Commanders** John Marshall, 1824 **American Flag** Joseph Ferry, 2014-11-17 By whatever name it is called the Stars and Stripes Old Glory the Star Spangled Banner the American flag is the ultimate symbol of American freedom But why stars why stripes What is the significance of the elements of the flag The American flag went through several incarnations before the design we recognize today was established From a banner based on a British flag and a colonial rattlesnake flag that read Don t Tread on Me to the enormous 15 star flag that flew over Fort McHenry in 1814 inspiring Francis Scott Key to write the national anthem this symbol of America has inspired music and joy in the hearts of people around the world It is a beacon to those who long for liberty as well as a representation of the unity of our great nation British Flag Officers in the French Wars, 1793-1815 John Morrow, 2018-02-22 During the French wars 1793 1801 1803 1815 the system of promotion to flag rank in the Royal Navy produced a cadre of admirals numbering more than two hundred at its peak These officers competed vigorously for a limited number of appointments at sea and for the high honours

and significant financial rewards open to successful naval commanders When on active service admirals faced formidable challenges arising from the Navy's critical role in a global conflict from the extraordinary scope of their responsibilities and from intense political public and professional expectations While a great deal has been written about admirals' roles in naval operations other aspects of their professional lives have not been explored systematically British Flag Officers in the French Wars 1793-1815 considers the professional lives of well known and more obscure admirals vice admirals and rear admirals It examines the demands of naval command flag officers' understanding of their authority and their approach to exercising it their ambitions and failures their professional interactions and their lives afloat and onshore In exploring these themes it draws on a wide range of correspondence and other primary source material By taking a broad thematic approach this book provides a multi-faceted account of admirals' professional lives that extends beyond the insights that are found in

biographical studies of individual flag officers As such it will be of great interest to students and scholars of British naval history *The Active List of Flag Officers, Captains, Commanders & Lieutenants of the Royal Navy ... to June 30, 1868, Corrected from the Original of ...
