Brahms Beyond Mastery Robert Pascall, 2017-07-12 In 1853 Robert Schumann identified fully formed compositional mastery in the young Brahms who nevertheless in the years following embarked on a period of intensive further study producing among other works the neo baroque Sarabande and Gavotte These dances have not been properly recognized as constituting a distinct Brahms work before now but manuscript evidence and their performance history indicate that Brahms and his friends thought of them as such in the mid 1850s when they became the first music of his performed publicly in Gdansk Vienna Budapest and London He later suppressed the dances using them instead as a thematic quarry for three chamber music masterpieces from different stages in his life and in distinctly different ways the Second String Sextet the First String Quintet and the Clarinet Quintet This book gives an account of the compositional and performance history stylistic features and re uses of the dances setting these in the wider context of Brahms s developing creative concerns and trajectory It constitutes therefore a study of a lost work of how a fully formed master opens himself to the in flowing from afar in Martin Heidegger s terms and of the transformative reach and concomitant expressive richness of Brahms s creative thought **Monthly musical record** ,1889 *The Beethoven Quartet Companion* Robert Winter, Robert

The Twelve-Note Music of Anton Webern Kathryn Bailey, 1991 This important new study reassesses the position of Anton Webern in twentieth century music The twelve note method of composition adopted by Anton Webern had profound consequences for composers of the next generation such as Stockhausen and Boulez who saw Webern's music as revolutionary In her detailed analyses however Professor Bailey demonstrates a fundamentally traditional aspect to Webern's creativity when describing his own music Professor Bailey analyses all Webern's twelve note works from Op 17 to Op 31 i.e. the instrumental and vocal music written between 1924 and 1943 These analyses draw on sketch material recently made available at the Paul Sacher Foundation in Basel and include transcriptions of little known drafts and sketches A most valuable aspect of the book is the inclusion in appendices of such materials as a complete explanation of the row content of each work the correct prime form of each of the rows from Op 20 onwards with a matrix constructed for each and exhaustive row analyses

Chamber Music Mark A. Radice, 2012-01-19 Intended for the music student the professional musician and the music lover *Chamber Music An Essential History* covers repertoire from the Renaissance to the present crossing genres to include string quartets piano trios clarinet quintets and other groupings Mark A Radice gives a thorough overview and history of this long established and beloved genre typically performed by groups of a size to fit into spaces such as homes or churches and tending originally toward the string and wind instruments rather than percussion Radice begins with chamber music's earliest expressions in the seventeenth century discusses its most common elements in terms of instruments and compositional style and then investigates how those elements play out across several centuries of composers among them Mozart Bach Haydn and Brahms and national interpretations of chamber music While *Chamber Music An Essential History* is intended largely as a textbook it will also find an audience as a companion volume for musicologists and fans of classical music who may be interested in the background to a familiar and important genre

Haydn and the Classical Variation Elaine Rochelle Sisman, 1993 Sisman aims to demonstrate that it was Haydn's prophetic innovations that truly created the Classical variation Her analysis reflects both the musical thinking of the Classical period and contemporary critical interests The book offers a revaluation of t

There's a Place For Us: The Musical Theatre Works of Leonard Bernstein Helen Smith, 2017-07-05 Leonard Bernstein was the quintessential American musician Through his careers as conductor pianist teacher and television personality he became known across the US and the world his flamboyance and theatricality making him a favourite with audiences if not with critics However he is perhaps

best remembered as a composer particularly of the musical *West Side Story* and for songs such as *America Tonight* and *Somewhere*. Dr Helen Smith takes an in depth look at all eight of Bernstein's musical theatre works from the early *On the Town* written by the 26 year old composer at the start of his career to his second and last opera *A Quiet Place* in 1983. In between these two pieces he composed music for *Trouble in Tahiti*, *Wonderful Town*, *Candide*, *West Side Story*, *Mass* and *1600 Pennsylvania Avenue*. These works are analysed and considered against a background of musical and social context as well as looking at Bernstein's other orchestral, choral and chamber works. One important aspect examined is Bernstein's use of motifs in his theatre compositions which takes them out of the realms of Broadway and into the sphere of symphonic writing. Smith provides an indispensable overview of the musical theatre works of an eclectic composer and shows what it is that constitutes the Bernstein sound.

Zoltan Kodaly's World of Music Anna Dalos, 2020-09-08 Hungarian composer and musician Zoltan Kodaly 1882-1967 is best known for his pedagogical system the Kodaly Method which has been influential in the development of music education around the world. Author Anna Dalos considers for the first time in publication Kodaly's career beyond the classroom and provides a comprehensive assessment of his works as a composer. A noted collector of Hungarian folk music Kodaly adapted the traditional heritage musics in his own compositions greatly influencing the work of his contemporary Bela Bartok. Highlighting Kodaly's major music experiences Dalos shows how his musical works were also inspired by Brahms, Wagner, Debussy, Palestrina and Bach. Set against the backdrop of various oppressive regimes of twentieth century Europe this study of Kodaly's career also explores decisive extramusical impulses such as his bitter experiences of World War I, Kodaly's reception of classical antiquity and his interpretation of the male and female roles in his music. Written by the leading Kodaly expert this impressive work of historical and musical insight provides a timely and much needed English language treatment of the twentieth century composer.

