Germans Biography Of An Obsession:

Germans George Bailey, 1974 The classic history of Germany updated to include the Eastern European counterrevolution the reunification and the impact of recent events on Europe and the world **Germans** George Bailey, 1974 *The Roots of Nazi Psychology* Jay Y. Gonen, 2013-07-24 Was Hitler a moral aberration or a man of his people This topic has been hotly argued in recent years and now Jay Gonen brings new answers to the debate using a psychohistorical perspective contending that Hitler reflected the psyche of many Germans of his time Like any charismatic leader Hitler was an expert scanner of the Zeitgeist He possessed an uncanny ability to read the masses correctly and guide them with new ideas that were merely reflections of what the people already believed Gonen argues that Hitler's notions grew from the general fabric of German culture in the years following World War I Basing his work in the role of ideologies in group psychology Gonen exposes the psychological underpinnings of Nazi Germany's desire to expand its living space and exterminate Jews Hitler responded to the nation's group fantasy of renewing a Holy Roman Empire of the German nation He presented the utopian ideal of one large state where the nation represented one extended family In reality however he desired the triumph of automatism and totalitarian practices that would preempt family autonomy and private action Such a regimented state would become a war machine designed to breed infantile soldiers brainwashed for sacrifice To achieve that aim he unleashed barbaric forces whose utopian features were the very aspects of the state that made it most cruel The Great German Nation Craig White, 2007-09 Who exactly are the Germans From which ancestor of Noah do they descend Might their roots be found in the ancient Middle East Does the Bible God's precious Word have anything to say with regard to the very talented German peoples and their ancient roots Or does God ignore major nations such as Germany in His Word These fascinating and highly talented people have been central to world history Notice a chilling comment in an article on Russia by Peter Zeihan history really does run in cycles Take Europe for example European history is a chronicle of the rise and fall of its geographic center As Germany rises the powers on its periphery buckle under its strength and are forced to pool resources in order to beat back Berlin As Germany falters the power vacuum at the middle of the Continent allows the countries on Germany's borders to rise in strength and become major powers themselves Since the formation of the first Germany in 800 this cycle has set the tempo and tenor of European affairs A strong Germany means consolidation followed by a catastrophic war a weak Germany creates a multilateral concert of powers and multistate competition often involving war but not on nearly as large a scale For Europe this cycle of German rise and fall has run its course three times the Holy Roman Empire Imperial Germany Nazi Germany and is only now entering its fourth iteration with the reunified Germany *Nato and Germany: a Study in the Sociology of Supernational Relations* (c) Stanford M. Lyman, 1995 Focusing on the Cold War years this monograph examines the processes problems and policies through which the Federal Republic of Germany was formed and admitted into the North Atlantic Treaty Organization NATO The author compares the situation of Weimar Germany during its short lived postwar

decade with that of the Federal Republic by applying geopolitical concepts and theory illustrating Germany's territorial uniqueness and how that special aspect of its place on the European continent influenced the nation's diplomacy in both eras

The Wall Christopher Hilton, 2011-07-31 For almost three decades the Cold War was focused on Berlin where the two nuclear armed sides were kept apart by a twelve foot wall which had appeared almost overnight in August 1961 For a generation until its fall in November 1989 it not only divided the city of Berlin but also symbolised the confrontation between capitalist West and socialist East In this astonishing book journalist Christopher Hilton has collected together the individual stories of those whose lives it affected including international politicians American and British soldiers East German border guards and most importantly the citizens of Berlin itself West and East Weaving their memories together into a remarkable narrative this is the extraordinarily vivid occasionally harrowing and often touching story of a city divided and of how it affected the lives of real people

The Wrath of Nations: Civilizations and the Furies of Nationalism William Pfaff, 1994-11-10 In this refreshing antidote to the swell of books about the end of modernity Ivan Sanders Commonweal William Pfaff writes an enthralling narrative of the fall of empires and the rise of nations and with them of modern nationalism the most important of all political forces as we enter the next century Rooted in the human need for secure place communal loyalty and individual identification nationalism has both created nations and ruined them It paved the way for Nazism but eventually destroyed it It brought down the European colonial empires but has left Africa confronting anarchy and much of Asia dominated by ambitious and authoritarian new nations It forced Soviet armies out of Afghanistan and Eastern Europe and eventually led to the downfall of Communism Writing with both urgency and sobriety William Pfaff shows that without understanding this ineradicable factor in our political life we cannot reckon with the realities that may await us

