

# FLAG

## *An American Biography*

"This book brings out the irony, humor, myth, and behind-the-scenes happenings that make our flag's [229-year] history so fascinating." — *The Saturday Evening Post*

*Foreword by* NELSON DEMILLE

MARC LEEPSON

# Flag An American Biography

**Marc Leepson**

## **Flag An American Biography:**

**Flag** Marc Leepson, 2005 Journalist and historian Marc Leepson uncovers scores of little known fascinating facts as he traces the evolution of the American flag from the colonial period to the twenty first century Flag sifts through the historical evidence to among many other things uncover the truth behind the Betsy Ross myth and to discover the true designer of the Stars and Stripes It details the many colorful and influential Americans who shaped the history of the flag Page 4 of cover

Flag Marc Leepson, 2005-06-01 The nation turns to it as an emotional political and patriotic symbol in good times and bad Americans fly it everywhere we live and everywhere we go from front porches in Florida to pickup trucks in Alaska We display the red white and blue American flag at festive events to celebrate and at times of national tragedy to grieve and show our resolve We wrap ourselves in it in displays of patriotism politics nationalism and jingoism The thirteen stripe fifty star flag is as familiar an American icon as any that has existed in the nation s history It stirs something in the hearts of Americans like no other symbol Yet the history of the flag especially its origins is cloaked in myth and misinformation Flag An American Biography rectifies that situation by presenting a lively comprehensive illuminating look at the history of the American flag from its beginnings to today Journalist historian and author of the highly acclaimed Saving Monticello Leepson uncovers scores of little known fascinating facts as he traces the evolution of the American flag from the Colonial period to its prominent role as a symbol of American resolve in today s war against terrorism Flag sifts through the historical evidence to among many other things uncover the truth behind the Betsy Ross myth and to discover the true designer of the stars and stripes The book also shines informing light on a string of colorful and influential Americans who shaped the history of the American flag Leepson analyzes the influence and impact of the maker of the star spangled banner Mary Pickersgill the author of the national anthem Francis Scott Key the coiner of the phrase Old Glory U S Navy Capt Samuel Driver the first officer killed in the Civil War Union Col Elmer Ellsworth who died defending the flag the first African American Medal of Honor recipient William Carney who carried the flag and led troops through a viciously bloody Civil War battle the creator of Flag Day Wisconsin schoolteacher B J Cigrand the father of the pledge of allegiance Francis Bellamy and Joe Rosenthal the AP photographer who took the most reproduced image of the twentieth century the marines raising the American flag at Iwo Jima The American flag was seen as a symbol of a divine plan for the American ideal during the Civil War as a symbol of the nation s historical heritage at the 1876 centennial celebrations as a symbol conveying respect for the government and our social institutions the so called cult of the flag in the late nineteenth and early twentieth century During the Vietnam War the flag was a divisive emblem in a bitterly divided nation In the wake of the events of September 11 2001 the flag became an instant and widely used symbol of a nation united against terrorism Flag as the novelist Nelson DeMille says in his preface is not a book with an agenda or a subjective point of view It is an objective history of the American flag well researched well presented easy to read and understand and very informative and entertaining **Flag** Marc Leepson, 2008-10-20 A history of

