This book offers the first multidisciplinary analysis of the wordless novels of American woodcut artist and illustrator Lynd Ward 1905 1985 who has been enormously influential in the development of the contemporary graphic novel The study examines his six pictorial novels each part of an evolving experiment in a new form of visual narrative that offers a keen intervention in the cultural and sexual politics of the 1930s The novels form a discrete group much like Beethoven s piano sonatas or Keats s great odes in which Ward evolves a unique modernist style cinematic expressionist futurist realist documentary and grapples with significant cultural and political ideas in a moment when the American experiment and capitalism itself hung in the balance In testing the limits of a new narrative form Ward s novels require a versatile critical framework as sensitive to German Expressionism and Weimar cinema as to labor politics and the new energies of proletarian homosexuality

Dietrich cabaret and German Expressionism a city identified with a female sexuality at first alluring but then dangerous In this fascinating study Dorothy Rowe turns our attention to Berlin as a sexual landscape She investigates the processes by which women and femininity played a prominent role in depictions of the city at the end of the nineteenth and into the early twentieth centuries She explores how in the aftermath of the horrors of World War I increasing anxieties about the liberation of women and the supposed increase of female prostitution contributed to the demonization of the city not as a focus of desire and pleasure but rather as one of alienation and anxiety

on the divergent artistic responses of women to the dramatic events of the early twentieth century Shulamith Behr shows how the posthumous critical reception of Paula Modersohn Becker cast her as a prime agent of the feminization of the movement and how Käthe Kollwitz used printmaking as a vehicle for technical innovation and sociopolitical commentary She looks at the dynamic relationship between Marianne Werefkin and Gabriele Münter whose different paths in life led them to the Blaue Reiter a group of Expressionist artists that included Wassily Kandinsky and Paul Klee Behr examines Nell Walden's role as an influential art dealer collector and artist who promoted women Expressionists during the First World War and discusses how Dutch artist Jacoba van Heemskerck's spiritual abstraction earned her the status of an honorary German Expressionist She demonstrates how figures such as Rosa Schapire and Johanna Ey contributed to the development of the movement as spectators critics and collectors of male avant-gardism Richly illustrated Women Artists in Expressionism is a women centered history that reveals the importance of emancipative ideals to the shaping of modernity and the avant garde
