Redefining Reparations Lorena De Vita, Constantin Goschler, 2025-03-24 This edited volume offers a new interpretation of the historically momentous 1952 Wassenaar negotiations between representatives of the Federal Republic of Germany, Israel and the Jewish Claims Conference to negotiate reparations, compensation and restitution in the aftermath of the Holocaust. 1952 marked the first time that reparations were the subject of negotiations between representatives of victims and perpetrators following mass human rights violations and genocide. The reparations program that Germany established after the Holocaust eventually became a point of reference for many calling for reparations to deal with the aftermath of other atrocities from colonialism to slavery in contexts as diverse as Namibia, the United States and beyond. Combining perspectives from history, anthropology, international relations and transitional justice, this volume reassesses the course and global legacy of these negotiations. The book's holistic and nuanced intervention in the study of the politics of repair makes it essential reading for students of history, law, transitional justice and political science interested in the complex topic of reparations.

Contemporary Responses to the Holocaust Konrad Kwiet, Jürgen Matthäus, 2004-11-30 The murder of six million Jews during the Holocaust is a crime that has had a lasting and massive impact on our time. Despite the immense ever-increasing body of Holocaust literature and representation, no single interpretation can provide definitive answers. Shaped by different historical experiences, political and national interests, our approximations of the Holocaust remain elusive. Holocaust responses, past, present and future, reflect our changing understanding of history and the shifting landscapes of memory. This book takes stock of the attempts within and across nations to come to terms with the murders. Volume editors establish the thematic and conceptual framework within which the

various Holocaust responses are being analyzed Specific chapters cover responses in Germany and in Eastern Europe the Holocaust industry Jewish ultra Orthodox reflections and the Jewish intellectuals search for a new Jewish identity Experts comment upon the changes in Christian Jewish relations since the Holocaust the issue of restitution and post 1945 responses to genocide Other topics include Holocaust education Holocaust films and the national memorial landscapes in Germany Poland Israel and the United States

Cesarani,2016-11-08 This groundbreaking history of the Holocaust presents a brilliant synthesis and interpretation of the greatest crime of the modern era harrowing and extraordinary The Times UK David Cesarani s Final Solution is a magisterial work of history that chronicles the fate of Europe s Jews during and directly after World War II Based on decades of scholarship documentation newly available from the opening of Soviet archives declassification of Western intelligence service records as well as diaries and reports written in the camps Cesarani provides a sweeping reappraisal that challenges accepted explanations for the anti Jewish politics of Nazi Germany and the inevitability of the final solution The persecution of the Jews as Cesarani demonstrates was not always the Nazis central preoccupation nor was it inevitable Instead it unfolded erratically in German occupied countries often due to local initiatives Military failures created a crisis of resources that led to the starvation of the ghettos and intensified anti Jewish measures Cesarani also disputes the iconic role of railways and deportation trains and exposes the extent of sexual violence and abuse of Jewish women In bracingly vivid prose Final Solution captures the experience of a heroic people caught in the hell that was Hitler s Germany The Expulsion of Jews

from Communist Poland Anat Plocker,2022-03-01 In March 1968 against the background of the Six Day War a campaign of antisemitism and anti Zionism swept through Poland The Expulsion of Jews from Communist Poland is the first full length study of the events their precursors and the aftermath of this turbulent period Plocker offers a new framework for understanding how this antisemitic campaign was motivated by a genuine fear of Jewish influence and international power She sheds new light on the internal dynamics of the communist regime in Poland stressing the importance of middle level functionaries whose dislike and fear of Jews had an unmistakable impact on the evolution of party policy The Expulsion of Jews from Communist Poland examines how Communist Party leader Wladyslaw Gomulka s anti Zionist rhetoric spiraled out of hand and opened up a fraught Pandora s box of old assertions that Jews controlled the Communist Party the revival of nationalist chauvinism and a witch hunt in universities and workplaces that conjured up ugly memories of Nazi Germany
