

THE GERMAN POLITY

TWELFTH EDITION

ERIC LANGENBACHER

German Polity

**Klaus Larres, Holger Moroff, Ruth
Wittlinger**

German Polity:

The German Polity David P. Conradt, 2005 Completely updated this comprehensive yet concise introduction to modern German politics emphasizes the changes that have taken place over the past half century as well as the policy problems facing Germany today The Historical Setting Putting Germany Back Together Again Unification and Its Aftermath The Social and Economic Setting Political Culture Participation and Civil Liberties Parliament and Executive Administration Semipublic Institutions and Courts Federalism and Local Government The Future Anyone interested in German politics [The German Polity](#) Eric Langenbacher, David P. Conradt, 2017-02-16 This thoroughly revised and updated edition provides a comprehensive introduction to contemporary Germany one of the world's leading economic and political powers Tracing the country's transformation since World War II the authors provide an in depth guide to Germany's institutions actors and challenges *The German Polity* David P. Conradt, Eric Langenbacher, 2013-03-18 This thoroughly revised and updated edition of *The German Polity* provides a comprehensive introduction to contemporary German politics focusing especially on the recovery of the economy and Germany's growing power in Europe and beyond Looking back David P Conradt and Eric Langenbacher trace the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the authors explain and assess its major institutions actors and issues Looking forward they explore the looming economic security and demographic challenges the political system must address in the years to come **The Assimilation of German Expellees into the West German Polity and Society Since 1945** B.G. Lattimore Jr., 2012-12-06 The expulsions of German nationals from former Reich territories east of the Oder Neisse Rivers and of German minority communities from various Eastern European nations following the collapse of the Nazi regime in 1945 constitute one of the least appreciated consequences of the Second World War Numbering some ten million people this group formed nearly a fifth of the total population of the new West German state which emerged in 1949 and presented a grave threat to its early stability The state Land which received the greatest number of these largely destitute expellees in proportion to its indigenous population was Schleswig Holstein in the years between 1945 and 1948 its population doubled This predominately agrarian area underwent severe strains in accommodating these newcomers and its handling of the expellee problem provided a bench mark for the evaluation of the assimilation process throughout the Federal Republic While the tracing of the assimilation of the expellees into the West German polity and society has been voluminously documented l at the national level much less research into the process has been conducted at the state and local levels The principal reason for this seems to lie in the belief that the process has been success fully completed at these lower levels and may be considered a 1 The classic treatment of the first decade and a half of the assimilation process from the national level is Eugen Lemberg and Friedrich Edding eds **The Oxford Handbook of German Politics** Klaus Larres, Holger Moroff, Ruth Wittlinger, 2022 Few countries have caused or experienced more calamities in the 20th century than Germany

This handbook provides a comprehensive overview of some of the major issues of German domestic politics economics foreign policy and culture by leading experts in their respective fields

The Routledge Handbook of German Politics & Culture Sarah Colvin, 2014-11-27 The Routledge Handbook of German Politics and Culture offers a wide ranging and authoritative account of Germany in the 21st century It gathers the expertise of internationally leading scholars of German culture politics and society to explore and explain historical pathways to contemporary Germany the current Berlin Republic society and diversity Germany and Europe Germany and the world This is an essential resource for students researchers and all those looking to understand contemporary German politics and culture

Germany in the Twentieth Century (RLE: German Politics) David Childs, 2014-12-17 The book traces the development of Germany from the Kaiser's Reich in the 1870s to the reunited democratic state led by Helmut Kohl in the 1990s The author begins by countering the popular view of Germany before 1914 as irredeemably reactionary and after assessing Germany's part in the First World War he outlines the rise and fall of the Weimar Republic The 12 years of Hitler's destructive experiment are presented in a balanced way as part of the overall development of the country Germany in defeat is then discussed as is her rebirth under Four Power occupation The last chapters explore the two separate German states and the events leading up to the restoration of German unity

Continuity and Change in German Politics Stephen Padgett, Thomas Poguntke, 2002 Over three decades Gordon Smith has written authoritatively and with style on almost every aspect of German politics In this volume leading UK and German scholars use themes from his work in an examination of the evolution of German policy in the face of socio economic change globalisation European integration and the domestic upheaval of unification

German politics today Geoffrey Roberts, 2016-04-30 A comprehensive overview of the structures and influences of politics in Germany which covers both historical and recent events

Developments in German Politics 3 Stephen Padgett, Gordon Smith, William E. Paterson, 1992 Once the miracle economy of the continent Germany now staggers under the massive cost burden of unification while it struggles to come to terms with global economic change Failure to confront the underlying economic weakness has discredited political institutions and patterns of political behavior that were once regarded as the efficient secret of economic success The country stands at the crossroads between economic reform and a spiral of economic decline with unpredictable fallout Bringing together entirely new chapters by leading authorities in the field

Developments in German Politics 3 examines the unfolding crisis of German political economy its repercussions for polity politics and policy and the consequences for Germany's role in Europe and the wider world Like its predecessors this book will be of interest to all concerned with European politics and will be necessary reading for students of German politics and society Contributors David P Conradt Russell J Dalton Kenneth Dyson Klaus H Goetz Simon Green Adrian Hyde Price Charlie Jeffery Stephen Padgett William E Paterson Wolfgang R dig Martin Seeleib Kaiser Gordon Smith Roland Sturm