the American flag traces its evolution from the colonial period to its present day role as a symbol of American resolve discussing such topics as the myths surrounding Betsy Ross the stars and stripes design and the impact of war on the flag s appearance Reprint 15 000 first printing      **Flag** Marc Leepson,2006-05-30 The thirteen stripe fifty star flag is as familiar an American icon as any that has existed in the nation s history Yet the history of the flag especially its origins is cloaked in myth and misinformation Flag An American Biography rectifies that situation by presenting a lively comprehensive illuminating look at the history of the American flag from its beginnings to today Journalist and historian Marc Leepson uncovers scores of little known fascinating facts as he traces the evolution of the American flag from the colonial period to the twenty first century Flag sifts through the historical evidence to among many other things uncover the truth behind the Betsy Ross myth and to discover the true designer of the Stars and Stripes It details the many colorful and influential Americans who shaped the history of the flag Flag as the novelist Nelson DeMille says in his preface is not a book with an agenda or a subjective point of view It is an objective history of the American flag well researched well presented easy to read and understand and very informative and entertaining Our love for the flag may be incomprehensible to others but at least we now have a comprehensive guide to its unfolding The Wall Street Journal The fascination of history is in its details and the author of Flag An American Biography knows how to find them and turn them into compelling reading This book brings out the irony humor myth and behind the scenes happenings that make our flag s 228 year history so fascinating The Saturday Evening Post Timely and insightful The Dallas Morning News      American Civil Religion Peter Gardella,2014 Peter Gardella explores the monuments texts and images that embody the spirit of the United States      **For Which It Stands** Michael Corcoran,2007-11-01 Our national anthem celebrates it Patriots wave it Politicians of all kinds try to wrap themselves in it It is saluted at baseball games in parades and on the most solemn of commemorative occasions It was salvaged in the first hours following the dreadful events of September 11 and it stands outstretched just above the surface of the moon It is of course the American flag and there are few symbols as potent With all the reverence and sacrifice and emotion it inspires it is easy to lose sight of the fact that it is ultimately just a symbol Why is it so powerful Why does a piece of cloth resonate so loudly for so many Why a flag and why this flag these stripes those stars In For Which It Stands his timely comprehensive and engaging biography of the American flag Michael Corcoran examines those questions and more as he explores the evolution of our most cherished emblem from the days preceding the Revolution through the nationwide resurgence of patriotism in the aftermath of September 11 Corcoran traces the entire life of the colors holding forth on a number of engrossing topics including The fluid design of the flag the subject of much contentious debate on the part of the founding fathers and until fairly recently not officially codified The various alternative flags ingrained in the national consciousness among them the defiant rattlesnake adorned Don t Tread on Me banner and the Stars and Bars of the Confederacy The role of the colors in war from how to start a fight with England raising a flag declaring indepen dence high

enough for the British Army in Boston to see it ought to do the trick to the question of whether to remove from the banner the stars emblematic of the states that seceded during the Civil War to the giddy ubiquity of the flag following World War II Corcoran addresses all these matters and more including the particularly vexing questions raised by flag burning Is it such an affront that it warrants a constitutional amendment outlawing that method of protest or is it perhaps the single most potent expression of our right to free speech and therefore profoundly American as he delves into the wind tangled history of Old Glory an entertaining jumble of much loved myth and obscure facts Thoughtful droll and fast paced For Which It Stands definitively tells the story of America s most recognizable icon from Bunker Hill to Iwo Jima to Tranquillity Base and beyond

**Appleton's Cyclopaedia of American Biography** James Grant Wilson, John Fiske, 1901      **The American Flag** John R. Vile, 2018-10-05 At a time when the U S flag is both a source of both pride and controversy this volume provides the first encyclopedic A to Z treatment of the U S flag in American history culture and law This title is a comprehensive resource for understanding all aspects of the American flag and its relationship to the American people The encyclopedia provides a thorough historical examination of key developments in the flag s design as well as laws and court decisions related to the flag and the First Amendment In relation to the flag s history it also discusses evolving public attitudes about its importance as a national symbol The encyclopedia contains illuminating scholarly essays on presentations of the flag in American politics the military and popular culture including art music and journalism Additionally these essays address important rules of flag etiquette and modern controversies related to them from flag burning to refusing to stand during the playing of the U S National Anthem      *Betsy Ross and the Making of America* Marla R. Miller, 2010-04-22 A first rate biography of the seamstress and patriot and a vivid portrait of life in Revolutionary era Philadelphia Authoritative and engrossing Publishers Weekly starred review Finalist Cundill Prize in History *Betsy Ross and the Making of America* is the first comprehensively researched and elegantly written biography of one of America s most captivating figures of the Revolutionary War Drawing on new sources and bringing a fresh keen eye to the fabled creation of the first flag Marla R Miller thoroughly reconstructs the life behind the legend This authoritative work provides a close look at the famous seamstress while shedding new light on the lives of the artisan families who peopled the young nation and crafted its tools ships and homes Betsy Ross occupies a sacred place in the American consciousness and Miller s winning narrative finally does her justice This history of the ordinary craftspeople of the Revolutionary War and their most famous representative reinvigorate es a timeworn American icon by placing her firmly into historical and social context and illuminates the significant role that ordinary citizens especially women played in the birth of the new nation Booklist An engaging biography The New York Times Book Review Fascinating Cokie Roberts New York Times bestselling author of *Founding Mothers* A stupendous literary achievement It s not easy to accurately write about a real folk legend Miller does so with historical accuracy vivid descriptive language and an encyclopedic knowledge of her subject Douglas Brinkley New York Times bestselling author of *The Wilderness Warrior*

