## Fishers Of Darksea:

The Fishers of Darksea Roger Eldridge, 1984-01-01      *Complete Critical Assembly* David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome's greatest poet in a time of profound cultural change. Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity. This volume considers the different ways in which Vergil was read, understood and appropriated by poets, commentators, Church fathers, orators and historians. The introduction outlines the cultural and historical contexts. Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory. An epilogue concludes the volume.

**Jim Kobak's Kirkus Reviews**, 1986      **Kirkus Reviews**, 1986 Adult books are categorized by genre: i.e. fiction, mystery, science fiction, nonfiction. Along with bibliographic information, the expected date of publication and the names of literary agents for individual titles are provided. Starred reviews serve several functions. In the adult section they mark potential bestsellers, major promotions, book club selections, and just very good books. In the children's section they denote books of very high quality. The unsigned reviews manage to be discerning and sometimes quite critical.

*The Mammoth Book of Best New Horror 19* Stephen Jones, 2011-08-04 Here is the latest edition of the world's premier annual showcase of horror and dark fantasy fiction. The Mammoth Book of Best New Horror also features the most comprehensive yearly overview of horror around the world, lists of useful contact addresses, and a fascinating necrology. *Hunters of the Dark Sea* Mel Odom, 2003-07-18 Horatio Hornblower meets Moby Dick meets Predator in this rip-roaring yarn, a sci-fi historical thriller set on the high seas. *Booklist* They were the whalers of the nineteenth century, leaving home for months, nay years, at a time in search of the largest creatures of the earth. It was their job to hunt these mammoth sea dwellers for their oil and feed the trade in hopes of raising enough coin to feed their families back in port. They are the hunters of the dark sea in search of the deadly behemoth that is their stock and trade. It is a life-and-death profession where even the greenest member of the crew knows the odds of survival until these odds are changed by an even deadlier hunter than themselves: an unearthly predator that is now stalking them. Smartly told, a surefire page-turner. Mel Odom really knows how to keep a reader turning pages; are only some of the accolades bestowed on award
