## **German Today The Advanced Learners Guide:**

*German Today* William Burley Lockwood, 1987 This book is expressly designed as an all round guide for those who already have a foundation knowledge of German and who now want to extend their command of the language It covers the main points of the grammar in terms of current usage taking account of regional differences Particular attention is paid to those aspects of syntax in which German is unlike English

**Spoken Language Pragmatics** Regina Weinert, 2007-09-26 This volume provides a detailed analysis of the relationships between form and function in spontaneous spoken language The contributors analyse English German and Spanish data to present a multilingual perspective on the complexities facing speakers in a variety of contexts Through an examination of everyday language it is shown how speakers position themselves in relation to their discourse

**Research in Germanic Studies**, 1987 **The Working Languages of the European Community** Albert John Walford, 1991 **Language Processing in Advanced Learners of English** Marco

Schilk, 2020-05-15 The production and processing of collocations and formulaic language is a field of growing interest in corpus linguistics and experimental psycholinguistics In the past this fascinating field at the interface of grammar and the lexicon has been mainly studied based on English native speakers while research focusing on second language speakers and language learners has been comparatively rare This book proposes an integration of corpus based and experimental methods by analysing language processing of collocation by advanced learners of English In using corpus derived collocational stimuli of native like and learner typical language use in an experimental setting it shows how advanced German L1 learners of English process native like collocations L1 based interferences and non collocating lexical combinations This book is of interest to anyone interested in the psycholinguistic validity of collocation from a bilingual point of view as it explores methods of tracking collocational processing of speakers working with different sets of collocational preferences

*Language Monthly*, 1987 **Language** George Melville Bolling, Bernard Bloch, 1999 *Bradford Occasional Papers*, 1994 *American Book Publishing Record*, 2005 *Discourse Analysis in Translation Studies* Jeremy Munday, Meifang Zhang, 2017-07-18 Discourse analytic approaches are central to translator training and translation analysis but have been somewhat overlooked in recent translation studies This volume sets out to rectify this marginalization It considers the evolution of the use of discourse analysis in translation studies presents current research from ten leading figures in the field and provides pointers for the future Topics range from close textual analysis of cohesion thematic structure and the interpersonal function to the effects of global English and the discourses of cyberspace The inherent link between discourse and the construction of power is evident in many contributions that analyse institutional power and the linguistic resources which mark translator interpreter positioning An array of scenarios and languages are covered including Arabic Chinese English German Korean and Spanish Originally published as a special issue of *Target* 27 3 2015 [Quinquereme](#), 1988

*Learner Corpora in Language Testing and Assessment* Marcus Callies, Sandra Götz, 2015-04-15 The aim of this volume is

to highlight the benefits and potential of using learner corpora for the testing and assessment of L2 proficiency in both speaking and writing reflecting the growing importance of learner corpora in applied linguistics and second language acquisition research Identifying several desiderata for future research and practice the volume presents a selection of original studies covering a variety of different languages It features studies that present very thoroughly compiled new corpus resources which are tailor made and ready for analysis in LTA new tools for the automatic assessment of proficiency levels and new methods of self assessment with the help of learner corpora Other studies suggest innovative research methodologies of how proficiency can be operationalized through learner corpus data The volume is of particular interest to researchers in applied corpus linguistics learner corpus research language testing and assessment as well as for materials developers and language teachers

**Teaching and Learning in a Digital World** Michael E. Auer, David Guralnick, Istvan Simonics, 2018-02-09 This book gathers the Proceedings of the 20th International Conference on Interactive Collaborative Learning ICL2017 held in Budapest Hungary on 27-29 September 2017 The authors are currently witnessing a significant transformation in the development of education The impact of globalisation on all areas of human life the exponential acceleration of technological developments and global markets and the need for flexibility and agility are essential and challenging elements of this process that have to be tackled in general but especially in engineering education To face these current real world challenges higher education has to find innovative ways to quickly respond to them Since its inception in 1998 this conference has been devoted to new approaches in learning with a focus on collaborative learning Today the ICL conferences offer a forum for exchange concerning relevant trends and research results and for sharing practical experience gained while developing and testing elements of new technologies and pedagogies in the learning context

**Rethinking Linguistic Creativity in Non-native Englishes** Sandra C. Deshors, Sandra Götz, Samantha Laporte, 2018-07-19 At a time when the paradigm gap Sridhar Sridhar 1986 between the EFL and ESL research areas is attracting much scholarly attention the contributions in the current volume explore this gap from the perspective of linguistic innovations across the two different types of non native Englishes In this endeavour this volume unveils the many facets of linguistic innovations in non native English varieties and explores the fine line between learners erroneous versus creative use of a target language Adopting empirical corpus based approaches to portray linguistic innovations characteristic of EFL and ESL varieties the contributions show how the interaction of linguistic and social forces influences the development of novel linguistic forms in both endonormative ESL contexts and exonormative EFL contexts This volume is of relevance to linguists who are interested in the features of non native English and who wish to gain a better understanding of the nature of innovations along the EFL ESL continuum Originally published as a special issue of International Journal of Learner Corpora Research 22 2016      **The reporter's**
