Five For Five The Films Of Spike Lee:

Five for Five Terry McMillan,1991 A critical and interpretive tribute to the work of film maker Spike Lee Essays by African American writers Terry McMillan Toni Cade Bambara Nelson George Charles Johnson Henry Louis Gates Jr and Melvin Van Peebles accompany production stills taken by David Lee **Spike Lee** Jason P. Vest,2014-09-30 Spike Lee s journey from guerrilla filmmaker to Hollywood insider is explored in light of his personal background the cultural influence of his films and the extensive scholarship his movies have inspired This insightful study probes the iconic filmmaker s career as a director and shaper of American culture It not only sheds light on the ways in which Lee s background influences and outlook affect his films but also discusses how he participates in transforms and transcends the tradition of black American filmmaking Each chapter offers a critical assessment of at least one and sometimes multiple Lee films examining their production history their place in Lee s filmography and their aesthetic cultural and historical significance Readers will come away from this first scholarly assessment of Lee s career and work with a better understanding of his penchant for stirring up controversy about significant social political and artistic issues as well as his role as an American artist who provokes his audiences as much as he pacifies them **The Philosophy of Spike Lee** Mark T. Conard,2011-07-22 Over his twenty plus year tenure in Hollywood Spike Lee has produced a number of controversial films that unapologetically confront sensitive social issues particularly those of race relations and discrimination Through his honest portrayals of life s social obstacles he challenges the public to reflect on the world s problems and divisions The innovative director created a name for himself with feature films such as Do the Right Thing 1989 and Malcolm X 1992 and with documentaries such as 4 Little Girls 1997 and When the Levees Broke 2006 breaking with Hollywood s reliance on cultural stereotypes to portray African Americans in a more realistic light The director continues to produce poignant films that address some of modern society s most important historical movements and events In The Philosophy of Spike Lee editor Mark T Conard and an impressive list of contributors delve into the rich philosophy behind this filmmaker s extensive work Not only do they analyze the major themes of race and discrimination that permeate Lee s productions but also examine other philosophical ideas that are found in his films ideas such as the nature of time transcendence moral motivation self constitution and justice The authors specialize in a variety of academic disciplines that range from African American Studies to literary and cultural criticism and Philosophy **Do the Right Thing** Ed Guerrero,2020-05-14 Spike Lee s Do The Right Thing 1989 is one of the most popular and celebrated examples of the African American new black film wave Set during the hottest day of a hot summer in New York City the film s ensemble cast including Lee himself brilliantly play out the edgy negotiations and dramas of a racially and culturally diverse working class Brooklyn neighborhood Contrary to Hollywood s markedly cautious treatment of race and its confinement to the South and the past Do The Right Thing offers a nuanced portrayal of black urban life From hip hop fashions Afrocentric colors and rap music to police brutality gentrification non white immigration de industrialization and joblessness Do The

Right Thing depicts it all from a contemporary African American point of view In his insightful study of the film Ed Guerrero discusses how it epitomizes Spike Lee s powerful impact on the representation of race and difference in America the progress of black film making and the rise of multicultural voices in the media This new edition includes a foreword by the author reflecting on Lee s subsequent film making career and on an America in which African Americans still contend with racial discrimination and police brutality Guerrero emphasizes Lee s especially timely understanding of black film making as a complex act mixing the skills of art politics and business in order to fashion a creative practice that confronts institutional discrimination and power relations head on *A Short History of Film* Wheeler Winston Dixon,Gwendolyn Audrey

Cinema Paula Massood,2011-01-19 In *Black City Cinema* Paula Massood shows how popular films reflected the massive social changes that resulted from the Great Migration of African Americans from the rural South to cities in the North West

and Mid West during the first three decades of the twentieth century By the onset of the Depression the Black population had become primarily urban transforming individual lives as well as urban experience and culture Massood probes into the relationship of place and time showing how urban settings became an intrinsic element of African American film as Black people became more firmly rooted in urban spaces and more visible as historical and political subjects Illuminating the intersections of film history politics and urban discourse she considers the chief genres of African American and Hollywood narrative film the black cast musicals of the 1920s and the race films of the early sound era to blaxploitation and hood films as well as the work of Spike Lee toward the end of the century As it examines such a wide range of films over much of the twentieth century this book offers a unique map of Black representations in film Frame by Frame II Phyllis Rauch Klotman, Gloria J. Gibson, 1997 A filmography of Blacks in the film industry **Street Smart** Richard A. Blake, 2021-11-21 New York has appeared in more movies than Michael Caine and the resulting overfamiliarity to moviegoers poses a problem for critics and filmmakers alike Audiences often mistake the New York image of skyscrapers and bright lights for the real thing when in fact the City is a network of clearly defined villages each with a unique personality Standard film depictions of New Yorkers as a rush hour mass of undifferentiated humanity obscure the connections formed between people and places in the City s diverse neighborhoods Street Smart examines the cultural influences of New York s neighborhoods on the work of four quintessentially New York filmmakers Sidney Lumet Woody Allen Martin Scorsese and Spike Lee The City s heterogeneous economic and ethnic districts where people live work shop worship and go to school often bear little relation to the image of New York City created by the movies To these directors their home city is as tangible as the smell of fried onions in the stairwell of an apartment building and it is this New York not the bustling glittery illusion portrayed in earlier films that shapes their sensibilities and receives expression in their films Richard A Blake shows how the Jewish enclaves on Manhattan s Lower East Side profoundly influence Sidney Lumet s most noted characters as they struggle to form and maintain their identities under challenging circumstances Both Woody Allen s light comedies and his more serious cinematic fare reflect the director s origins in the Flatbush neighborhood in Brooklyn and the displacement he felt after relocating to Manhattan Martin Scorsese s upbringing on Elizabeth Street in Manhattan s Little Italy resonates in his gritty portraits of urban modernity Blake also looks at the films of Spike Lee whose adolescence in Fort Greene a socioeconomically diverse Brooklyn neighborhood exposed him to widely ranging views that add depth to his complicated treatises on power culture and race Lumet Allen Scorsese and Lee s individual identities were shaped by their neighborhoods and in turn their life experiences have shaped their artistic vision In Street Smart Richard A Blake examines the critical influence of place on the films of four of America s most accomplished contemporary filmmakers **A Short History of Film, Fourth Edition** Wheeler Winston Dixon, Gwendolyn Audrey Foster, 2025-10-14 This updated and expanded edition of A Short History of Film provides an accessible overview of the major movements directors studios and genres from the 1880s to the present Succinct