Historical and Genealogical Works Daughters of the American Revolution. Library,1920      **Our Flag Was Still There**

Tom McMillan,2023-06-06 Our Flag Was Still There details the improbable two hundred year journey of the original Star Spangled Banner from Fort McHenry in 1814 when Francis Scott Key first saw it to the Smithsonian in 2023 and the enduring family who defended kept hid and ultimately donated the most famous flag in American history Francis Scott Key saw the original Star Spangled Banner flying over Baltimore s Fort McHenry on September 14 1814 following a twenty five hour bombardment by the British Navy inspiring him to write the words to our national anthem Torn and tattered over the years reduced in size to appease souvenir hunters stuffed away in a New York City vault for the last two decades of the nineteenth century the flag s mere existence after two hundred years is an improbable story of dedication perseverance patriotism angst inner family squabbles and yes more than a little luck For this unlikely feat we have the Armistead family to thank led by Lieutenant Colonel George Armistead commander of Fort McHenry who took it home after the battle in clear defiance of U S Army regulations It is only because of that quiet indiscretion that the flag survives to this day Armistead s descendants kept and protected their family heirloom for ninety years The flag s first photo was not taken until 1873 almost sixty years after Key saw it waving and most Americans did not even know of its existence until Armistead s grandson loaned it to the Smithsonian in 1907 Tom McMillan tells a story as no one has before Digging deep into the archives of Fort McHenry and the Smithsonian accessing never before published letters and documents and presenting rare photos from the private collections of Armistead descendants and other sources McMillan follows the flag on an often perilous journey through three centuries Our Flag Was Still There provides new insight into an intriguing period of U S history offering a story behind the story account of one of the country s most treasured relics      **The Soiling of Old Glory** Louis P.

Masur,2024-04 April 5 1976 As Boston simmered with tension over forced school busing one photo made headlines Examine the power of photography and the iconic value of the flag as it opens a dramatic window onto the turbulent issue of race in America      **War Is All Hell** Edward J. Blum,John H. Matsui,2021-05-28 An examination of how Americans brought concepts of the devil demons and hell into every fabric of their lives and times in the American Civil War These influences continued to impact the nation and its people after the war      **Finding List of Books Common to the Branches of the Public**

**Library of the City of Boston** Boston Public Library,1920      *Symbols of Freedom* Matthew J. Clavin,2025-07 How American symbols inspired enslaved people and their allies to fight for true freedom In the early United States anthems flags holidays monuments and memorials were powerful symbols of an American identity that helped unify a divided people A language of freedom played a similar role in shaping the new nation The Declaration of Independence s assertion that all men are created equal Patrick Henry s cry of Give me liberty or give me death and Francis Scott Key s star spangled banner waving over the land of the free and the home of the brave were anthemic celebrations of a newly free people Resonating across the country they encouraged the creation of a republic where the right to life liberty and the pursuit of happiness was

