SOCIAL CHANGE AND
CULTURAL CRISIS

RONALD C. NEWTON

German Buenos Aires 1900 1933 Social Change And Cultural Crisis

Samuel L. Baily, Eduardo José Miguez

German Buenos Aires 1900 1933 Social Change And Cultural Crisis:

German Buenos Aires, 1900-1933 Ronald C. Newton,1977 German Buenos Aires, 1900-1933 Ronald C.

Newton,1977-10-01 This study of the German community of early twentieth century Buenos Aires is a major contribution to the literature on Argentine history and on the New World immigrant experience Beginning with the first wave of immigration in the late nineteenth century and continuing to the outbreak of World War II Ronald C Newton reconstructs the growth development and influence of a powerful foreign population in what was then the largest city in South America In the three decades before World War I Argentina became a major food producing and exporting country Through the port of Buenos Aires was funneled the bulk of the Pampas foodstuff and fiber in one direction and Europe s capital technology and surplus labor in the other The German speakers made up one of the smaller Western European communities within the Argentine metropolis but their cultural and economic influence was far out of proportion to their numbers Based in a large and occupationally diverse middle class the German community was represented at all social levels Newton analyzes the experience of this well demarcated group during a period of rapid demographic growth and increasing pressure to assimilate He constructs working hypotheses that may be applied and refined in further investigations The book draws substantially on materials from within the Buenos Aires German community newspapers memoirs the records of associations and welfare agencies to reconstruct its intense daily life The author highlights for instance the sharp economic reversals German speaking residents suffered during World War I and shows how their fortunes declined further after continued Germanic immigration in the 1920s Especially significant is his finding that the German community which until 1914 had seemed impervious to the currents of Argentine nationalism became susceptible to assimilation into Argentine society In concluding chapters Newton demonstrates the way the German economic elite came to terms with the Nazis for opportunistic reasons thus the volume also serves as an introduction to the question of Nazism s diffusion in Argentina **German Buenos Aires,**

1900-1933 Ronald C. Newton,1977 **German Buenos Aires, 1900-1933** Ronald C. Newton,2014-08-27 This study of the German community of early twentieth century Buenos Aires is a major contribution to the literature on Argentine history and on the New World immigrant experience Beginning with the first wave of immigration in the late nineteenth century and continuing to the outbreak of World War II Ronald C Newton reconstructs the growth development and influence of a powerful foreign population in what was then the largest city in South America In the three decades before World War I Argentina became a major food producing and exporting country Through the port of Buenos Aires was funneled the bulk of the Pampas foodstuff and fiber in one direction and Europe s capital technology and surplus labor in the other The German speakers made up one of the smaller Western European communities within the Argentine metropolis but their cultural and economic influence was far out of proportion to their numbers Based in a large and occupationally diverse middle class the German community was represented at all social levels Newton analyzes the experience of this well demarcated group during

a period of rapid demographic growth and increasing pressure to assimilate He constructs working hypotheses that may be applied and refined in further investigations The book draws substantially on materials from within the Buenos Aires German community newspapers memoirs the records of associations and welfare agencies to reconstruct its intense daily life The author highlights for instance the sharp economic reversals German speaking residents suffered during World War I and shows how their fortunes declined further after continued Germanic immigration in the 1920s Especially significant is his finding that the German community which until 1914 had seemed impervious to the currents of Argentine nationalism became susceptible to assimilation into Argentine society In concluding chapters Newton demonstrates the way the German economic elite came to terms with the Nazis for opportunistic reasons thus the volume also serves as an introduction to the question of Nazism's diffusion in Argentina

Business History in Latin America University of Liverpool. Institute of Latin American Studies, 1999-01-01 Annotation Elizabeth A Kaye specializes in communications as part of her coaching and consulting practice She has edited Requirements for Certification since the 2000 01 edition

