German Resistance To Hitler Ethical And Religious Factors:

German Resistance to ... Hitler Mary Alice Gallin, 1961 German Resistance To... Hitler Mary A. Gallin, 1969

German resistance to Hitler Mary Alice Gallin, 1955 German Resistance to Hitler Peter Hoffmann, 1988 Hoffmann examines the growing recognition by some Germans in the 1930s of the malign nature of the Nazi regime the ways in which these people became involved in the resistance and the views of those who staked their lives in the struggle against tyranny and murder

History of the German Resistance, 1933-1945 Peter Hoffmann, 1996-10-08 The English version of the book has been extensively revised and expanded since its original publication in German This edition includes a new preface and an updated bibliography **Ethical and Religious Factors in the German Resistance to Hitler. German**

Resistance to ... Hitler: Ethical and Religious Factors Mary Alice GALLIN, 1961 *American Intelligence And The German Resistance* Jurgen Heideking, Christoph Mauch, 2018-02-23 Even paranoids have enemies Hitler's most powerful foes were the Allied powers but he also feared internal conspiracies bent on overthrowing his malevolent regime In fact there was a small but significant internal resistance to the Nazi regime and it did receive help from the outside world Through recently declassified intelligence documents this book reveals for the first time the complete story of America's wartime knowledge about encouragement of and secret collaboration with the German resistance to Hitler including the famous July 20th plot to assassinate the Fuehrer The U S government's secret contacts with the anti Nazi resistance were conducted by the OSS the World War II predecessor to the CIA Highly sensitive intelligence reports recently released by the CIA make it evident that the U S government had vast knowledge of what was going on inside the Third Reich For example a capitulation offer to the western Allies under consideration by Count von Moltke in 1943 was thoroughly discussed within the U S government And Allen Dulles who was later to become head of the CIA was well informed about the legendary plot of July 20th In fact these secret reports from inside Germany provide a well rounded picture of German society revealing the pro or anti Nazi attitudes of different social groups workers churches the military etc The newly released documents also show that scholars in the OSS many of them recruited from ivy league universities looked for anti Nazi movements and leaders to help create a democratic Germany after the war Such intelligence gathering was a major task of the OSS However OSS director Wild Bill Donovan and others favored subversive operations spreading disinformation and issuing propaganda Unorthodox and often dangerous schemes were developed including bogus resistance newspapers anti Nazi letters and postcards distributed through the German postal service sabotage and fake radio broadcasts from German generals calling for uprisings against the regime This is much more than a documentary collection Explanatory footnotes supply a wealth of background information for the reader and a comprehensive introduction puts the documents into their wider historical perspective Arranged in chronological order these intelligence reports provide a fascinating new perspective on the story of the German resistance to Hitler and reveal an intriguing and previously unexplored aspect of America's war with Hitler **Ethical and**

religious factors in the German Resistance to Hitler Mary Alice Gallin, **Germans Against Nazism** Francis R. Nicosia, Lawrence D. Stokes, 2015-08-01 Rather than being accepted by all of German society the Nazi regime was resisted in both passive and active forms This re issued volume examines opposition to National Socialism by Germans during the Third Reich in its broadest sense It considers individual and organized nonconformity opposition and resistance ranging from symbolic acts of disobedience to organized assassination attempts and looks at how disparate groups such as the Jewish community churches conservatives communists socialists and the military all defied the regime in their own ways

German Resistance To... Hitler Ethical and Religious Factors O.S.U. Mother Mary Alice Gallin (M.A.), 1955 **Ethical and Religious Factors in the German Resistance to Hitler. A Dissertation, Etc** Mary Alice GALLIN, 1955 *Bishop von Galen* Beth A. Griech-Polelle, 2008-10-01 Clemens August Graf von Galen Bishop of Münster from 1933 until his death in 1946 is renowned for his opposition to Nazism most notably for his public preaching in 1941 against Hitler's euthanasia project to rid the country of sick elderly mentally retarded and disabled Germans This provocative and revisionist biographical study of von Galen views him from a different perspective as a complex figure who moved between dissent and complicity during the Nazi regime opposing certain elements of National Socialism while choosing to remain silent on issues concerning discrimination deportation and the murder of Jews Beth Griech-Polelle places von Galen in the context of his times describing how the Catholic Church reacted to various Nazi policies how the anti Catholic legislation of the Kulturkampf shaped the repertoire of resistance tactics of northwestern German Catholics and how theological interpretations were used to justify resistance and or collaboration She discloses the reasons for von Galen's public denunciation of the euthanasia project and the ramifications of his openly defiant stance She reveals how the bishop portrayed Jews and what that depiction meant for Jews living in Nazi Germany Finally she investigates the creation of the image of von Galen as Grand Churchman Resister and discusses the implications of this for the myth of Catholic conservative resistance constructed in post 1945 Germany **The Conspiracy Against Hitler in the Twilight War** Harold C.

