich Hawaiian Islands in 1778 They attracted his interest and the attention he devoted to the islands their inhabitants and their political future when he twice later wintered there will surprise many This is the first annotated edition of Vancouver s journal as he revised it for publication in 1798 The original manuscript has disappeared but fortunately no fewer than 25 partial or complete logs or journals by other members of the expedition have survived These supplement Vancouver s narrative at many points It has been possible to identify virtually all the host of islands channels and inlets that Vancouver encountered and the provenance of most of the approximately 400 place names he bestowed nine out of ten of which are still in use is indicated Book 1 of a new and annotated edition of *A Voyage of Discovery* London 1798 The main pagination of this and the following three volumes is continuous The voyage to Australia and Tahiti

Mills, 2002-02-28 In the early 1800s thousands of American and European traders arrived in Hawai i to lay in supplies for the long trip east or to take on Hawaiian sandalwood which commanded a high price in China In response to this developing global economy in the Pacific Russia expanded its trading outposts as far as western Kaua i and together with Kaua i chiefs began planning the construction of Fort Elisabeth in Waimea in 1816 A year later the structure was abandoned by the Russians but as Peter Mills argues convincingly a long and significant history of the fort remains to be told even after its Russian one had ended Seeking to redress the imbalance that exists between the colonized and the colonizers in Pacific historiography Mills examines the fort and its place in the history of Kaua i under paramount chief Kaumuali i and in relation to the expanding kingdom of Kamehameha and his successors His work exposes how Hawaiians have been ignored in their own history and challenges commonly held assumptions such as Kamehameha s unification of the Islands in 1810 and the victimization of Kaumuali i by representatives of the Russian American Company Using hundreds of firsthand accounts in combination with field archaeology Mills shows that the fort was originally built and used by Hawaiians as a heiau ritual temple After the Russians departure Hawaiians continued to use the fort but in ways that reflected an ongoing transformation of cultural values provoked by contact with outsiders and the development of multiethnic communities in Waimea and other port settlements throughout the Hawaiian chain Hawai i s Russian Adventure is an original look at a significant chapter in the history of Hawai i It overturns many popular myths and perceptions about the fort at Waimea and about European and Hawaiian interaction in the first half of the nineteenth century while delving into some of the central issues in historical anthropology colonialism and the development of global networks