The Idea of Race in Latin America, 1870-1940 Richard Graham, Thomas E. Skidmore, Aline Helg, Alan Knight, 1990-04 From the mid nineteenth century until the 1930s many Latin American leaders faced a difficult dilemma regarding the idea of race On the one hand they aspired to an ever closer connection to Europe and North America where during much of this period scientific thought condemned nonwhite races to an inferior category Yet with the heterogeneous racial makeup of their societies clearly before them and a growing sense of national identity impelling consideration of national futures Latin American leaders hesitated What to do Whom to believe Latin American political and intellectual leaders sometimes anguished responses to these dilemmas form the subject of *The Idea of Race in Latin America* Thomas Skidmore Aline Helg and Alan Knight have each contributed chapters that succinctly explore various aspects of the story in Brazil Argentina Cuba and Mexico While keenly alert to the social and economic differences that distinguish one Latin American society from another each author has also addressed common issues that Richard Graham ably draws together in a brief introduction Written in a style that will make it accessible to the undergraduate this book will appeal as well to the sophisticated scholar

Portuguese Migrations in Comparison: Historical Patterns and Transnational Continuities Marcelo J. Borges, 2009-02-15 This special issue of the Portuguese Studies Review presents studies by Emir Reitano Oswaldo Truzzi and Ana Silvia Volpi Scott Jo Anne S Ferreira Marcelo J Borges Heloisa Paulo Caroline B Brettell Zeila de Brito Fabri Demartini Andrea Klimt Roselyne de Villanova Helena Carreiras Diego Bussola Maria Xavier Beatriz Padilla and Andr s Malamud The studies cover Portuguese migration to Argentina anti Salazarist exiles in Brazil early post colonial Goa post 1974 migration trends in S  o Paulo identity and community formation among Portuguese immigrants in Germany and the United States inter generational processes characterizing Portuguese immigration to France and collective identity processes spanning the borders of southern Brazil Argentina and Uruguay

German History Unbound H. Glenn Penny, 2022-06-30 What is German history Where did it

take place And what role did Germans living outside of Central Europe play in it This polycentric history offers a new vision It uses communities of Germans from Austria to Chile to Russia to rethink our narratives of modern German history Focusing on the great plurality of Germans and their interconnections around the world it pointedly de-centers the nation state while arguing that resisting its dominance in our historical narratives has high intellectual and political stakes For within an unbound German history there are characteristics clues models and precedents that can do much to undermine the return of violent exclusionary nationalism To that end this book calls for a greater integration of mobilities migration flows different ways of belonging and transcultural places into our narratives of Germans histories Ultimately it reveals how embracing a range of narratives can help us to better understand people's actions intentions and motivations in particular historical moments

Bellicose Entanglements 1914 Maximilian Lakitsch, Susanne Reitmair-Juárez, Katja Seidel, 2015 The First World War is often described as a regional war with few repercussions beyond Europe However by the dawn of the 20th century global political and economic entanglements of empires and nation states had reached unprecedented dimensions Consequently the war affected the lives of millions of combatants and civilians alike politically socially and culturally This book shifts the Eurocentric focus of Europeans fighting and dying on European battlefields to a broader global perspective With local accounts and perceptions ranging from Argentina to Afghanistan from Iran to Senegal the volume sheds light on the multitude of contributions to and consequences of the First World War all around the world

Tools of Progress Jürgen Buchenau, 2004 The history of Casa Boker one of the first department stores in Mexico City and its German owners provides important insights into Mexican and immigration history Often called the Sears of Mexico Casa Boker has become over the past 140 years one of Mexico's foremost wholesalers working closely with U.S. and European exporters and eventually selling 40,000 different products across the republic including sewing machines typewriters tools cutlery and even insurance Like Mexico itself Casa Boker has survived various economic development strategies political changes the rise of U.S. influence and consumer culture and the conflicted relationship between Mexicans and foreigners Casa Boker thrived as a Mexican business while its owners clung to their German identity supporting the Germans in both world wars Today the family speaks German but considers itself Mexican Buchenau's study transcends the categories of local vs foreign and insider vs outsider by demonstrating that one family could be commercial insiders and at the same time cultural outsiders Because the Bokers saw themselves as entrepreneurs first and Germans second Buchenau suggests that transnational theory a framework previously used to illustrate the fluidity of national identity in poor immigrants is the best way of describing this and other elite families of foreign origin

Perón and the Enigmas of Argentina Robert D. Crassweller, 1987 A study of the life of Juan Peron focusing on the values emotions and psychological links of the appeal of Peronism and its mythology and longevity