The Gramophone, 1924 [The Music of Hugh Wood](#) Edward Venn, 2017-07-05 [The Music of Hugh Wood](#) provides the first ever in depth study of this well known yet only briefly documented composer. Over the years Wood b 1932 has produced a sizeable oeuvre that explores the established genres of symphony, concerto and quartet on the one hand and songs and choruses on the other. Underpinned by an awareness of recent philosophical, theoretical and analytical concepts Dr Edward Venn highlights both the technical basis of Wood's music and the expressive force of his work. In doing so a picture emerges of Wood as an artist of considerable merit and power. The eclectic blend of national and international influences in the music of Hugh Wood combine to create an individual and distinctive musical language all his own. The book provides an overview of Wood's style focussing on his engagement with modernism and the melodic, rhythmic, harmonic and formal characteristics of his musical language. From here a more detailed consideration of Wood's development as a composer is advanced in which his technical development is illustrated alongside an exploration of various aspects of musical meaning embodied in his works. In the process numerous analytical strategies ranging from formalist to narrative structures are utilized demonstrating the fecundity and expressivity

of Wood s music **Music, Books on Music, and Sound Recordings** Library of Congress,1988 Johann Sebastian Bach Karl Geiringer,Irene Geiringer,2024-11-01 When it was originally published in 1967 this study of J S Bach was the first important work on the composer in nearly a generation The many discoveries about Bach s life and music that occurred in the postwar years created the need for a new interpretative study incorporating this research and this was the only book which incorporated the vast amount of material uncovered since 1950 the bicentennial of Bach s death The volume begins with a brief biography and is followed by an analysis of each major type of composition vocal organ keyboard and instrumental music In each section the author examines thoroughly many Bach compositions and evaluates them in relation to the rest of the composer s work as well as in relation to the music of his contemporaries More than 70 music examples enable the reader to understand how Bach worked the manner in which his genius developed and grew and to see outstanding excerpts from his music in various stages of completion An interesting aspect of research methods is revealed through an explanation of the detective work which has been done regarding handwriting paper and watermarks in the original sources **Archduke Rudolph, Beethoven's Patron, Pupil, and Friend** Susan Kagan,1988 In early 19th century Austria the Archduke Rudolph occupied multiple roles a noble Hapsburg by birth a Cardinal Archbishop by career and a dedicated musician by avocation A talented pianist and composer Archduke Rudolph enjoyed the unique privilege of being Beethoven s only composition student and in the two decades of studying with him produced a sizable and well crafted body of music for piano chamber ensemble and voice Many of the Archduke s autograph manuscripts were corrected in detail by Beethoven giving us fascinating insights into Beethoven s thinking on the structure and syntax of music This comprehensive book surveys Archduke Rudolph s life and career in music which also encompasses his significant role as music patron and collector It is based on a study of primary sources principally the autograph manuscripts of his compositions and sketches and most importantly Beethoven s own autographs including sketches corrections on the Rudolph manuscripts and a four measure theme composed expressly for Rudolph s use produced here in facsimile for the first time Other primary sources examined include the Archduke s correspondence with Beethoven and members of the Imperial household the catalogues of Rudolph s music collection and documents related to his ecclesiastical career The thematic catalogue of Archduke Rudolph s music lists all of his finished and unfinished works in chronological order as well as sketches copies and transcriptions Fifty illustrations and 190 musical examples are also provided *Chamber Music* Lucy Miller Murray,2015-04-09 In *Chamber Music An Extensive Guide for Listeners* Lucy Miller Murray transforms her decades of program notes for some of the world s most distinguished artists and presenters into the go to guide for the chamber music novice and enthusiast Offering practical information on the broad array of chamber music works from the Classical Romantic and Modern periods and an artful selection from the Baroque period of Johann Sebastian Bach s works *Chamber Music An Extensive Guide for Listeners* is both the perfect reference resource and chamber music primer for listeners Covering over 500 works Murray surveys in clear and

simple language the historical and musical impact of some 130 composers 20 of them living Notably Chamber Music includes the complete string quartets of Beethoven Bartok and Shostakovich as well as 35 piano trios of Haydn It also provides critical information and assessments of works by composers not nearly so well known both past and present Entries appear in alphabetical order by composer and in every instance give a brief introduction to the composer s life and work Of particular interest are the brief spotlight contributions from well known figures in the chamber music world who focus on the performance experience or offer special knowledge of the works This work is an ideal introduction and reference for students and scholars new listeners and enthusiasts of the chamber music tradition in Western music Special contributors include Charles Abramovic James Bonn Michael Brown Eugene Drucker James Dunham Daniel Epstein Ralph Evans Jeremy Gill Jake Heggie Paul Katz Bert Lucarelli Stuart Malina Robert Martin Peter Orth Jann Pasler Susan Salm David Shifrin Peter Sirotin Ya Ting Chang Arnold Steinhardt Kenneth Woods David Yang Phillip Ying **The Monthly Musical Record** ,1903 Includes music
