**Women, Diplomacy and International Politics since 1500** Glenda Sluga, Carolyn James, 2015-06-12

**Women Diplomacy and International Politics since 1500** explores the role of women as agents of diplomacy in the trans Atlantic world since the early modern age Despite increasing evidence of their involvement in political life across the centuries the core historical narrative of international politics remains notably depleted of women This collection challenges this perspective Chapters cover a wide range of geographical contexts including Europe Russia Britain and the United States and trace the diversity of women s activities and the significance of their contributions Together these essays open up the field to include a broader interpretation of diplomatic work such as the unofficial avenues of lobbying negotiation and political representation that made women central diplomatic players in the salons courts and boudoirs of Europe Through a selection of case studies the book throws into new perspective the operations of political power in local and national domains bridging and at times reconceptualising the relationship of the private to the public

**Women Diplomacy and International Politics since 1500** is essential reading for all those interested in the history of diplomacy and the rise of international politics over the past five centuries

**The US Senate and the Commonwealth** Mitch McConnell, Roy E. Brownell III, 2019-06-07 Kentucky has long punched above its weight in the US Senate as some of the nation s most distinguished senators have hailed from the Commonwealth Despite its relatively small population for much of American history Kentucky has produced a record two Senate majority leaders a record three Senate majority whips and one of the country s greatest lawmakers Henry Clay These Kentuckians played an important role in the evolution of leadership institutions in the Senate Official positions such as Senate majority leader and majority whip are nowhere to be found in the Constitution or early American history yet today these offices have essentially eclipsed the constitutionally created legislative

leadership positions of vice president and president pro tempore While Kentucky senators have played a vital role in leading the Senate and in its institutional history no book has told the story in its entirety The US Senate and the Commonwealth is the first book of its kind to provide a detailed yet accessible discussion of the US Senate's leadership throughout its 225 year history Senator Mitch McConnell and Roy E Brownell II weave together the history of the Senate with lively portraits of prominent Kentucky senators as well as firsthand reflections about legislative leadership by a Senate majority leader The authors illuminate and humanize this discussion by exploring the colorful and vivid lives of fifteen Kentucky lawmakers including Henry Clay Alben Barkley and John Sherman Cooper This compelling and fascinating study is an essential resource

winning author of *A WOMAN OF NO IMPORTANCE* an electrifying re examination of one of the 20th century's greatest unsung power players When Pamela Churchill Harriman died in 1997 the obituaries that followed were predictably scathing and many were downright sexist Written off as a mere courtesan and social climber her true legacy was overshadowed by a glamorous social life and her infamous erotic adventures Much of what she did behind the scenes on both sides of the Atlantic remained invisible and secret That is until now with a wealth of fresh research interviews and newly discovered sources Sonia Purnell unveils for the first time the full spectacular story of how she left an indelible mark on the world today At age 20 Churchill's beloved daughter in law became a secret weapon during World War II strategically wining dining and seducing diplomats and generals to help win over American sentiment and secrets to the British cause against Hitler After the war she helped to transform Fiat heir Gianni Agnelli into Italy's uncrowned king on the international stage and after moving to the US brought a struggling Democratic party back to life hand picking Bill Clinton from obscurity and vaulting him to the presidency Picked as Ambassador to France she deployed her legendary subtle powers to charm world leaders and help efforts to bring peace to Bosnia playing her part in what was arguably the high water mark of American global supremacy There are few at any time who have operated as close to the center of power over five decades and two continents and there is practically no one in 20th Century politics culture and fashion whose lives she did not touch including the Kennedys Truman Capote Aly Khan Kay Graham Gloria Steinem Ed Murrow and Frank Sinatra Written with the novelistic richness and investigative rigor that only Sonia Purnell could bring to this story full of sex politics yachts palaces and fabulous clothes *KINGMAKER* re asserts Harriman's rightful place at the heart of history **Joe and Marilyn C. David Heymann**, 2014-07 Traces the passionate and sometimes volatile relationship between Joe DiMaggio and Marilyn Monroe covering their sensational 1954 elopement and the troubles that led to their divorce nine months later *The CIA* Hugh Wilford, 2024-06-04 In this superb Kathryn Olmsted new history of American intelligence a celebrated historian uncovers how the CIA became the foremost defender of America's covert global empire As World War II ended the United States stood as the dominant power on the world stage In 1947 to support its new global status it created the CIA to analyze foreign intelligence But within a few years the Agency was engaged in other operations bolstering pro American governments overthrowing nationalist leaders and surveilling anti imperial dissenters at home The Cold War was an obvious reason for this transformation but not the only one In *The CIA* celebrated intelligence historian Hugh Wilford draws on decades of research to show the Agency as part of a larger picture the history of Western empire While young CIA officers imagined themselves as British imperial agents like T E Lawrence successive US presidents used the covert powers of the Agency to hide overseas interventions from postcolonial foreigners and anti imperial Americans alike Even the CIA's post 9 11 global hunt for terrorists was haunted by the ghosts of empires past Comprehensive original and gripping *The CIA* is the story of the birth of a new imperial order in the shadows It offers the most complete account yet of how America adopted