Impure Migration Mir Yarfitz, 2019-04-04 Introduction White slave wives on the road to Buenos Aires White slaves and dark masters Jewish traffic in women Marriage as ruse or migration strategy Immigrant mutual aid among pimps The impure

shape Jewish Buenos Aires Conclusion After the Varsovia Society Nazis and Good Neighbors Max Paul Friedman, 2003-08-04 This international history uncovers an American security program in which Washington reached into fifteen Latin American countries to seize more than 4 000 German expatriates and intern them in the Texas desert The crowd of Nazi Party members antifascist exiles and even Jewish refugees were lumped together in camps riven by strife The book first published in 2003 examines the evolution of governmental policy its impact on individuals and emigrant communities and the ideological assumptions that blinded officials in both Washington and Berlin to Latin American realities Franklin Roosevelt s vaunted Good Neighbor policy was a victim of this effort to force reluctant Latin American governments to hand over their German residents while the operation ruined an opportunity to rescue victims of the Holocaust This study makes a very contemporary argument that security measures based on group affiliation rather than individual actions are as unjust and ineffective in foreign policy as they are in law enforcement **Mass Migration to Modern Latin America** Samuel L. Baily, Eduardo José Miguez, 2003-01-01 It is well known that large numbers of Europeans migrated overseas during the century preceding the Great Depression of 1930 and that a great many of them went to the United States What is not well known particularly in the United States is that more than 20 percent of these migrants emigrated to Latin America and that they significantly influenced the demographic economic and cultural evolution of many areas in the region Individuals have migrated to Latin America since the beginning of the Conquest more than 500 years ago but by far the largest number 10 million migrated from 1870 to 1930 This incredible influx was also concentrated in terms of the origins and destinations of the individuals three quarters came from the Iberian peninsula and Italy while 91 percent relocated to just three countries Argentina 50 percent Brazil 36 percent and Uruguay 5 percent Mass Migration to Modern Latin America includes original contributions from more than a dozen of the leading scholars of the new methodologically and theoretically innovative Latin American migration history that has emerged during the past 20 years Although the authors focus primarily on the nature and impact of mass migration to Argentina and Brazil from 1870 to 1930 they place their analysis in broader historical and comparative contexts They link the mass migrations at the turn of the past century to older migratory traditions and existing social networks some of which had their roots in the colonial period The editors begin each section of the book with personal stories of individual immigrants and their families providing students with a glimpse into the complex process of migration and how it played out in various situations This text will help readers understand that Latin America is more than a traditional society composed of the descendants of the Conquistadors and Native Americans This book demonstrates the crucial impact of the mass migrations of the late nineteenth and early twentieth centuries on the formation of some Latin American societies **Caught in the Middle** Johan Hertog, Samuel Kruizinga, 2025-10-01 During the First World War belligerents infringed on the rights and duties of neutrals as these had been codified in international agreements Both the Allies and the Central Powers pressured the neutrals to modify their policies to favour them over their adversaries During the

four and a half years the war lasted this pressure mounted until the neutrals were left with very little room to manoeuvre More than fifty years ago Nils rvik stated that this disregard for international law combined with the relative weakness of the European neutrals spelled the end of traditional political neutrality Caught in the Middle discusses this thesis based on new research from Scandinavia the Netherlands Spain and the USA The result is the first comparative study in English on First World War neutrality The contributors cover not only several countries involved but also multiple aspects of the concept of neutrality political economic cultural and legal They reassess the notion of neutrality and the role of neutrals during the First World War making this collection of great value to all scholars of both neutrality the history of individual neutral countries and of the war itself

Immigration and National Identities in Latin America Nicola Foote, Michael Goebel, 2016-12-10 This groundbreaking study examines the connection between what are arguably the two most distinguishing phenomena of the modern world the unprecedented surges in global mobility and in the creation of politically bounded spaces and identities Jose C Moya author of *Cousins and Strangers* An excellent collection of studies connecting transnational migration to the construction of national identities Highly recommended Luis Roniger author of *Transnational Politics in Central America* The importance of this collection goes beyond the confines of one geographic region as it offers new insight into the role of migration in the definition and redefinition of nation states everywhere Fraser Ottanelli coeditor of *Letters from the Spanish Civil War* This volume has set the standard for future work to follow Daniel Masterson author of *The History of Peru Between the mid nineteenth and mid twentieth centuries* an influx of Europeans Asians and Arabic speakers indelibly changed the face of Latin America While many studies of this period focus on why the immigrants came to the region this volume addresses how the newcomers helped construct national identities in the Caribbean Mexico Argentina and Brazil In these essays some of the most respected scholars of migration history examine the range of responses some welcoming some xenophobic to the newcomers They also look at the lasting effects that Jewish German Chinese Italian and Syrian immigrants had on the economic sociocultural and political institutions These explorations of assimilation race formation and transnationalism enrich our understanding not only of migration to Latin America but also of the impact of immigration on the construction of national identity throughout the world Contributors J rgen Buchenau Jeane DeLaney Nicola Foote Michael Goebel Steven Hyland Jr Jeffrey Lesser Kathleen L pez Lara Putnam Raanan Rein Stefan Rinke Frederik Schulze