Major General Maurice Rose Stephen L. Ossad, Don R. Marsh, 2006-05-05 Major General Maurice Rose 1899-1945 commander of 3rd Armored First Army's legendary Spearhead division was the highest ranking American Jewish officer ever killed in battle and the only individual casualty to spark a War Crimes Investigation This the first and only biography of this important World War II figure tells the dramatic story of Rose's life from his childhood as a son of a rabbi through his experiences in World War I and in the U S cavalry to his meteoric rise as America's answer to Rommel In 1943 Rose negotiated and accepted the surrender of the German Army in Tunisia the first large scale surrender to an American force during World War II At the Battle of Carentan in June 1944 he saved the 506th Parachute Infantry of Band of Brothers fame and might very well have saved the entire Normandy beachhead from a catastrophic German counterattack His brilliant daring and aggressive defensive tactics during the Battle of the Bulge prevented an enemy breakthrough to the Meuse River and beyond thereby frustrating the German advance Based on original archival research and exclusive interviews this biography shatters old myths and factual distortions and offers a refreshingly inquisitive and critical perspective Steven L Ossad and Don R Marsh reveal new insights into Rose's controversial death was he killed because he was Jewish or because

he went for his weapon and about the even more controversial investigations that followed As compelling and extraordinary as the life that it describes this biography pays long overdue tribute to one of America s greatest heroes **Ritchie Boy Secrets** Beverley Driver Eddy,2021-09-07 In June 1942 the U S Army began recruiting immigrants the children of immigrants refugees and others with language skills and knowledge of enemy lands and cultures for a special military intelligence group being trained in the mountains of northern Maryland and sent into Europe and the Pacific Ultimately 15 000 men and some women received this specialized training and went on to make vital contributions to victory in World War II This is their story which Beverley Driver Eddy tells thoroughly and colorfully drawing heavily on interviews with surviving Ritchie Boys The army recruited not just those fluent in German French Italian and Polish approximately a fifth were Jewish refugees from Europe but also Arabic Japanese Dutch Greek Norwegian Russian Turkish and other languages as well as some 200 Native Americans and 200 WACs They were trained in photo interpretation terrain analysis POW interrogation counterintelligence espionage signal intelligence including pigeons mapmaking intelligence gathering and close combat Many landed in France on D Day Many more fanned out across Europe and around the world completing their missions often in cooperation with the OSS and Counterintelligence Corps sometimes on the front lines often behind the lines The Ritchie Boys intelligence proved vital during the liberation of Paris and the Battle of the Bulge They helped craft the print and radio propaganda that wore down German homefront morale If caught they could have been executed as spies After the war they translated and interrogated at the Nuremberg trials One participated in using war criminal Klaus Barbie as an anti communist agent Meanwhile Ritchie Boys in the Pacific Theater of Operations collected intelligence in Burma and China directed bombing raids in New Guinea and the Philippines and fought on Okinawa and Iwo Jima This is a different kind of World War II story and Eddy tells it with conviction supported by years of research and interviews **The Pink Triangle** Richard Plant,2011-04-01 This is the first comprehensive book in English on the fate of the homosexuals in Nazi Germany The author a German refugee examines the climate and conditions that gave rise to a vicious campaign against Germany s gays as directed by Himmler and his SS persecution that resulted in tens of thousands of arrests and thousands of deaths In this Nazi crusade homosexual prisoners were confined to death camps where forced to wear pink triangles they constituted the lowest rung in the camp hierarchy The horror of camp life is described through diaries previously untranslated documents and interviews with and letters from survivors revealing how the anti homosexual campaign was conducted the crackpot homophobic fantasies that fueled it the men who made it possible and those who were its victims this chilling book sheds light on a corner of twentieth century history that has been hidden in the shadows much too long **The Seductions of Biography** David Suchoff,Mary Rhiel,2016-02-04 The Seductions of Biography is an important volume which sheds new light on a flourishing literary form the biography In postmodern culture new methods and intentions emerge as well as new obstacles towards our understanding of biography as a genre This book provides a thorough exploration of this genre from a

