**Selling Antislavery** Teresa A. Goddu, 2020-03-13 Beginning with its establishment in the early 1830s the American Anti Slavery Society AASS recognized the need to reach and consolidate a diverse and increasingly segmented audience To do so it produced a wide array of print material and visual media almanacs and slave narratives pincushions and gift books broadsides and panoramas Building on the distinctive practices of British antislavery and evangelical reform movements the AASS utilized innovative business strategies to market its productions and developed a centralized distribution system to circulate them widely In *Selling Antislavery* Teresa A Goddu shows how the AASS operated at the

forefront of a new culture industry and by framing its media as cultural commodities made antislavery sentiments an integral part of an emerging middle class identity She contends that although the AASS's dominance waned after 1840 as the organization splintered it nevertheless created one of the first national mass markets Goddu maps this extensive media culture focusing in particular on the material produced by AASS in the decade of the 1830s She considers how the dissemination of its texts objects and tactics was facilitated by the quasi corporate and centralized character of the organization during this period and demonstrates how its institutional presence remained important to the progress of the larger movement Exploring antislavery's vast archive and explicating its messages she emphasizes both the discursive and material aspects of antislavery's appeal providing a richly textured history of the movement through its artifacts and the modes of circulation it put into place Featuring more than seventy five illustrations *Selling Antislavery* offers a thorough case study of the role of reform movements in the rise of mass media and argues for abolition's central importance to the shaping of antebellum middle class culture

**A Year Ago; Eye-Witness's Narrative Of The War From March 20th To July 18th, 1915 [Illustrated Edition]** Major-General Ernest D. Swinton, Captain Alan Ian Percy Duke of Northumberland, 2015-11-06 Includes The First World War On The Western Front 1914 1915 Illustrations Pack with 101 maps plans and photos Major General Ernest Swinton had already had a long and illustrious career in the British Army before the advent of the First World War in 1914 Appointed as the official war correspondent by the war Minister Lord

Kitchener in 1914 his reporting home was the only way for the British people to follow the war as journalists were at that time banned at the front In these dispatches from the front Swinton told the public of the bloody fighting in Flanders and the heroic efforts of the Allies to stop the German juggernaut So even handed and realistic they were brought together in a series of books under the pseudonym Eyewitness for further publication Swinton was not a chateau general by any means and visited the front with dangerous regularity write of the fighting with real authority often including anecdotes of the ordinary soldiers that he interviewed The miserable conditions and bloody siege warfare of the trenches left a lasting impression on him and he looked to a scientific solution to the muddy stalemate of the Western Front He would gain lasting fame as the architect of the tank project that was to revolutionize warfare in the First World War and for many years thereafter