Einstein and the Changing Worldviews of Physics Christoph Lehner, Jürgen Renn, Matthias Schemmel, 2012-02-02 This volume reviews conceptual conflicts at the foundations of physics now and in the past century The focus is on the conditions and consequences of Einstein's pathbreaking achievements that sealed the decline of the classical notions of space time radiation and matter and resulted in the theory of relativity Particular attention is paid to the implications of conceptual conflicts for scientific views of the world at large thus providing the basis for a comparison of the demise of the mechanical worldview at the turn of the 20th century with the challenges presented by cosmology at the turn of the 21st century Throughout the work

Einstein's contributions are not seen in isolation but instead set into the wider intellectual context of dealing with the problem of gravitation in the twilight of classical physics the investigation of the historical development is carried out with a number of epistemological questions in mind concerning in particular the transformation process of knowledge associated with the changing worldviews of physics

Spain and Argentina in the First World War Maximiliano Fuentes

Codera, 2021-03-22 This is the first book that analyzes the transnational impact of the Great War simultaneously on two countries Spain and Argentina that remained neutral throughout the conflict Both countries were very relevant in the conception of propaganda and policies of belligerent countries such as France Germany and Great Britain and showed that the conflict had a global influence and affected deeply local political and cultural processes even in areas geographically distant from the trenches Within this framework this book is focused on three aspects that are analyzed dynamically throughout the whole war from a transnational perspective neutrality as a space of dispute between pro Allies and pro German sectors and its relation with local politics the debate about what positions should be assumed in order to guarantee a world without war and the polemics on the ideas of nations and supra nations Hispanism Latinism Pan Americanism The conclusions of the book highlight that the radicalization that exploded in 1917 in both countries was fundamental in shaping the political radicalization of the last months of the conflict and the postwar period As happened in Europe the Great War did not finish in 1918 and its traces continued in the 1920s and 1930s

The Global First World War Ana Paula Pires, María Inés

Tato, Jan Schmidt, 2021-04-14 This volume deals with the multiple impacts of the First World War on societies from South Europe Latin America Asia and Africa usually largely overlooked by the historiography on the conflict Due to the lesser intensity of their military involvement in the war neutrals or latecomers these countries or regions were considered peripheral as a topic of research However in the last two decades the advances of global history recovered their importance as active wartime actors and that of their experiences This book will reconstruct some experiences and representations of the war that these societies built during and after the conflict from the prism of mediators between the war fought in the battlefields and their homes as well as the local appropriations and resignifications of their experiences and testimonies

Handbook Of Research On The International Relations Of Latin America And The Caribbean G. Pope

Atkins, 2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume's analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone

reference volume for students scholars researchers journalists and practitioners both official and private

German Buenos Aires 1900 1933 Social Change And Cultural Crisis Introduction

In the digital age, access to information has become easier than ever before. The ability to download German Buenos Aires 1900 1933 Social Change And Cultural Crisis has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download German Buenos Aires 1900 1933 Social Change And Cultural Crisis has opened up a world of possibilities. Downloading German Buenos Aires 1900 1933 Social Change And Cultural Crisis provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading German Buenos Aires 1900 1933 Social Change And Cultural Crisis has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download German Buenos Aires 1900 1933 Social Change And Cultural Crisis. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading German Buenos Aires 1900 1933 Social Change And Cultural Crisis. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is

advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading German Buenos Aires 1900 1933 Social Change And Cultural Crisis, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download German Buenos Aires 1900 1933 Social Change And Cultural Crisis has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About German Buenos Aires 1900 1933 Social Change And Cultural Crisis Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
