German Protestants Remember The Holocaust Theology And The Constructi:

German Protestants Remember the Holocaust K. Hannah Holtschneider, 2001 Focusing on the 1980s 90s examines how Protestants in Germany interpret their self understanding as part of the community which is defined by its connection to the Nazi past Analyzes representations of the Holocaust and of the Christian Jewish relationship in three German Protestant theological texts the 1980 statement of the Rhineland synod of the Evangelical Church Zur Erneuerung des Verhältnisses von Christen und Juden Marquardt's theological text *Von Elend und Heimsuchung der Theologie Prolegomena zur Dogmatik* 1992 and Britta Jüngst's dissertation *Auf der Seite des Todes das Leben* 1996 The analysis of these texts is informed by the development of narratives of collective memory of the Holocaust in German society in the 1980s 90s from the miniseries *Holocaust* to the Goldhagen controversy All three texts admit the responsibility of Christianity and Christians for the Holocaust and build theologies that do not reject Jews Contends that contrary to their stated intentions most Holocaust theologians do not truly listen to the Jewish perspective Calls on practitioners of theology after Auschwitz to embrace Jews and Judaism in order to restore the credibility of Christian Churches which abandoned the Jews in Auschwitz *Postwar Germany and the Holocaust* Caroline Sharples, 2015-12-17 CHOICE Outstanding Academic Title 2016 Focussing on German responses to the Holocaust since 1945 *Postwar Germany and the Holocaust* traces the process of Vergangenheitsbewältigung overcoming the past the persistence of silences evasions and popular mythologies with regards to the Nazi era and cultural representations of the Holocaust up to the present day It explores the complexities of German memory cultures the construction of war and Holocaust memorials and the various political debates and scandals surrounding the darkest chapter in German history The book comparatively maps out the legacy of the Holocaust in both East and West Germany as well as the unified Germany that followed to engender a consideration of the effects of division Cold War politics and reunification on German understanding of the Holocaust Synthesizing key historiographical debates and drawing upon a variety of primary source material this volume is an important exploration of Germany's postwar relationship with the Holocaust Complete with chapters on education war crime trials memorialization and Germany and the Holocaust today as well as a number of illustrations maps and a detailed bibliography *Postwar Germany and the Holocaust* is a pivotal text for anyone interested in understanding the full impact of the Holocaust in Germany *'Dark, Depressing Riddle'* Ryan Tafilowski, 2019-10-07 At the twilight of the Weimar Republic politicians scientists and theologians were engaged in debates surrounding the so called Jewish Question When the Nazi Party came to power in 1933 these discussions took on a new sense of urgency and poignancy As state measures against Jews unfolded theological conceptions of the meaning of Israel and Judaism began to impact living breathing Jewish persons In this study Ryan Tafilowski traces the thought of the Lutheran theologian Paul Althaus 1888 1966 who once greeted the rise of Hitler as a gift and miracle of God as he negotiated the Jewish Question and its meaning for his understanding of Germanness across the Weimar Republic the Nazi years and the post war period In

particular the study uncovers the paradoxical categories Althaus used to interpret the ongoing theological significance of the Jewish people whom he considered both an imminent threat to German ethnic identity and yet a mysterious cipher by which Germans might decode their own spiritual destiny in world history Sketching the peculiar contours of Althaus theology of Israel this study offers a fresh interpretation of the Erlangen Opinion on the Aryan Paragraph which is an important artifact not only of the *Kirchenkampf* but also of the complex and ambivalent history of Christian antisemitism By bringing Althaus into conversation with some of the most influential theologians of the twentieth century from Karl Barth and Emil Brunner to Rudolf Bultmann and Dietrich Bonhoeffer Tafilowski broadens the scope of his inquiry to vital questions of political theology ethnic identity social ethics and ecclesiology As Christian theologians must once again reckon with questions of national self understanding under the pressures of mass migration and resurgent nationalisms this investigation into the logic of ethno nationalist theologies is a timely contribution

Post-Holocaust Religious Education for German Women Gabriele Mayer, 2003 After beginning with the problem of the inability of German postwar generations to relate to the Holocaust focuses on ways German Christian women can learn to acknowledge German women's share of responsibility for Nazi crimes against the Jews i.e. women's role as part of the perpetrator nation Explores ways German women have been encouraged to try to integrate knowledge of this past into their identity formation and internalize post Holocaust theology into their own views and lives Notes ways that Holocaust studies and women's studies can combine to move German Christian women from complacency and individualism to involvement in *tikkun olam* that includes existential encounters with members of the victim nation

Daring, Trusting Spirit John W. De Gruchy, The compelling story of Dietrich Bonhoeffer his resistance to the Nazi regime and his sweeping postwar influence owe much to his close friendship with his fellow pastor Eberhard Bethge In this important and engaging work distinguished theologian John de Gruchy narrates the course and consequences of that friendship building on interviews and newly available primary sources Sympathetic yet astute de Gruchy relates Bethge's own development his unlikely yet devoted friendship with Bonhoeffer their fateful involvement in the Confessing Church movement and opposition to Hitler and Bethge's remarkable postwar journey nurturing worldwide reception and regard for Bonhoeffer's signal theological insights Book jacket

Reading Auschwitz with Barth Mark R. Lindsay, 2014-01-28 It has been widely accepted that few individuals had as great an influence on the church and its theology during the twentieth century as Karl Barth 1886-1968 His legacy continues to be explored and explained with theologians around the world and from across the ecumenical spectrum vigorously debating the doctrinal ramifications of Barth's insights What has been less readily accepted is that the Holocaust of the Jews had an equally profound effect and that it too entails far reaching consequences for the church's understanding of itself and its God In this groundbreaking book Barth and the Holocaust are brought into deliberate dialogue with one another to show why the church should heed both their voices and how that may be done