unaccountable power and secrecy abroad and at home

### **Murder Orthodoxies: A Non-Conspiracist's View of Marilyn**

**Monroe's Death** Donald R. McGovern, 2018-05-04 Perhaps no one's death has stirred more interest, controversy and theories than Marilyn Monroe's August 4 of 1962. In *Murder Orthodoxies*, author Donald R. McGovern analyzes and examines the many theories that Monroe was murdered by a host of curious characters: from the middle Kennedy brothers to brutal gangsters to aliens. McGovern separates fact from fiction and theory from outlandish rumor. He addresses and debunks the usual allegations related to Monroe's death: the secrets recorded in her little red diary, her scheduled whistle-blowing press conference, the murder plots by organized crime and the brothers Kennedy, and the fatal injection of drugs along with many others. In *Murder Orthodoxies*, McGovern restores logic and sanity to the investigation of Monroe's death. His thesis is based upon the premise that the engines of conspiracies are started and fueled by opinion, not by facts. His credible conclusions are based on logic, science, toxicology, and forensic evidence.

### **Mary's Mosaic** Peter Janney, 2016-09-13

Explores the murder of Mary Pinchot Meyer and her connection to President Kennedy. Ideal book for fans of *The Devil's Chessboard* by David Talbot, *The Reporter Who Knew Too Much* by Dorothy Kilgallen, *Dr. Mary's Monkey* by Edward T. Haslam, and other JFK conspiracy books. Updated edition of the true crime expose including new evidence and government documents corroborating the conspiracy to assassinate JFK's trusted ally and final true love. The death of Mary Meyer left many Americans with questions: Who really killed her? Why did CIA counterintelligence chief James Angleton rush to find and confiscate her diary? Had she discovered the plan to assassinate her lover, President Kennedy, with the trail of information ending at the steps of the CIA? Was it only coincidence that she was killed less than three weeks after the release of the Warren Commission Report? Fans of *The Murder of Mary Russell JFK: A Vision for America* and other JFK books will love *Mary's Mosaic*. Building and relying on years of interviews and painstaking research, author Peter Janney follows the key events and influences in Mary Pinchot Meyer's life: her first meeting with Jack Kennedy, her support of her secret lover, President Kennedy, as he worked towards the pursuit of world peace and away from the Cold War, and her exploration of psychedelic drugs. Fifty years after the assassinations of President Kennedy and Mary Meyer, this book helps readers understand why both took place. Author Peter Janney fought for two years to obtain documents from the National Personnel Records Center and the US Army to complete this third edition. It includes a final chapter about the mystery man who could be the missing piece to learn the truth behind Meyer's murder.
