## **Five Miles From Bunkum A Village And Its Crafts:**

*Five Miles from Bunkum* Christopher Ketteridge, Spike Mays, 1972-01-01      The English Pig Robert Malcolmson, Stephanos Mastoris, 1998-01-01 The English Pig is an account of pigs and pig keeping from the sixteenth century to modern times concentrating on the domestic cottage pig rather than commercial farming In Victorian England the pig was an integral part of village life both visible and essential Living in close proximity to its owners fed on scraps and the subject of perennial interest the pig when dead provided the means to repay social and monetary debts as well as excellent meat While the words associated with the pig such as hoggish swine and pigsty and phrases like greedy as a pig associate the pig with greed and dirt this book shows the pig s virtues intelligence and distinctive character It is a portrait of one of the most recognisable but least known of farm animals seen here also in many photographs and other representations The pig has a modest place in literature from Fielding s pig keeping Parson Trulliber to Hardy s Jude the Obscure and to Flora Thompson s Lark Rise to Candleford In modern times while vanishing from the sight of most people it has been sentimentalised in children s stories and commercialised in advertisements      **The Great Eastern Railway, The Late 19th and Early 20th Century, 1862-1924** Charles Phillips, 2024-08-30 This is the second volume of the history of the Great Eastern Railway from 1811 to 1924 This volume covers from 1862 when the Great Eastern Railway was formed to 1924 when with the absorption of the Colne Valley and Halstead Railway and the Mid Suffolk Light Railway into the LNER the cessation of locomotive building at Stratford and the departure of the Company s last General Manager Sidney Parnwell the GER could finally be said to exist The history covers many things including the building and the subsequent expansion of Liverpool Street station and the development of the extensive suburban system The Company s attempts to gain direct access to the northern coal fields which resulted in the formation of the Great Northern and Great Eastern Joint Line is mentioned as is the abortive proposed working union with the Great Northern and the Great Central railways Relations with London Tilbury and Southend Railway including the battle for the Southend traffic from 1911 are dealt with as is the effect of Midland Railway takeover of that Railway How the GER dealt with the threat of electric tube railways at the turn of the 20th century receives attention as do the abortive proposals in 1918 for the electrification of the Company s suburban services      **The Penguin Guide to the Superstitions of Britain and Ireland** Steve Roud, 2006-04-06 Are black cats lucky or unlucky What should you do when you hear the first cuckoo Since when have people believed that it s unlucky to shoot an albatross Why does breaking a mirror lead to misfortune This fascinating collection answers these and many other questions about the world of superstitions and forms an endlessly browsable guide to a subject that continues to obsess and intrigue      **Spirits of Community** K. D. M. Snell, 2016-06-16 Concern about the decline of community and the theme of community spirit are internationally widespread in the modern world The English past has featured many representations of declining community expressed by those who lamented its loss in quite different periods and in diverse genres This book analyses how community spirit and the passing of

community have been described in the past whether for good or ill with an eye to modern issues such as the so called loneliness epidemic or the social consequences of alternative structures of community It does this through examination of authors such as Thomas Hardy James Wentworth Day Adrian Bell and H E Bates by appraising detective fiction writers analysing parish magazines considering the letter writing of the parish poor in the 18th and 19th centuries and through the depictions of realist landscape painters such as George Morland K D M Snell addresses modern social concerns showing how many current preoccupations had earlier precedents In presenting past representations of declining communities and the way these affected individuals of very different political persuasions the book draws out lessons and examples from the past about what community has meant hitherto setting into context modern predicaments and judgements about spirits of community today
