Encyclopedia of Library History Wayne A.

Wiegand, Donald G. Jr. Davis, 2015-01-28 First Published in 1994 This book focuses on the historical development of the library as an institution Its contents assume no single theoretical foundation or philosophical perspective but instead reflect the richly diverse opinions of its many contributors This text is intended to serve as a reference tool for undergraduate and graduate students interested in library history for library school educators whose teaching requires knowledge of the historical development of library institutions services and user groups and for practicing library professionals *Historical Dictionary of Librarianship* Mary Ellen Quinn, 2014-05-08

Although the history of librarianship as an organized profession dates only as far back as the mid nineteenth century the history of libraries is much older and people have been engaged in pursuits that we recognize as librarianship for many thousands of years This book traces librarianship from its origins in ancient times through its development in response to the need to control the flood of information in the modern world to the profound transformations brought about by the new technologies of the late twentieth and early twenty first centuries The *Historical Dictionary of Librarianship* focuses on librarianship as a modern organized profession emphasizing the period beginning in the mid nineteenth century Author Mary Ellen Quinn relates the history of this profession through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities libraries around the world and notable organizations and associations This book is an excellent access point for students researchers and anyone wanting to know more about librarianship *Seventeenth-Century Libraries* Robyn Adams, Jacqueline Glomski, 2023-04-12

Seventeenth Century Libraries Problems and Perspectives presents key topics for understanding the theory and practice of library formation in the seventeenth century both in Britain and on the Continent In eight studies plus a substantial introduction and afterword based on meticulous research the volume addresses questions of acquisition classification administration and access spatial arrangement and furniture networks of collecting and dispersal of libraries and serves as an introduction to methods of investigating these themes *Seventeenth Century Libraries Problems and Perspectives* is a landmark volume that confronts outstanding issues of cultural and intellectual history by synthesizing recent research on the growth of libraries during a period that was crucial for the development of modern knowledge management historical attitudes and material culture Contributors Robyn Adams Richard Foster Francesca Galligan Jaap Geraerts Jacqueline Glomski Shanti Graheli Clodagh Murphy David Pearson Dominique Varry and Elizabeth Wells *Encyclopedia of Library and Information Sciences* John D. McDonald, Michael

Levine-Clark, 2017-03-15 The *Encyclopedia of Library and Information Sciences* comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or

online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance

A History of Modern Librarianship Pamela Spence Richards, Wayne A. Wiegand, Marija Dalbello, 2015-05-26 A broad comparative history of librarianship this intriguing work goes beyond the standard focus on institutions and collections to help you explore the part modern librarianship played and continues to play in forming Western cultures Previous histories of libraries in the Western world the last of which was published nearly 20 years ago concentrate on libraries and librarians This book takes a different approach It focuses on the practice of librarianship showing you how that practice has contributed to constructing the heritage of cultures To do so this groundbreaking collection of essays presents the history of modern librarianship in the context of recent developments of the library institution professionalization of librarianship and innovation through information technology Organized by region the book addresses the widely recognized international impact of Anglo American librarianship and its continuing influence over the past century combining critical analysis with chronological histories of modern librarianship in Europe North America Australia New Zealand and Africa An introductory chapter explains the origins of the project and a concluding chapter examines the effects of digitization on modern librarianship in the 21st century

A Social History of Books and Libraries from Cuneiform to Bytes Patrick M. Valentine, 2012-09-27 While the importance of writing has often been recognized the role of books and especially that of libraries has just as often been slighted Knowledge once generated has to be communicated preserved and accessible Books in their varying formats from clay tablets to scrolls and manuscripts to pixels have been instrumental in spreading knowledge although relatively little attention has been given to the story of books themselves A Social History of Books and Libraries from Cuneiform to Bytes traces the roles of books and libraries throughout recorded history and explores their social and cultural importance within differing societies and changing times It presents the history of books from clay tablets to e books and the history of libraries whether built of bricks or bytes Following an introduction that sets the theoretical basis for the historical importance of books and libraries chapters alternate between the history of the book and the history of libraries Included within the chapters are short excursions on some particular development such as book emblems or cataloging Case studies are given as thematic illustrations of libraries everywhere Patrick M Valentine argues that social and cultural forces have been more influential in determining the nature and status of information books and libraries than has technology But A Social History of Books and Libraries is far from a jeremiad against technology rather it presents history within the subtle yet shifting context of time and place Although written primarily for librarians and library students it will also be of interest to a wider audience of scholars and those interested in books libraries and cultural history

The History of the Book in the West: 17001800 Eleanor F. Shevlin,2017-03-02 Influenced by Enlightenment principles and commercial transformations the history of the book in the eighteenth century witnessed not only the final decades of the hand press era but also developments and practices that pointed to its future the foundations of modern copyright a rapid growth in the publication circulation and reading of periodicals the promotion of niche marketing alterations to distribution networks and the emergence of the publisher as a central figure in the book trade to name a few The pace and extent of these changes varied greatly within the different sociopolitical contexts across the western world The volume s twenty four articles many of

which proffer broader theoretical implications beyond their specific focus highlight the era's range of developments. Complementing these articles the introductory essay provides an overview of the eighteenth century book and milestones in its history during this period while simultaneously identifying potential directions for new scholarship. The Journal of Library History, 1987

