Catalog, 1981, 1982 Ideology and Modern Culture John B. Thompson, 2013-05-02 In this major new work Thompson
 develops an original account of ideology and relates it to the analysis of culture and mass communication in modern Societies
 Thompson offers a concise and critical appraisal of major contributions to the theory of ideology from Marx and Mannheim to
 Horkheimer Adorno and Habermas He argues that these thinkers and social and political theorists more generally have failed
 to deal adequately with the nature of mass communication and its role in the modern world In order to overcome this
 deficiency Thompson undertakes a wide ranging analysis of the development of mass communication outlining a distinctive
 social theory of the mass media and their impact **British Librarianship and Information Work 1976-1980** L. J.
 Taylor, 1982 Seventeenth Century Practical Mathematics Paul Hughes, 2021-09-28 This exciting Greenville Collins
 biography is about seventeenth century navigation focusing for the first time on mathematics practised at sea This
 monograph argues the Restoration kings Charles II and James II promotion of cartography for both strategy and trade It is
 aimed at the academic cartographic and larger market of marine enthusiasts Through shipwreck and Arctic marooning and
 Dutch and Spanish charts Collins evolved a Prime Meridian running through Charles's capital After John Ogilby's successful
 Britannia Charles set Collins surveying his kingdom's coasts and James set John Adair surveying in Scotland They
 triangulated at sea Subsequently Collins persuaded James to sustain his dead brother's ambition This the British coast's first
 survey took six years After James's flight and William III's invasion Collins lead the royal yacht squadron for six years more
 garnering funds to publish Great Britain's Coasting Pilot The Admiralty and civic institutions subsidised what became his own
 pilot Collins aided Royal Society members in their investigations and his new guide remained vital to navigators through the
 century following Charles's cartographic promotion bloomed the most spectacularly in the atlases of Ogilby Collins and John
 Flamsteed for roads harbours and stars Hellenisms Katerina Zacharia, 2016-12-14 This volume casts a fresh look at the

multifaceted expressions of diachronic Hellenisms A distinguished group of historians classicists anthropologists ethnographers cultural studies and comparative literature scholars contribute essays exploring the variegated mantles of Greek ethnicity and the legacy of Greek culture for the ancient and modern Greeks in the homeland and the diaspora as well as for the ancient Romans and the modern Europeans Given the scarcity of books on diachronic Hellenism in the English speaking world the publication of this volume represents nothing less than a breakthrough The book provides a valuable forum to reflect on Hellenism and is certain to generate further academic interest in the topic The specific contribution of this volume lies in the fact that it problematizes the fluidity of Hellenism and offers a much needed public dialogue between disparate viewpoints in the process making a case for the existence and viability of such a polyphony The chapters in this volume offer a reorientation of the study of Hellenism away from a binary perception to approaches giving priority to fluidity hybridity and multi vocality The volume also deals with issues of recycling tradition cultural category and perceptions of ethnicity Topics explored range from European Philhellenism to Hellenic Hellenism from the Athens 2004 Olympics to Greek cinema from a psychoanalytical engagement with anthropological material to a subtle ethnographic analysis of Greek American women s material culture The readership envisaged is both academic and non specialist with this aim in mind all quotations from ancient and modern sources in foreign languages have been translated into English
