The Flame and the Light Hugh I'Anson Fausset, 1969      **The Flame and the Light** Hugh I. Fausset, 1969      *Lighting the Candle* Mark Yang, 2020-07-20 Many scholars and practitioners recognize the resonance between the practice of psychotherapy and supervision and the paradoxical principles found throughout Taoism This is evermore true within the existential humanistic tradition Therefore *Lighting the Candle* Taoist Principles in Supervision Conducted from an Existential Humanistic Perspective introduces readers to the selected writing of the Taoist sages Lao Tzu and Zhuangzi and considers how their wisdom permeates psychotherapy and supervision practiced from an existential humanistic perspective The book takes on a narrative format where the author weaves the following Taoist and existential humanistic concepts within a number of inspirational stories and supervision case examples gathered across his trainings throughout Southeast Asia These include wu wei authenticity focusing surrender trusting the process trusting the Tao getting back to the basics steadiness and the midst of chaos listening for the unheard being fully present humility and awe bearing witness following the flow letting go of goals results and techniques stillness and going nowhere poetic reflection and servant leadership An apprenticeship model of embodied learning is presented in narrative format where the author weaves the above concepts into the supervision process      Two Ways of Light: Kabbalah and Vedanta James N. Judd Ms.D. D.D., 2000-10-18 There is an unique relationship that exists between the Jewish mystical teachings of Kabbalah and the highest spiritual philosophy of the Hindus the Vedanta Outwardly they appear to be vastly different but study them analyze them come to understand what they are really saying and the similarities become obvious And such a study is not just an academic exercise for it will be found that these ancient teachings not only augment each other in providing answers to the questions of life but they also contain some very practical advice that can bring a greater measure of harmony in the conducting of our daily affairs Kabbalah and Vedanta can be called unique as The dedicated proponents of each one hold that theirs is the earliest spiritual teaching in the world Neither teaching owes its origin to any single person Neither can be called a separate religion in the sense of having its own set of man made creeds and dogmas The profundity of their wisdom can be considered as equal In this book *Two Ways of Light* Dr Judd devotes the first two chapters in examining the six principles common to all kabbalistic schools of thought and the three essential points of Vedanta The third chapter shows the intrinsic harmony that exists between Kabbalah and Vedanta by comparing the six principles with the three points And the fourth chapter illustrates the practical value of both teachings through commentaries on kabbalistic verses that compare to the individual verses of a Vedantic scripture the Isha Upanishad Finally in the fifth chapter will be found not only the reasons for the basic harmony that exists between these two ancient spiritual philosophies and the major world religions but also the relevance they have for us today This book will be of interest for 1 Those who wish to have a greater understanding of Kabbalah and or Vedanta and 2 Those who are looking for greater spiritual meaning in their lives      The Flame and the Light.
