German Plays of the Nineteenth Century Thomas Moody Campbell, 1946 **The German Drama of the Nineteenth Century** Georg Witkowski, Lewis Emerson Horning, 1909 *Nineteenth Century German Plays: Fraz Grillparzer, Johann Nepomuk Nestroy, Friedrich Hebbel* Egon Schwarz, Hannelore Spence, 1990-08-01 The German Library is a new series of the major works of German literature and thought from medieval times to the present. The volumes have forewords by internationally known writers and introductions by prominent scholars. Here the English speaking reader can find the broadest possible collection of poetic and intellectual achievements in new as well as great classic translations. The German Drama of the Nineteenth Century Georg Witkowski, 2012-08-01 Unlike some other reproductions of classic texts 1 We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits, maps, sketches etc. We have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. **The German Drama of the Nineteenth Century** Georg Witkowski, 1968 *Ottomiller's Index to Plays in Collections* Denise L. It encompasses

all major themes of the period from the rising nationalism of the early nineteenth century to the pessimistic views of fin de siècle. It is a lucid fluent presentation that appeals to both students of history and culture and the general audience interested in European cultural history. The book attempts to see the culture of the nineteenth century in broad terms integrating everyday ways of life into the story as mental material and social practices. It also highlights ways of thinking, mentalities and emotions in order to construct a picture of this period of another kind that goes beyond a story of isms or intellectual and artistic movements. Although the nineteenth century has often been described as a century of rising factory pipes and grey industrial cities as a cradle of modern culture, the era has many faces. This book pays special attention to the experiences of contemporaries from the fear for steaming engines to the longing for the pre industrial past from the idle calmness of bourgeois life to the awakening consumerism of the department stores from curious exoticism to increasing xenophobia from optimistic visions of future to the expectations of an approaching end. The century that is only a few generations away from us is strange and familiar at the same time a bygone world that has in many ways influenced our present day world.

Excerpt from *The German Drama of the Nineteenth Century*. At the beginning of the nineteenth century middle class drama on the German stage far surpassed all other varieties in numbers and popularity. Lessing had laid the foundation for it and made it free from French influence. Miss Sara Sampson, Minna von Barnhelm 1767 and Emilia Galotti 1772 were the earliest prototypes of a realistic art which took its subjects from contemporaneous life and substituted deep feeling in unadorned prose for the unnatural sentiment of the Alexandrine tragedy. In his *Hamburgische Dramaturgie* 1768-69 Lessing showed that the French were wrong in asserting the conformity of their rules with the laws of Aristotle and pointed to Shakespeare as the greatest tragic poet of modern times.