wide range of postmodern perspectives The Seductions of Biography brings together a number of essays which reflect in culturally critical as well as autobiographical terms on current themes and practices of contemporary biography Issues addressed by these essays focus on the postmodern dilemma itself as new voices from excluded communities make themselves heard in biographical works the decentralization of new issues such as gender ethnicity and sexuality becomes problematic Contributors question the responsibilities a biographer has both to the subject and the public and consider also questions of morality and taste for example is it fair to use private tapings made by your subject s analyst And how much do we really need to know about Eleanor Roosevelt s sex life The impact of sexuality on our reading of public figures is addressed as well as other issues which explore the popular and provocative nature of biography Interdisciplinary and wide ranging in scope The Seductions of Biography will appeal to biographers historians cultural critics and the vast population of avid biography readers Contributors Kwame Anthony Appiah Clark Blaise Marilyn L Brownstein Blanche Wiesen Cook John D Emilio Jeffrey Louis Decker Michael Eric Dyson Diana Fuss Marjorie Garber Henry Louis Gates Jr Hayden Herrera Maurice Isserman Barbara Johnson William S McFeely Diane Wood Middlebrook Richard J Powell Phyllis Rose Doris Sommer Marita Sturken Sherley Anne Williams Jean Fagan Yellin

Outpost Berlin Harold Schwartz, 2010-12-30 University student Helmut Wegner curses himself for his procrastination as he waits in the rain in the muddy woods for his Flchthelfer the escape helpers Twelve weeks earlier prior to August 13 1961 he could have strolled easily across the border separating East Berlin from the section occupied by the three Western allies Now crossing the border is a dangerous endeavor But Wegner is far from the only man who seeks to escape Outpost Berlin chronicles the tales of both successful and failed escape attempts over the Berlin Wall since its erection in 1961 Each chapter begins with a short historical background and description of the location a dedication to an American or German who played a significant role in the defense of West Berlin and a prologue detailing the implications that the incidents had for West Berlins future Capturing the essence of the era Outpost Berlin presents a historical look at the stories of American military intelligence officers German escapees and the escape helpers

Nazi-Deutsch/Nazi German Karen Doerr, 2002-01-30 Created and used as an instrument of coercion and indoctrination the Nazi language Nazi Deutsch reveals how the Nazis ruled Germany and German occupied Europe fought World War II and committed mass murder and genocide employing language to encode and euphemize these actions Written by two scholars specializing in socio linguistic and historical issues of the Nazi period this book provides a unique extensive meticulously researched dictionary of the language of the Third Reich It is an important reference work for English and German speaking scholars students and teachers of the interwar years the Nazi era World War II and the Holocaust The first and only comprehensive German English dictionary of the Third Reich language the book provides clear concise expert definitions with background information Using up to date research the book provides access in a single volume to a specialized charged vocabulary including the terminology of Nazi ideology propaganda slogans military terms ranks and offices abbreviations and

acronyms euphemisms and code names Germanized words slang chauvinistic and anti Semitic vocabulary and racist and sexist slurs The volume is an indispensable tool for research study and reading about World War II and the Holocaust

New Germans, New Dutch Liesbeth Minnaard, 2025-10-01 In the globalised world of today traditional definitions of national Self and national Other no longer hold The unmistakable transformation of German and Dutch societies demands a thorough rethinking of national boundaries on several levels This book examines how literature of migration intervenes in public discourses on multiculturalism in Germany and the Netherlands epitomised in the strikingly parallel debates on the German Leitkultur and the Dutch multicultural drama in the year 2000 By juxtaposing detailed analyses of literary work by the Turkish German writers Emine Sevgi Zdamar and Feridun Zaimoglu and the Moroccan Dutch writers Abdelkader Benali and Hafid Bouazza New Germans New Dutch offers crucial insights into the specific ways in which this literature negotiates its national context of writing This book demonstrates how German literature of migration seeks alternative forms of community outside the national parameters whereas the Dutch literature negotiates difference and re imagines Dutchness within the national framework *Crime of Genocide* United States. Congress. Senate. Committee on Foreign Relations, 1985