Barth, Israel, and Jesus Mark R. Lindsay, 2016-04-15 The attitude of Karl Barth to Israel and the Jews has long

been the subject of heated controversy amongst historians and theologians The question that has so far predominated in the debate has been Barth s attitude both theologically and practically towards the Jews during the period of the Third Reich and the Holocaust itself How if at all did Barth s attitudes change in the post war years Did Barth s own theologising in the aftermath of the Holocaust take that horrendous event into account in his later writings on Israel and the Jews Mark Lindsay explores such questions through a deep consideration of volume four of Barth s Church Dogmatics the Doctrine of Reconciliation

The Reluctant Revolutionary John A. Moses,2009-04-01 Dietrich Bonhoeffer was a uniquely reluctant and distinctly German Lutheran revolutionary In this volume the author an Anglican priest and historian argues that Bonhoeffer s powerful critique of Germany s moral derailment needs to be understood as the expression of a devout Lutheran Protestant Bonhoeffer gradually recognized the ways in which the intellectual and religious traditions of his own class the Bildungsb rgertum were enabling Nazi evil In response he offered a religiously inspired call to political opposition and Christian witness which cost him his life The author investigates Bonhoeffer s stance in terms of his confrontation with the legacy of Hegelianism and Neo Rankeanism and by highlighting Bonhoeffer s intellectual and spiritual journey shows how his endeavor to politically reeducate the German people must be examined in theological terms

Roth,2012-11-22 Few scholarly fields have developed in recent decades as rapidly and vigorously as Holocaust Studies At the start of the twenty first century the persecution and murder perpetrated by the Nazi regime have become the subjects of an enormous literature in multiple academic disciplines and a touchstone of public and intellectual discourse in such diverse fields as politics ethics and religion Forward looking and multi disciplinary this handbook draws on the work of an international team of forty seven outstanding scholars The handbook is thematically divided into five broad sections Part One Enablers concentrates on the broad and necessary contextual conditions for the Holocaust Part Two Protagonists concentrates on the principal persons and groups involved in the Holocaust and attempts to disaggregate the conventional interpretive categories of perpetrator victim and bystander It examines the agency of the Nazi leaders and killers and of those involved in resisting and surviving the assault Part Three Settings concentrates on the particular places sites and physical circumstances where the actions of the Holocaust s protagonists and the forms of persecution were literally grounded Part Four Representations engages complex questions about how the Holocaust can and should be grasped and what meaning or lack of meaning might be attributed to events through historical analysis interpretation of texts artistic creation and criticism and philosophical and religious reflection Part Five Aftereffects explores the Holocaust s impact on politics and ethics education and religion national identities and international relations the prospects for genocide prevention and the defense of human rights

Fire in the Ashes David Patterson,John K. Roth,2012-03-15 Sixty years after it ended the Holocaust continues to leave survivors and their descendants as well as historians philosophers and theologians pondering the enormity of that event This book explores how inquiry about the

Holocaust challenges understanding especially its religious and ethical dimensions Debates about God s relationship to evil are ancient but the Holocaust complicated them in ways never before imagined Its massive destruction left Jews and Christians searching among the ashes to determine what if anything could repair the damage done to tradition and to theology Since the end of the Holocaust Jews and Christians have increasingly sought to know how or even whether theological analysis and reflection can aid in comprehending its aftermath Specifically Jews and Christians individually and collectively find themselves more and more in the position of needing either to rethink theodicy typically understood as the vindication of divine justice in the face of evil or to abolish the concept altogether Writing in a format that creates the feel of dialogue the contributors to *Fire in the Ashes* confront these and other difficult questions about God and evil after the Holocaust This book created out of shared concerns and a desire to investigate differences and disagreements between religious traditions and philosophical perspectives represents an effort to advance meaningful conversation between Jews and Christians and to encourage others to participate in similar inter and intrafaith inquiries The contributors to *Fire in the Ashes* are members of the Pastora Goldner Holocaust Symposium Led since its founding in 1996 by Leonard Grob and Henry F Knight the symposium s Holocaust and genocide scholars a group that is interfaith international interdisciplinary and intergenerational meet biennially in Oxfordshire England

Olga Lengyel, Auschwitz Survivor Peter

Davies, Hannah Holtschneider, Sheila E. Jelen, Christoph Thonfeld, 2025-02-13 This book arises out of a long series of conversations about one of the most intriguing but still under researched aspects of testimony how the remembering and telling of an individual Holocaust survivor changes through time through shifting contexts and with increasing age It comes at this issue from an interdisciplinary perspective not with the intention to develop a synthetic method but to explore how different perspectives overlap conflict with or complement each other It sets its definition of testimony statement very broadly treating published texts video testimonies and fragmentary statements and publications as of equal interest without a hierarchy of value The book focuses on Olga Lengyel 1908 2001 She wrote a memoir about her imprisonment in Auschwitz first published in French in 1946 which was translated into English with modifications in 1947 and half a century later in 1998 she gave video testimony for the USC Shoah Foundation's Visual History Archive Her testimony is well known enough to have gained a public profile and to have attracted some scholarly attention but is not canonical Her work is internationally known having been translated and received in a number of languages and having been an inspiration for William Styron's bestseller *Sophie's Choice* This book provides a condensed critical resource on Lengyel's testimonies addressing matters of historical veracity of trauma of gender of memory and of genre in the transmission and reception of Holocaust testimonies over time and across cultures