Music in the German Renaissance John Kmetz, 1994-12-08 This 1994 collection of fourteen essays written by an eminent group of scholars explores the musical culture of the German speaking realm between c 1450 and 1600. The essays demonstrate the important role played by German speakers in the development of instrumental music in the Renaissance, the shaping of the curricula of musical education in the modern age, in setting patterns of musical patronage, in establishing congregational singing in churches and in developing commercial music printing. The essays shed light on the music that flourished at Imperial and ducal courts, universities, parish churches, collegiate schools, as well as the homes of prosperous merchants. The volume thus provides an overview of German polyphonic music in the age of Gutenberg, Dürer and Luther and documents the changing social status of music in Germany during a crucial epoch of its history. *Book*

Ownership in Stuart England David Pearson, 2021-01-26 This volume provides a wide ranging account of the development and importance of private libraries and book ownership through the seventeenth century based upon many kinds of evidence including examination of thousands of books and a list of over 1 300 known owners from diverse backgrounds. It considers questions of evolution, contents and size and motives for book ownership during a century when growing markets for both new and second hand books meant that books would be found in varying numbers in the homes of all kinds of people from the humble to the wealthy. Book ownership by women and by non professional households is explicitly explored. Other topics include the balance of motivation between books for use or for display, the relationship between libraries and museums and cultures of collecting. While presenting a wealth of information in this field conveniently brought together, this volume also advances methodologies for book history and makes extensive use of material evidence such as bookbindings. It challenges received wisdom around priorities for studying private libraries and the terminology which is appropriate to use. In addition, the list of owners detailed in the Appendix makes this book a work of permanent reference alongside its value in advancing book history.

The Fabrica of Andreas Vesalius Dániel Margócsy, Mark Somos, Stephen N. Joffe, 2018-05-23 Winner of the Third Neu Whitrow Prize 2021 granted by the Commission on Bibliography and Documentation of IUHPS DHST. Additional background information. This book provides bibliographic information, ownership records, a detailed worldwide census and a description of the handwritten annotations for all the surviving copies of the 1543 and 1555 editions of Vesalius *De humani corporis fabrica*. It also offers a groundbreaking historical analysis of how the *Fabrica* traveled across the globe and how readers studied, annotated and critiqued its contents from 1543 to 2017. *The Fabrica of Andreas Vesalius* sheds a fresh light on the book's vibrant reception history and documents how physicians, artists, theologians and collectors filled its pages with copious annotations. It also offers a novel interpretation of how an early anatomical textbook became one of the most coveted

rare books for collectors in the 21st century **The Scribes For Women's Convents in Late Medieval Germany** Cynthia J. Cyrus, 2009-05-23 While there has been a great tradition of scholarship in medieval manuscripts most studies have focused on the details of manuscript production by male copyists In this study Cynthia J Cyrus demonstrates the prevalence of manuscript production by women monastics and challenges current assumptions of how manuscripts circulated in the late medieval period Drawing on extensive research into the surviving manuscripts of over 450 women s convents the author assesses the genres common to women s convent libraries emphasizing a social rather than a codicological understanding of how manuscripts of women s libraries came to be copied An engaging mix of biography women s history and book history *The Scribes for Women s Convents in Late Medieval Germany* will change the way medieval manuscripts are understood and studied *The Oxford History of the Irish Book, Volume III* Raymond Gillespie, Andrew Hadfield, 2006-02-02 *The Oxford History of the Irish Book* is a major new series that charts the development of the book in Ireland from its origins within an early medieval manuscript culture to its current incarnation alongside the rise of digital media in the twenty first century Volume III *The Irish Book in English 1550 1800* contains a series of groundbreaking essays that seek to explain the fortunes of printed word from the early Renaissance to the end of the eighteenth century The essays in section one explain the development of print culture in the period from its first incarnation in the small area of the English Pale around Dublin dominated by the interests of the English authorities to the more widespread dispersal of the printing press at the close of the eighteenth century when provincial presses developed their own character and style either alongside or as a challenge to the dominant intellectual culture Section two explains the crucial developments in the structure and technical innovation of the print trade the role played by private and public collections of books and the evidence of changing reading practices throughout the period The third and longest section explores the impact of the rise of print Essays examine the effect that the printed book had on religious and political life in Ireland providing a case study of the impact of the French Revolution on pamphlets and propaganda in Ireland the transformations illustrated in the history of historical writing as well as in literature and the theatre through the publication of play texts for a wide audience Others explore the impact that print had on the history of science and the production of foreign language books The volume concludes with an authoritative bibliographical essay outlining the sources that exist for the study of the book in early modern Ireland This is an authoritative volume with essays by key scholars that will be the standard guide for many years to come *The Historia regum Britannie* of Geoffrey of Monmouth: A summary catalogue of the manuscripts Geoffrey (of Monmouth, Bishop of St. Asaph), Julia C.