Dictionary of World Biography Barry Jones, 2022-11-30 Jones Barry Owen 1932 Australian politician writer and lawyer born in Geelong Educated at Melbourne High School and Melbourne University he was a public servant high school teacher television and radio performer university lecturer and lawyer before serving as a Labor MP in the Victorian Parliament 1972 77 and the Australian House of Representatives 1977 98 He took a leading role in reviving the Australian film industry and abolishing the death penalty in Australia and was the first politician to raise public awareness of global warming the post industrial society the IT revolution biotechnology the rise of the Third Age and the need to preserve Antarctica as a wilderness In the Hawke Government he was Minister for Science 1983 90 Prices and Consumer Affairs 1987 Small Business 1987 90 and Customs 1988 90 He became a member of the Executive Board of UNESCO Paris 1991 95 and National President of the Australian Labor Party 1992 2000 2005 06 He was Deputy Chairman of the Constitutional Convention 1998 His books include *Decades of Decision* 1860 1965 *Joseph II* 1968 and *Age of Apocalypse* 1975 and he edited *The Penalty Is Death* 1968 revised and expanded 2022 *Sleepers Wake Technology and the Future of Work* was published by Oxford University Press in 1982 became a bestseller and has been translated into Chinese Japanese Korean Swedish and braille The fourth edition was published in 1995 *Knowledge Courage Leadership Insights Reflections* a collection of speeches and essays appeared in 2016 He received a DSc in 1988 for his services to science and a DLitt in 1993 for his work on information theory Elected FTSE 1992 FAHA 1993 FAA 1996 and FASSA 2003 he is the only person to have become a Fellow of four of Australia's five learned Academies Awarded an AO in 1993 named as one of Australia's 100 living national treasures in 1997 he was elected a Visiting Fellow Commoner of Trinity College Cambridge in 1999 His autobiography *A Thinking Reed* was published in 2006 and *The Shock of Recognition* about music and literature in 2016 In 2014 he received an AC for services as

a leading intellectual in Australian public life What Is to Be Done was published by Scribe in 2020 *Biography: An Historiography* Melanie Nolan, 2023-04-03 *Biography: An Historiography* examines how Western historians have used biography from the nineteenth century to the present considering the problems and challenges that historians have faced in their biographical practice systematically This volume analyses the strategies and methods that historians have used in response to seven major issues identified over time to do with evidence including but not limited to the problem of causation the problem of fact and fiction the problem of other minds the problem of significance or representativeness the problems of perspective both macro and micro and the problem of subjectivity and relative truth This volume will be essential for both postgraduates and historians studying biography *Dietrich: A Biography* Ean Wood, 2012-06-26 Hollywood icon German dissident lover war heroine distant mother and eventual recluse These are just some of the sobriquets attached to Marlene Dietrich Ean Wood seeks to show the true Marlene Dietrich the girl from Berlin who would find herself at the centre of world events a supporter of the Allied cause and movie icon meeting working with and loving some of the most powerful and influential men of the 20th century **American Book Publishing Record** , 1998 *Liszt in Germany, 1840-1845* Michael Saffle, 1994 This work traces the composer's German tours from Leipzig and Dresden to major cities like Munich and Berlin and to such out of the way places as Rolandseck Solingen Liegnitz Jena and Ludwigsburg Cited or paraphrased in the text are quotations from more than 2 000 sources many of them new to Liszt scholarship Separate chapters are devoted to Liszt's reception by German critics and to the German compositions Liszt completed for voice male chorus and piano during these tours The book concludes with a listing of all Liszt's German concerts and with translations of fifteen especially lengthy and interesting reviews