universal natural and inalienable For enslaved people and their allies the language and symbols that served as national touchstones made a mockery of freedom Deriding the ideas that infused the republic's founding they encouraged an empty American culture that accepted the abstract notion of equality rather than the concrete idea Yet as award winning author Matthew J Clavin reveals it was these powerful expressions of American nationalism that inspired forceful and even violent resistance to slavery Symbols of Freedom is the surprising story of how enslaved people and their allies drew inspiration from the language and symbols of American freedom Interpreting patriotic words phrases and iconography literally they embraced a revolutionary nationalism that not only justified but generated open opposition Mindful and proud that theirs was a nation born in blood these disparate patriots fought to fulfill the republic's promise by waging war against slavery In a time when the US flag the Fourth of July and historical sites have never been more contested this book reminds us that symbols are living artifacts whose power is derived from the meaning with which we imbue them The Story of the Qur'an Ingrid Mattson, 2013-02-18 This popular introduction by a well known Islamic scholar has been updated and expanded offering a balanced portrayal of the Qur'an and its place in historic and contemporary Muslim society Features new sections on the Qur'an and its relationship to democracy science human rights and the role of women Contains expanded sections on the Qur'an in the life cycle of Muslims and in Islamic ethics and law Incorporates additional images and student features including a glossary Supported by an accompanying website available on publication hosting a range of additional material including student resources links to important websites news stories and more This title is also available as an eTextbook on the CourseSmart platform as a Wiley Desktop Edition or via your preferred eTextbook vendor eTextbooks offer convenience enhanced electronic functionality and flexible pricing options learn more at [www.wiley.com/college/wileyflex](http://www.wiley.com/college/wileyflex) **Flag, Nation and Symbolism in Europe and America** Thomas Hylland Eriksen, Richard Jenkins, 2007-10-18 Although the symbolic and political importance of flags has often been mentioned by scholars of nationalism there are few in depth studies of the significance of flags for national identities This multi disciplinary collection offers case studies and comparisons of flag history uses and controversies This book brings together a dozen scholars from varying national and disciplinary backgrounds to offers a cluster of close readings of flags in their social contexts mostly contemporary but also historical Case studies from Denmark England Northern Ireland Norway Sweden and the United States explore ways in which flags are contested stir up powerful emotions can be commercialised in some contexts but not in others serve as quasi religious symbols and as physical boundary markers how the same flag can be solemn and formal in one setting but stand for domestic bliss and informal cultural intimacy in another **Cannabis** Chris Duvall, 2014-11-15 Thanks to its best known use any mention of cannabis tends to bring up jokes about the munchies or debates about marijuana and legalized drug use But this not so innocent flowering plant was one of the first to be domesticated by humans and it has been used in spiritual therapeutic and even punitive applications ever since in addition to its more recreational purpose Despite all the hoopla

surrounding cannabis however we actually understand relatively little about it in the human and ecological past In Cannabis Chris Duvall explores the botanical and cultural history of one of our most widely distributed crops presenting an even handed look at this heady little plant Providing a global historical geography of cannabis Duvall discusses the manufacture of hemp and its role in rope making clothing and paper as well as cannabis s use as oil and fuel His focus though is on its most prevalent use as a psychoactive drug Without advocating for either the prohibition or legalization of the drug Duvall analyzes a wide range of works to offer a better understanding of both stances and moreover the diversity of human cannabis relationships across the world In doing so he corrects the overly simplistic portrayals of cannabis that have dominated discourse on the subject arguing that we need to understand the big picture in order to improve how the plant is managed worldwide Richly illustrated and highly accessible Cannabis is an essential read to understand the rapidly evolving debate over the legalization of marijuana in the United States and other countries

**Religious Persecution and Political Order in the United States** David T. Smith, 2015-11-12 This book explains why the United States a country that values religious freedom has persecuted some religious minorities while protecting others It explores the experiences of Mormons Jehovah s Witnesses Jews Catholics and Muslims arguing that the state will persecute a religion if it sees it as a political threat

**The Civil War Era and Reconstruction** Mary Ellen Snodgrass, 2015-03-26 The encyclopedia takes a broad multidisciplinary approach to the history of the period It includes general and specific entries on politics and business labor industry agriculture education and youth law and legislative affairs literature music the performing and visual arts health and medicine science and technology exploration life on the Western frontier family life slave life Native American life women and more than a hundred influential individuals