The German Polity Eric Langenbacher, 2021-07-29 This thoroughly revised and updated edition provides a comprehensive introduction to

contemporary Germany one of the world's foremost economic and political powers During a series of profound crises over the last decade including migration challenges Brexit and the Covid 19 pandemic Germany has emerged as the undisputed leader of the European Union One of the world's strongest economies it exports goods services and ideas around the world In foreign policy it has taken on a more prominent role especially with its pursuit of soft power Yet as adept as German policy making has been the challenges have produced strains that reveal the limits of German influence Moreover after sixteen years in power Chancellor Angela Merkel will retire and new leadership will guide the country through the 2020s Looking back Eric Langenbacher traces the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the author explains and assesses its major institutions actors and issues Looking forward he explores the looming economic security and demographic challenges Germany must address in the years to come

Political Culture and Constitutionalism Daniel P. Franklin, Michael J. Baun, 1995 Contributors discuss the societal factors necessary for building a democratic state Essays address subjects such as political culture and constitutionalism in Britain and America constitutionalism in remade democracies such as Japan and Germany and constitutionalism and modernization in the semiperiphery and in post colonial states Paper edition unseen 20 00 Annotation copyright by Book News Inc Portland OR

International Theory and German Foreign Policy Jakub Eberle, Alister Miskimmon, 2022-06-23 The central aim of this book is to foster connections between scholarly discussions of German foreign policy and broader theoretical debates in International Relations and beyond While there has been a lively discussion about new German foreign policy this book argues that it has not engaged substantially with international and foreign policy theory especially with respect to its more recent developments Reviewing the recent literature on German foreign policy this book posits that the most discussed works are still largely provided by the Altmeister Maull Szabo Bulmer and Paterson who were already dominating the field a quarter of a century ago While there is a general decline in the academic study of German foreign policy the chapters in this edited volume show that a range of novel theoretically sophisticated but often disconnected scholarship has appeared on the margins This book contributes to this emerging work by providing conceptual interrogations which question the existing research and provide theoretically grounded alternatives initiating critical discussions and evaluations of the nature of Germany's actorness and the environment in which it operates and proposing applications of less familiar perspectives on German foreign policy The chapters in this book were originally published as a special issue of German Politics

Foreign Policy in Comparative Perspective Ryan K. Beasley, Juliet Kaarbo, Jeffrey S. Lantis, Michael T. Snarr, 2012-04-25 Widely regarded as the most comprehensive comparative foreign policy text Foreign Policy in Comparative Perspective has been completely updated in this much anticipated second edition Exploring the foreign policies of thirteen nations both major and emerging players and representing all regions of the world chapter authors link the study of international relations to domestic politics while treating each nation according to individual histories and

contemporary dilemmas The book's accessible theoretical framework is designed to enable comparative analysis helping students discern patterns to understand why a state acts as it does in foreign affairs **Max Weber and German Politics, 1890-1920** Wolfgang J. Mommsen, 1990-07-25 A major work of German historiography this comprehensive account of Weber's political views and activities reveals that paradoxically Weber was at once an ardent liberal and a determined German nationalist and imperialist Wolfgang J Mommsen shows the important links between these seemingly conflicting positions and provides a critique of Weber's sociology of power and his concept of democratic rule First published in German in 1959 Max Weber and German Politics appeared in a revised edition in 1974 and became available in an English translation only in 1984 In writing this work Mommsen drew extensively on Weber's published and unpublished essays newspaper articles memoranda and correspondence **German Policy-Making and Eastern Enlargement of the European Union During the Ko**

Stephen Collins, 2002 Fully revised and updated this fourth edition is a comprehensive introduction to the politics of the Irish republic Includes coverage of the 1997 general election and the creation of a new coalition of Fianna Fail and the Progressive Democrats under Bertie Ahern that year Examines the implications of a written constitution changes in the party system the power of major interest groups the role of the civil service the position of the media and membership of the European union Places the Republic in its international political context examining its relationship with Britain and the United States and includes full coverage of recent developments such as the Good Friday Agreement and the Celtic Tiger economy Reflecting recent developments in Irish politics the book now has an entire chapter devoted to political corruption

West German Politics Lewis Joachim Edinger, 1986 Moving deftly among literary and visual arts as well as the modern critical canon Christopher Prendergast's book explores the meaning and value of representation as both a philosophical challenge What does it mean to create an image that stands for something absent and a political issue Who has the right to represent whom The Triangle of Representation raises a range of theoretical historical and aesthetic questions and offers subtle readings of such cultural critics as Raymond Williams Paul de Man Edward Said Walter Benjamin and Hélène Cixous in addition to penetrating investigations of visual artists like Gros Ingres and Matisse and significant insights into Proust and the onus of translating him Above all Prendergast's work is a striking display of how a firm grounding in theory is essential for the exploration of art and literature **Forty Years of German-American Political Relations** Jeannette Keim, 1919

Developments in German Politics 2 Gordon Smith, Gordon R. Smith, William E. Paterson, Stephen Padgett, 1996 Part One discusses the nature of the unified state electoral behavior the new party system and changing territorial balances Part Two looks at Germany's new international position through analyses of foreign policy security policy and Germany's relationship to the European Community Part Three examines economic social and environmental policy while Part Four addresses questions of immigration and the labor market women and a new German identity **Readers' Guide to**

Periodical Literature Anna Lorraine Guthrie, Bertha Tannehill, Neltje Marie Tannehill Shimer, 1919

Fuel your quest for knowledge with Learn from is thought-provoking masterpiece, Explore **German Polity** .
