drawings and photographs this book is simply the best reference for any modelmaker setting out to build any of these numerous escort types Praise for British Escort Destroyers of the Second World War Another excellent addition to the ShipCraft series I enjoy building the occasional model warship and have a few destroyers Not only did I find plenty of inspiration in here but a number of model producers that I wasn't aware of before There is also a bibliography at the back which provides plenty of good reference books along with a list of useful websites Another very nice addition to the series Military Model Scene REAL COLORS AIRCRAFT , Only available English language Limited Numbered book The Real Colors for aircraft models could not be introduced without releasing a special book devoted to this subject Renowned researchers Maciej G ralczyk Gerald T H gl J rgen Kiroff Nicholas Millman and Mikhail V Orlov teamed up in order to produce the most up to date reference book on the aircraft colors of the main WWII adversaries Germany United States Great Britain and Soviet Union The resulting study is a comprehensive guide to the colors and camouflage schemes presented on 292 pages and illustrated with 42 color profiles several document reprints and 390 b w and color photos many of which are very rare Included is the latest information on the Luftwaffe's late war colors which have been reproduced as scale colors on the basis of the original paint factory recipes by Gerald T H gl and J rgen Kiroff For the very first time the unparalleled research on the Soviet Air Force colors done by Mikhail V Orlov is introduced to the non Russian readers Nicholas Millman's archival research brings us accurate reproduction and description of the colors used by the USAAF US Navy and RAF FAA This book is a true must have for anyone with even a slight interest in WWII aircraft colors *AK4817 - TANKER TECHNIQUES MAGAZINE 03* , The initial welcoming critics and comments received about this magazine have been a lot more positive than we had ever expected This makes us keep pushing to maintain and improve the quality and contents of this already reference magazine This is an unconventional and collectable quarterly magazine with more than 100 pages and a must have for AFV modellers With wider content than any other magazine it is dedicated in this issue to represent dust and grime and also packed with different techniques tricks interviews and galleries **Tupolev Tu-2** Jason Nicholas Moore,2017-01-20 *USS Constitution, 44-gun frigate, 1797* Kerry Jang,2025-08-30 The ShipCraft series provides in depth information about building and modifying model kits of famous warships In general these cover plastic and resin models of 20th century subjects but like the previous volumes on Nelson's Victory and Captain Bligh's Bounty this is a radical departure not only a period sailing ship but one for which kits are available in many different materials and scales This requires some changes to the standard approach but the main features of the series remain constant Now preserved in Boston harbour USS Constitution is the oldest commissioned warship still afloat One of the original building programmes of 1794 for the newly established US Navy the ship would enjoy a stellar career beginning with the Quasi War with France and the campaigns against the Barbary states of north Africa However it was the War of 1812 that established the fame of the ship that became known as Old Ironsides following her victories over two British frigates and a number of smaller warships a

potent symbol of national pride that kept the ship in commission until the 1880s In the course of this long service the ship's appearance was altered significantly and many of the features of the ship as commonly modelled are actually the product of later and not historically consistent reconstructions A major achievement of this volume is to detail these changes as accurately as evidence allows and to reconstruct the probable colour schemes carried at the most significant stages of her career The modelling section reviews the strengths and weaknesses of available kits lists commercial accessory sets for super detailing and provides hints on modifying and improving the basic kit including the complexities of rigging This is followed by an extensive photographic gallery of selected high quality models in a variety of scales and coverage concludes with a section on research references books monographs large scale plans and relevant websites Following the pattern of the series this book provides an unparalleled level of visual information paint schemes models line drawings and photographs and is simply the best reference for anyone setting out to model this famous frigate
