**Politics and Ethnicity** J. Rudolph,2006-08-05 This book offers a brief broad comparative study of ethnic politics that places ethnic conflict within the context of particular political systems To develop these themes they are explored by comparing and contrasting the experiences of France Czechoslovakia and its subsequent division and Nigeria Post-Soviet Political Order Barnett Rubin,Jack Snyder,2002-11-01 Post Soviet Political Order asks what is shaping the institutional pattern of the post Soviet political order what the new order will be like what patterns of conflict are emerging and what can be done about stabilising the region In considering these questions the contributors converge on four common themes the institutional legacy of empire the social processes unleashed by imperial collapse patterns of bargaining within and between states to resolve conflicts arising out of the imperial collapse the impact of the wider international setting on the pattern of post imperial politics Focusing on the former Soviet Union and Eastern European countries the contributors show how strong state institutions are essential if conflict and political instability are to be avoided **Holocaust Public Memory in**

**Postcommunist Romania** Alexandru Florian,2018-01-24 An excellent analysis of the slow but steady evolution of Romania from heavy Holocaust denial toward a fair confrontation of its tragic past Radu Ioanid author of *The Holocaust in Romania* How is the Holocaust remembered in Romania since the fall of communism Alexandru Florian and an international group of contributors unveil how and why Romania a place where large segments of the Jewish and Roma populations perished still fails to address its recent past These essays focus on the roles of government and public actors that choose to promote construct defend or contest the memory of the Holocaust as well as the tools the press the media monuments and commemorations that create public memory Coming from a variety of perspectives these essays provide a compelling view of what memories exist how they are sustained how they can be distorted and how public remembrance of the Holocaust can be encouraged in Romanian society today While positive changes have taken place a large gap exists between the historical facts and public knowledge about Romania and the Holocaust This volume offers a fresh and nuanced understanding of the contemporary battles of memory in postcommunist Eastern Europe Diana Dumitru author of *The State Antisemitism and Collaboration in the Holocaust* An excellent and timely addition to European historiography The book consists of eight chapters most of them written by scholars affiliated with the Elie Wiesel Institute It not only shows the challenges faced in remembering Romania s involvement in the Holocaust but provides an excellent comparative analysis with other countries in the region Reading Religion **Power and Influence after the Cold War** Ann L. Phillips,2000-05-30 Challenging conventional wisdom about German dominance in the new Europe this study presents a new approach to the question of

power and influence after the Cold War Inspired by the debate over German hegemony and drawing on intensive fieldwork Ann L Phillips develops two original cases of German relations with East Central Europe to test competing arguments As she convincingly demonstrates the politics of reconciliation and the activities of German party affiliated foundations illustrate German engagement in the region in its dual faces restraint and projection The author uses the less developed literature on reciprocal influences of domestic politics and the international environment to frame her analysis These two cases provide evidence not only of the intersection of domestic politics and international relations but of when and how one trumps the other Contributing to the theoretical debate Phillips argues that this interplay explains the divergent trajectories bilateral relations have taken since 1990 in ways that more traditional neo realist or liberal approaches could not The author s fresh perspective and new evidence demonstrate that East Central European states play a much greater role in the influence equation than they did in the past

**The German Question and Other German Questions** D. Schoenbaum,E.

Pond,1996-06-25 a most significant addition to the literature on its subject Roger Morgan Professor of Political Science European University Institute Florence An unconventional overview of a new and normal Germany fifty years after World War 2 and five years after unification The authors address the challenges of ageing and migration to a tangled national identity their impact on a cautious yet resilient society and an inertial yet dynamic economy and the frequently surprising ways Germans have learned to cope with one another redefine and pursue their interests and deal with a changing world after two dictatorships two world wars and one cold war

**Problem of Order** Dennis Wrong,1994-01-31 At the end of the twentieth century many fear that the bonds holding civil society together have come undone Yet as the noted scholar Dennis Wrong shows us our generation is not alone in fearing a breakdown of social ties and a descent into violent conflict

**Ways of Being in Literary and Cultural Spaces** Leo Loveday,Emilia Parpală,2016-09-23 In accordance with the notion that identity is absolutely central to ontological and discursive practices this volume explores a multiplicity of ways of being including the adoption of an ethnic position the enactment of gender the conception of childhood and artistic visions of urban life in addition to other pivotal modes of existence Beyond discourses of identity featured in the first section of this work ways of performing identity in literature are brought to light in the second half through studies into for instance the roles of enunciator and reader the depiction of villainy and the portrayal of rebellious victimhood Integrating research from Great Britain Bulgaria Iraq Japan Romania Spain and Ukraine this collection of fifteen chapters offers innovative and inspiring insights from a comparative stance into the complex dynamics and parameters which govern the construction of identity in cultural and literary space

**After The Wall** Patricia J Smith,2019-05-20 Since the fall of the Berlin Wall in November 1989 Germany has faced complex challenges The rapid introduction of political economic and social union in 1990 joined East and West in an experiment without precedent as the former German Democratic Republic adopted the structures of the Federal Republic of Germany Related issues include the ado
