Pohlsander, 2010 This book looks at the many transatlantic bonds which have linked and still link Germany and the United States German immigrants to the Americas brought with them a good deal of cultural baggage They cultivated their German heritage in their schools churches and clubs They expressed pride in this heritage by erecting monuments to Goethe or Schiller Beethoven or Wagner Alexander von Humboldt or Turnvater Jahn They claimed Friedrich Wilhelm von Steuben Carl Schurz Gustave Koerner and John A Roebling as their own But German born or German trained sculptors did not limit themselves to German subjects They also paid tribute to America by creating sculptures of Benjamin Franklin George Washington Thomas Jefferson Abraham Lincoln and others who occupy a

place of honor in American history While a few German monuments can be found in Canada and in Latin America the number of German monuments in the United States is surprisingly large These monuments illustrate the contribution often overlooked or ignored of the German American community to American society and American cultural life *Yearbook of German-American Studies* ,2000 **Minnesota Genealogist** ,1999 *Uncle Sam Wants You* Christopher Capozzola,2010-04-12 A powerful account of America s first mass mobilization revealing how the homefront tensions of World War I dramatically changed the modern American state **American Folk Art** Kristin G. Congdon,Kara Kelley Hallmark,2012-03-19 Folk art is as varied as it is indicative of person and place informed by innovation and grounded in cultural context The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays American Folk Art A Regional Reference offers a collection of fascinating essays on the life and work of 300 individual artists Some of the men and women profiled in these two volumes are well known while others are important practitioners who have yet to receive the notice they merit Because many of the artists in both categories have a clear identity with their land and culture the work is organized by geographical region and includes an essay on each region to help make connections visible There is also an introductory essay on U S folk art as a whole Those writing about folk art to date tend to view each artist as either traditional or innovative One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits they are grounded in their cultural context and creative in the way they make work their own Such insights expand the study of folk art even as they readjust readers understanding of who folk artists are *Judge Aaron Jaffe: Reforming Illinois* Charles M. Barber,2016-03-19 Judge Aaron Jaffe Reforming Illinois is an oral history of Aaron Jaffes legislative judicial and executive branch careers It is also a story of how the author met Judge Jaffe and gained wisdom from a master politician operating in one of America s most notorious political battlegrounds As legislator Jaffe changed rape laws to reflect victims perspectives Though white he was recruited to the Black Caucus because of a better voting record than other legislators black or white As judge he presided over divorce laws he passed as legislator and in Chancery Court preserved the Auditorium Theatre for Roosevelt University As chair of the Illinois Gaming Board he kept Illinois from adding other episodes to its scandal ridden traditions In mutual appreciation Aaron Jaffe listened to stories of genuine characters in Illinois politics that defy the imagination of fiction writers Their hilarious foibles machinations and insights appear in this volume alongside Judge Jaffe s witty observations about humans as political animals *Beyond the Sea of Beer* Miloslav Rechcigl Jr.,2017-11-09 This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states including Czechoslovakia and the Czech Republic based on the painstaking lifetime research of the author The reader will find lots of new information in this book that is not available elsewhere The title of the book comes from a popular song of the famous Czech artistic duo Voskovec and Werich who described America in those words when they lived here reflecting on their love for this country It covers the period starting soon after the discovery of

the New World to date The emphasis is on the US although Canada and Latin America are also covered It covers the arrival and the settlement of the immigrants in various states and regions of America their harsh beginnings the establishment of their communities and their organization A separate section is devoted to the contributions of notable individuals in different areas of human endeavor including Bohemians Moravians Bohemian Jews and the Slovaks These people excelled in just about every facet of human undertaking Even though a total number of these immigrants were fewer than other ethnic groups their accomplishments were phenomenal Nothing like this has ever been published since the time Thomas Capek wrote his classic *The Cechs Bohemians in America* some one hundred years ago *The Social Contract* ,1996 *Quiet Invaders Revisited* Günter Bischof,2017-07-12 sterreichische Einwanderung in die USA Die vorliegende Publikation beleuchtet das Thema der Migration von sterreichern in die USA genauer das bis heute ein immer noch sehr unerforschtes Gebiet ist Seit kurzer Zeit erlebt die Forschung allerdings einen neuen Aufschwung es herrscht gro es Interesse vor allem in der Biografieforschung Die vorliegenden Beitr ge basieren auf einer Tagung die im Juni 2015 in Wien zum gleichnamigen Thema stattgefunden hat Es handelt sich haupts chlich um Fallstudien ber emigrierte sterreicher die ihre Heimat aus wirtschaftlichen politischen oder karrieretechnischen Gr nden verlassen haben Alle mussten sich mit einer schwierigen Einwanderungspolitik der USA auseinandersetzen trotzdem ist den meisten von ihnen eine erfolgreiche Integration in die amerikanische Gesellschaft gelungen The essays in this book argue that the United States served as a great attraction for economic betterment to Austrian migrants before and World War I yet a third of these migrants actually remigrated Remigration was less likely after World War I as the economic situation deteriorated in Europe and the political situation landscape became desperate for Jews and the opponents of the Hitler regime Most of the Austrians migrating to the U S in the World War II era stayed For the roughly 30 000 Jews who had been brutally kicked out of their homes after the Anschluss and managed to snag immigration papers to the U S returning to desperately poor and still anti Semitic Austria was not an option These case studies show that integrating and assimilating into the American mainstream often was a difficult process that might take two generations Many of the intellectuals and academics never fully felt at home in the U S as they viewed American culture shallow and American values too materialistic **Minnesota History** Theodore Christian Blegen,Bertha Lion Heilbron,1996 Vol 6 includes the 23d Biennial report of the Society 1923 24 as an extra number *Annals of Iowa* ,2001
