The phrase free compulsory and secular is central to Australia s understanding of its own education system Yet the extent to which education in Australia or anywhere else for that matter can be described as secular is never clear or settled This work examines the history of education in Australia from 1910 through to the present through an interdisciplinary survey of key scholarship and a series of six original case studies It seeks to uncover the extent to which the education system has undergone a process of secularisation and argues that the very meaning of the term secular is always contingent and changeable **Australia and the Great War** Michael JK Walsh,Andrekos Varnava,2016-01-01 Australia and the Great War explores both the immediate and long term consequences of the war on this complex relationship looking in particular at identity history gender propaganda economics and nationalism This multidisciplinary collection of essays unveils the creation and subsequent mis use of histories and mythologies while considering the necessity and nature of both remembering and forgetting war **The Patriarchs** R.J. World, 1882-1975 Jeremy Black,2014-12-18 In this companion volume to *Western Warfare 1775-1882* Jeremy Black takes his analysis of modern warfare into the twentieth century. As before, a distinctive feature of the author's approach is the coverage of both land and naval warfare as well as conflict within the West and between Western and non-Western powers. Beginning with the British conquest of Egypt in 1882, this book goes on to examine the Spanish American War of 1898, the Boer War and the Balkan conflicts leading to world war in 1914. A revisionist account of the First World War is followed by a discussion of Western expansionism in the period to 1936. Chapters on the interwar years and the Second World War lead on to a discussion of the retreat from empire and the advent of Cold War. The narrative closes with the end of the Vietnam War in 1975 and a discussion of the limitations of Western military technique, doctrine and technology. Throughout, the themes of military change and modernization are brought into sharp focus and the revolutionary characteristics of the machination of war in this period are questioned. Jeremy Black offers a new and challenging interpretation of modern warfare that will be required reading not only for students of military history but for all those interested in the impact of war in the making of the modern world.

Anzac and Empire John Connor,2011-04-11 The story behind the man central to how Australia planned for and fought in WWI.

[ANZACS on the Western Front](#) Peter Pedersen,2018-02-14 A newly updated, lavishly illustrated account of the ANZACs' involvement in the Western Front, complete with walking and driving tours of 28 battlefields. With rare photographs and documents from the Australian War Memorial archive and extensive travel information, this is the most comprehensive guide to the battlefields of the Western Front on the market. Every chapter covers not just the battles but the often larger-than-life personalities who took part in them. Following a chronological order from 1916 through 1918, the book leads readers through every major engagement the Australian and New Zealanders fought in and includes tactical considerations and extracts from the personal diaries of soldiers.

Anzacs On The Western Front: The Australian War Memorial Battlefield Guide is the perfect book for anyone who wants to explore the battlefields of the Western Front either in person or from the comfort of home. It does far more than show where the lines that generals drew on their maps actually ran on the ground and retrace the footsteps of the men advancing towards them. It is a graphic and wide-ranging record of the Australian and New Zealand achievements and of the huge sacrifices both nations made in what is still arguably the most grueling episode in their history. A complete guide to the ANZAC battlefields on the Western Front, featuring short essays on important personalities and events, details on relevant cemeteries, museums, memorials and nearby places of interest, and general travel information. Carefully researched and illustrated with colorful maps and both modern and period photographs. Includes information about the Sir John Monash Centre near Villers Bretonneux in France, a new interpretative museum set to open on Anzac Day 2018, coinciding with the centenary of the Year of Victory 1918.
