**Queer Issues in Contemporary Latin American Cinema** David William Foster, 2009-08-17 Viewing contemporary Latin American films through the lens of queer studies reveals that many filmmakers are exploring issues of gender identity and sexual difference as well as the homophobia that attempts to defeat any challenge to the heterosexual norms of patriarchal culture In this study of queer issues in Latin American cinema David William Foster offers highly perceptive queer readings of fourteen key films to demonstrate how these cultural products promote the principles of an antiheterosexist stance while they simultaneously disclose how homophobia enforces the norms of heterosexuality Foster examines each film in terms of the ideology of its narrative discourse whether homoerotic desire or a critique of patriarchal heterosexism and its implications for Latin American social life and human rights His analyses underscore the difficulties involved in constructing a coherent and convincing treatment of the complex issues involved in critiquing the patriarchy from perspectives associated with queer studies The book will be essential reading for everyone working in queer studies and film studies The films discussed in this book are *De eso no se habla* I Don't Want to Talk about It *El lugar sin límites* The Place without Limits *Aqueles dois* Those Two *Convivencia* Living Together *Conducta impropia* Improper Conduct *The Disappearance of García Lorca* *La Virgen de los Sicarios* Our Lady of the Assassins *Doña Herlinda y su hijo* Doña Herlinda and Her Son *No se lo digas a nadie* Don't Tell Anyone *En el paraíso no existe el dolor* There Is No Suffering in Paradise *A intrusa* The Interloper *Plata quemada* Burnt Money *Afrodita* Aphrodite *Fresa y chocolate* Strawberry and Chocolate Film Theory and Contemporary Hollywood Movies Warren Buckland, 2009-06-03 Film theory no longer gets top billing or plays a starring role in film studies today as critics proclaim that theory is dead and we are living in a post theory moment While theory may be out of the limelight it remains an essential key to understanding the full complexity of cinema one that should not be so easily discounted or discarded In this volume contributors explore recent popular movies through the lens of film theory beginning with industrial economic analysis before moving into a predominately aesthetic and interpretive framework The Hollywood films discussed cover a wide range from *300* to *Fifty First Dates* from *Brokeback Mountain* to *Lord of the Rings* from *Spider Man 3* to *Fahrenheit 9/11* from *Saw* to *Raiders of the Lost Ark* and much more Individual essays consider such topics as the rules that govern new blockbuster franchises the posthumanist realism of digital cinema video game adaptations increasingly restricted stylistic norms the spatial stories of social networks like YouTube the mainstreaming of queer culture and the cognitive paradox behind enjoyable viewing of traumatic events onscreen With its cast of international

**Queer(ing) Communication Studies** Ahmet Atay, Stephanie L. Young, 2024-12-15 In this edited volume contributors recognize and reflect on communication studies queer past and examine the current state of queer theorizing within communication studies Through this reflection the book fills in gaps in the history of this sub discipline and demonstrates that even as scholars in the field empowered queer voices in the past they often failed

to recognize the intersectional aspects of queer identity through which scholars can form new understandings of past scholarship in new queer er lights Ultimately contributors collectively provide a critique for the lack of broader inclusion of queer theorization in the field and provide new pathways for the continued development of queer communication studies

Queer Masculinities John Landreau, Nelson Rodriguez, 2011-09-28 Queer Masculinities A Critical Reader in Education is a substantial addition to the discussion of queer masculinities of the interplay between queer masculinities and education and to the political gender discourse as a whole Enriching the discourse of masculinity politics the cross section of scholarly interrogations of the complexities and contradictions of queer masculinities in education demonstrates that any serious study of masculinity hegemonic or otherwise must consider the theoretical and political contributions that the concept of queer masculinity makes to a more comprehensive and nuanced understanding of masculinity itself The essays adopt a range of approaches from empirical studies to reflective theorizing and address themselves to three separate educational realms the K 12 level the collegiate level and the level in popular culture which could be called cultural pedagogy The wealth of detailed analysis includes for example the notion that normative expectations and projections on the part of teachers and administrators unnecessarily reinforce the values and behaviors of heteronormative masculinity creating an institutionalized loop that disciplines masculinity At the same time and for this very reason schools represent an opportunity to provide a setting where a broader menu can be introduced and gender sexual meanings expressions and experiences boys encounter can create new possibilities of what it can mean to be male At the collegiate level chapters include analysis of what the authors call homosexualization of heterosexual men on the university dance floor while the chapters of the third section on popular culture include a fascinating analysis of the construction of queer counternarratives that can be constructed watching TV shows of apparently hegemonic bent In all this volume s breadth and detail make it a landmark publication in the study of queer masculinities and thus in critical masculinity studies as a whole **Film and Sexual Politics**

Kylo-Patrick R. Hart, 2009-01-14 Film and Sexual Politics A Critical Reader features a variety of noteworthy critical essays that explore the evolution representation and social construction of sex gender and sexual orientation from the early days of cinema to the early twenty first century This collection investigates the complex relations between film form style and sexual politics past and present as well as the ideological and social ramifications of those relations for the lived realities of individuals in the United States over the course of the twentieth century and beyond Contrary to popular perceptions of films as relatively simplistic forms of entertainment the essays in this collection demonstrate clearly how the act of producing meaning through the use of cinematic verbal and visual signs is far from a simple process with negligible historical consequences This book offers insightful and satisfying reading to established and emerging scholars who explore film history theory and criticism as well as to all readers with a general interest in film history and the effects of cinema on individuals and popular culture The range of films analyzed includes *Being John Malkovich* *Citizen Kane* *Elizabeth* *Female*