Deutsch, 1968-05-20 The Conspiracy Against Hitler in the Twilight War was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This is the first detailed account in English of the German anti Nazi plot of September 1939 May 1940 a conspiracy which involved the services of Pope Pius XII as intermediary Much new information is presented and the book puts the whole story of the German resistance movement in a clearer light than has been possible before Much of the account is based on the testimony of over fifty witnesses whom Professor Deutsch interviewed or interrogated comprising virtually all the participants or observers who survived the period He also had access to previously unavailable French and Belgian documents as well as to diaries and other private material As the author explains there were four major rounds of opposition to the Hitler regime the conspiracy described in this volume being the

second IN many ways it was the round in which circumstances were the most favorable for success High military quarters were the most fully committed it was the only plan in which a foreign power at odds with Germany Britain took a supporting position and it was the only instance in which a notable outside figure Pius XII made his good offices available as an intermediary The role of the Pope in this conspiracy has been known in a general way since 1946 but Professor Deutsch's investigation is the first intensive study were at the core of the affair Josef Muller the Opposition agent who dealt with the Pope and who later became the Bavarian Minister of Justice and Rev Robert Leiber S F the Pope's confidential aide In his conclusion Professor Deutsch points out that the story of this conspiracy clearly testifies to the moral nature of the German resistance movement The author writes No term recurred more often in these months to define the conflict with the Third Reich than the decent Germany

Catholic Citizens in the Third Reich Donald J. Dietrich, 1988-01-01 Why did some German Catholics support and others oppose the police state that was the Third Reich In this insightful analysis Donald Dietrich explores the social psychological dynamics behind the religious reactions of German Catholics to political and moral issues during the late Weimar and Third Reich eras Along with many other Germans Catholics were enmeshed in a cruel dilemma Assenting to Nazi ideals would mean a loss of moral credibility opposing them would result in persecution Dietrich shows how Catholics accommodated and sometimes resisted totalitarianism and the Final Solution Three groups of Catholics are examined the hierarchy the theologians and the laity The literature on Nazi Germany is enormous But this is the first analysis of the dynamics shaping individual motivations and group response to Nazi ideals This comprehensive work fuses results derived from social science research with the massive amount of historical data available It is an interdisciplinary study relating religious values to patterns of behavior an issue that retains its significance today

German Catholics and Hitler's Wars Gordon C. Zahn, 1988-09-30 Prior to the outbreak of World War II nearly forty thousand German Catholics were involved in the German Catholic Peace League a movement that caused many people in various countries to seriously reconsider the dimension of pacifism in their faith During the course of the War however many of these same German Catholics raised no serious objection to serving in Germany's armies or swearing allegiance to Adolph Hitler First published in 1962 German Catholics and Hitler's Wars created a furor ultimately causing a serious reevaluation of church state relationships and in particular of the morality of war This work began as an attempt to understand the demise of the German Catholic Peace League But because of various factors including the destruction of vital records Gordon C Zahn began to consider the behavior of German Catholics in general and the evidence of their almost total conformity to the war demands of the Nazi regime Using sociological analysis he argues convincingly for the existence of a super effective system of social controls and of a selection between the competing values of Catholicism and nationalism Although Zahn never speculates conclusions are inescapable chief among them that the traditional Catholic doctrine of the just war has ceased to be operative for Catholics in the modern world

The Shadow War Against Hitler Christof Mauch, 2003 Filled with revelations

and replete with telling detail this riveting book lifts the curtain on the United States secret intelligence operations in the war against Nazi Germany **A Spy at the Heart of the Third Reich** Lucas Delattre, 2018-09-01 The fascinating true story of a German bureaucrat who worked secretly with the Allies during World War II In 1943 a young official from the German foreign ministry contacted Allen Dulles an OSS officer in Switzerland who would later head the Central Intelligence Agency That man was Fritz Kolbe who had decided to betray his country after years of opposing Nazism While Dulles was skeptical Kolbe's information was such that he eventually admitted No single diplomat abroad of whatever rank could have got his hands on so much information as did this man he was one of my most valuable agents during World War II Using recently declassified materials at the US National Archives and Kolbe's personal papers Lucas Delattre has produced a disturbing and riveting biography that moves with the swift pace of a Le Carré thriller Booklist A richly detailed and well crafted account of one of America's most valuable German spies Library Journal **Hitler, the War, and the Pope, Revised and Expanded** Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute Twisted Cross Doris L. Bergen, 2000-11-09 How did Germany's Christians respond to Nazism In Twisted Cross Doris Bergen addresses one important element of this response by focusing on the 600 000 self-described German Christians who sought to expunge all Jewish elements from the Christian church In a process that became more daring as Nazi plans for genocide unfolded this group of Protestant lay people and clergy rejected the Old Testament ousted people defined as non Aryans from their congregations denied the Jewish ancestry of Jesus and removed

Hebrew words like Hallelujah from hymns Bergen refutes the notion that the German Christians were a marginal group and demonstrates that members occupied key positions within the Protestant church even after their agenda was rejected by the Nazi leadership Extending her analysis into the postwar period Bergen shows how the German Christians were relatively easily reincorporated into mainstream church life after 1945 Throughout Twisted Cross Bergen reveals the important role played by women and by the ideology of spiritual motherhood amid the German Christians glorification of a manly church
