## **Géricault And His Work:**

**Géricault and His Work** Klaus Berger,1955      Géricault, His Life and Work Lorenz Eitner,1983      **Theodore Géricault, Painting Black Bodies** Albert Alhadeff,2020-04-07 This book examines Theodore Géricault's images of black men, women and children who suffered slavery's trans-Atlantic passage in the late eighteenth and early nineteenth centuries including his 1819 painting *The Raft of the Medusa*. The book focuses on Géricault's depiction of black people, his approach towards slavery and the voices that advanced or denigrated them. By turning to documents, essays and critiques both before and after Waterloo 1815 and most importantly Géricault's own oeuvre, this study explores the fetters of slavery that Géricault challenged alongside a growing number of abolitionists, overtly or covertly. This book will be of interest to scholars in art history, race and ethnic studies and students of modernism.      *The Works of Eminent Masters in Painting, Sculpture, Architecture and Decorative Art*, 185?      *Encyclopedia of the Romantic Era, 1760-1850* Christopher John Murray,2013-05-13 In 850 analytical articles, this two-volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century. The Encyclopedia provides readers with a clear, detailed and accurate reference source on the literature, thought, music and art of the period, demonstrating the rich interplay of international influences and cross-currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism.      *European Painting and Sculpture, ca. 1770-1937, in the Museum of Art, Rhode Island School of Design* Rhode Island School of Design. Museum of Art,1991 This book documents the distinguished collection of European art from the late eighteenth through the early twentieth centuries that forms a significant part of the collections belonging to the Museum of Art, Rhode Island School of Design. This book includes stunning canvases by Géricault, Delacroix, Degas, Manet, Monet, Cézanne, Renoir, Picasso and Matisse. What makes the collection so noteworthy are the extraordinary works by unknown artists and the unknown works by known artists.      **The Wrightsman Pictures** Jayne Wrightsman,2005 This lavish catalogue presents 150 European paintings, pastels and drawings from the late fifteenth to the mid-nineteenth century that have been given to the Metropolitan Museum by Mr and Mrs Charles Wrightsman or are still held in Mrs Wrightsman's private collection. These notable works were collected over the past four decades, many of them with the Museum in mind; some were purchased by the Museum through the Wrightsman Fund. Highlights of the book include masterpieces by Vermeer, El Greco, Rubens, Van Dyck, Georges de La Tour, Jacques-Louis David and Caspar David Friedrich, as well as numerous paintings by the eighteenth-century Venetian artists Canaletto, Guardi and the Tiepolos, father and son, plus a dozen remarkable portrait drawings by Ingres. Each work is reproduced in color and is accompanied by a short essay.      Art and Letters, 1889      Saturday Review, 1869      **The Works of Eminent Masters, in Painting, Sculpture, Architecture, and Decorative Arts**, 1854      **Painting and Sculpture in Europe 1780-1880** Fritz Novotny,1995-01-01 From the Classicism of Jacques-Louis David to the Realism of Courbet and the Early Impressionism of

Renoir this book outlines the course taken by painting and sculpture in Europe during the 19th century Faced with the untidy sprawl of individualism which followed the French Revolution and threw up isolated geniuses like Goya the author nevertheless charts the currents in what was predominantly a century of Naturalism and also whilst artists were increasingly preoccupied with the inner man of great landscape painting when Friedrich Corot and the Impressionists proper added light and atmosphere to the former achievements of the great Dutch masters      **The Victorian Visitors** Rupert

Christiansen,2002-08-20 In the nineteenth century London was a city of big money large audiences and creative dynamism In *The Victorian Visitors* Rupert Christiansen lucidly captures the city to which visitors went in search of the artistic fervor fame and wealth that only London could offer The great French painter Theodore Gericault escaped to London after a disappointing reception in Paris to show his painting *Raft of the Medusa* The high pitch and hustle of London life influenced the fecundity and variety of several of his paintings including *Derby d Epsom* Composer Richard Wagner went for the first time in search of money but was disappointed to find the audiences indiscriminating the musicians poorly trained and the weather depressing Writing to his friend Liszt in a frenzy of despair he said I live here like a damned soul in hell Then there was the demon Australian bowler Frederick Spofforth who changed the course of English cricket      *The Saturday Review of Politics, Literature, Science and Art* ,1869      *A Brief History of the Painters of All Schools* Louis Viardot,1877      *The gaits, exterior and proportions of the horse*. Transl Émile Duhousset,1896      **Triumphs and Wonders of the 19th Century**

James Penny Boyd,1899      **Husbands, Wives, and Lovers** Patricia Mainardi,2003-01-01 In this interdisciplinary exploration of the cultural and social history of early 19th century France Patricia Mainardi focuses on what was considered a major social problem of the time adultery In a period when expectations about marriage were changing the problems of husbands wives and lovers became a major theme in theatre literature and the visual arts The author demonstrates that this intense interest was historically grounded in the post revolutionary collision between the new concept of the individual s right to happiness and the traditional prerogatives of family and state duty or happiness more important Are arranged marriages doomed to be empty of love and poisoned by adultery Should adulterous wives and their lovers be punished while husbands may commit adultery with impunity Out of such legal social and cultural debates ultimately emerged modern bourgeois family values Mainardi argues And she illuminates how art in all its varieties both influences and is influenced by social change      **"The" Encyclopaedia Britannica** ,1879      *The Encyclopædia Britannica* ,1895      **The Encyclopaedia Britannica** Day Otis Kellogg,Thomas Spencer Baynes,William Robertson Smith,1902
