## **German Novel The Affluent Society:**

The German Novel and the Affluent Society Wilfried van der Will, R. Hinton Thomas, 1968-12-15 This book comprises studies of six leading West German novelists Gerd Gaiser Wolfgang Koeppen Heinrich Boll Gunter Grass Martin Walser and Uwe Johnson The analysis of their work involves preoccupation with the social reality underlying their themes and attitudes with the tension between the writer and society with the writer as intellectual and with the problem of commitment Form and language are closely examined often in connection with the predominant problem of identity and role playing These studies involve cross references to other writers in and outside Germany and serve also as the basis for the discussion of such matters as the writer's position in the pluralistic society and his relation to the mass media ideology and authority *The German Novel and the Affluent Society* Richard Hinton Thomas, Wilfried van der Will, 1968 **The German Novel and the affluent society** Richard Hinton Thomas, Wilfried van der Will, 1968 *The German Novel and the Affluent Society, R. Hinton Thomas and Wilfried Van Der Will* Richard Hinton Thomas, Wilfried van der Will, 1968

Literature of Europe and America in the 1960s Spencer Pearce, Don Piper, 1989 *The Cambridge Companion to Modern German Culture* Eva Kolinsky, Wilfried van der Will, 1999-01-28 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression

**The Text and Its Context** Nigel Harris, Joanne Sayner, 2008 This Festschrift for Ronald Speirs Professor of German at the University of Birmingham contains twenty four original essays by scholars from Great Britain Germany Austria and Norway Between them they encompass the entire modern period from the later eighteenth century onwards and focus on a wide range of German speaking environments Several essays throw new light on authors to whom Professor Speirs himself has devoted particular attention such as Brecht Thomas Mann Nietzsche and Fontane whilst others discuss writers such as Lenz Bchner Bhlau C F Meyer Keyserling Jahn and Huch Above all however the contributions address the complexities of writing in ideologically diverse contexts including the Third Reich and the former German Democratic Republic This interplay between text and context is the cornerstone which links all the essays as it has consistently informed Ronald Speirs's own work which combines a scrupulous attention to textual detail with an acute awareness of the socio political milieu and philosophical influences that shape creative literature *The Oxford Guide to Contemporary World Literature* John

Sturrock,1997 opinion the Guide offers a discriminating and sometimes controversial view of a broad range of contemporary literatures

**Literature in Upheaval** Richard Hinton Thomas,Keith Bullivant,1974 *Protest and Democracy in West Germany* Rob Burns,Wilfried van der Will,2016-01-18 The Federal Republic of Germany has long been held up as a model society on account of its economic and social policy achievements Largely ignored however has been the crucial part played by extra parliamentary protest in the maturing of democracy in that society In this the first comprehensive study of the subject in English the authors trace the rich history of political protest in West Germany and examine the political role of critical intellectuals The book will give the reader a good understanding of the crucial changes that have taken place in the political culture of the Federal Republic since the mid 1960s

Distorted Reflections Stuart Taberner,2023-11-27 This volume presents a new approach to the political engagement of three major West German authors Uwe Johnson G nther Grass and Martin Walser Whereas analysis of intellectuals participation in the political upheaval of the late 1960s has tended to focus on speeches written in response to contemporary events this book examines works of fiction for the way in which authors reflected upon their engagement in a more contemplative medium Examination of these literary reflections reveals a mismatch between writers confidence as public intellectuals and their private anxiety Beginning with a survey of intellectual engagement until the late 1960s the present volume moves onto a theoretical discussion of the legitimacy of authors public interventions Three chapters are devoted to the fiction of Uwe Johnson G nther Grass and Martin Walser Uwe Johnson s fiction embodies retreat an acknowledgment of political impotence G nther Grass s novels present the failings of the engaged intellectual as exemplary to an audience which is expected to learn from this inadequacy Finally Martin Walser s intellectual characters stylise private weakness to appeal to a middle brow audience titillated by the public figure s confession of impotence In Walser s work political engagement degenerates into pure form into a Camp gesture of authors obsession with their private selves

A Mythic Journey Edward Diller,2014-07-15 Although The Tin Drum has often been called one of the great novels of the 20th century most critics have been baffled in attempting to draw its apparent chaos into a single literary framework

Here is the full length study to penetrate the brilliance of Gunter Grass's style and uncover the novel's mythopoetic core In *A Mythic Journey Gunter Grass's Tin Drum* author Edward Diller convincingly demonstrates the still valid relationship between modern and classical literary criticism By reading *The Tin Drum* as both modern myth and historical epic he provides a profound and sensitive interpretation of one of the masterpieces of 20th century literature *Narrative as Counter-Memory* Reiko Tachibana,1998-07-30 A pioneering study of German and Japanese postwar fiction providing a broad cultural basis for understanding a half century of responses to World War II from within the two societies *Reading Rushdie*,2021-11-01

Salman Rushdie is perhaps the most important writer of the present time His significant and controversial literary interventions in debates on post colonial culture and contemporary South Asian Islam are matched by the contribution he has made to postmodern literature in the West culminating in the award to him in 1993 of the twenty fifth anniversary Booker of Bookers prize This collection of articles focuses on Rushdie's five novels The context is set by the introduction *The Politics of Salman Rushdie's Fiction* which discusses the political stance of Rushdie's fiction the various influences on his work and the textual strategies and techniques he employs for political expression and cultural critique The postmodern post colonial interface the carnivalesque and satire are major themes treated here and in the articles that follow which also provide diverse other perspectives on Rushdie's thought and method A number of essays have been commissioned specially for this volume An appendix listing selected writings by Rushdie and articles on the Satanic Verses Affair is followed by a comprehensive bibliography annotating critical studies of Rushdie's work *On the Rationality of Poetry* Frank Finlay,2024-03-25 This study explores Heinrich B ll's aesthetic thinking as it is expressed in the author's disparate and voluminous writings on literature B ll's work in this field is situated in the multi faceted context of social political and cultural developments in post war Germany and is shown to be an important adjunct to the novels and stories which were honoured with the Nobel Prize for Literature An understanding of Heinrich B ll's aesthetic thinking can illuminate the writer's fiction in an intriguing way In particular B ll's defence of the rationality of poetry raises issues which reverberate in continuing debates on the social validity of literature *Canetti and Nietzsche* Harriet Murphy,1997-01-01 This first full length study investigates the profound implications of the peculiarly original sense of humor found in Elias Canetti's single novel a facetiousness understood in a Nietzschean sense as a revolutionary aesthetic *The Ethics of Narration* Colin Riordan,1989
