Flaubert The Uses Of Uncertainty:

Flaubert ,2006 Flaubert Jonathan D. Culler,1974 *Formal Revolution in the Work of Baudelaire and Flaubert* Kathryn Oliver Mills,2012-03-22 In *Formal Revolution in the Work of Baudelaire and Flaubert* Kathryn Oliver Mills argues that despite the enduring celebrity of Baudelaire and Flaubert their significance to modern art has been miscast and misunderstood To date literary criticism has paid insufficient attention to these authors literary form and their socio cultural context In addition critical literature has not always adequately integrated individual works to each author s broader oeuvre on the one hand critics do not often maintain rigorous distinctions among texts when discussing Baudelaire and Flaubert and on the other hand scholars of Baudelaire and Flaubert have not consistently considered the relationship of individual texts to either writer s corpus Furthermore critical focus has been on the modernity of *Les Fleurs du mal* *Madame Bovary* and *L'Education Sentimentale* Addressing these lacunae in scholarship Mills puts forth the argument that Baudelaire s collection of prose poems *Le Spleen de Paris* and Flaubert s short poetic tales *Trois contes* best embody the modern aesthetic that Baudelaire develops in *Le Peintre de la vie moderne* and that Flaubert elaborates in his correspondence *Formal Revolution* places these relatively less well known but last published works in relationship with the artistic goals of their authors showing that Baudelaire and Flaubert were both acutely aware of the need to launch a new form of literature in order to literally come to terms with the dramatic changes transforming the nineteenth century into the Modern Age More specifically *Formal Revolution* demonstrates that for Baudelaire and Flaubert the formal project of fusing prose with poetry as poetic prose in the case of Flaubert as poetry in prose in the case of Baudelaire was crucial to their mission of painting modern life This work concludes that experimentation with literary form represents these two seminal writers major legacy to modernity suggests that the twentieth century might have gone too far down that road and speculates about the future direction of literature The modernity of Baudelaire and Flaubert still relevant today but often taken for granted needs to be reexamined in light of the cultural formal and contextual considerations that inform *Formal Revolution in the Work of Baudelaire and Flaubert* Seven Modes of Uncertainty C. Namwali Serpell,2014-04-30 Literature is uncertain Literature is good for us These two ideas are often taken for granted But what is the relationship between literature s capacity to perplex and its ethical value *Seven Modes of Uncertainty* contends that literary uncertainty is crucial to ethics because it pushes us beyond the limits of our experience *Reading the European Novel to 1900* Daniel R. Schwarz,2014-10-27 Schwarz s study is chock full of judicious evaluation of characters narrative devices ethical commentary and helpful information about historical and political contexts including the role of Napoleon the rise of capitalism trains class divisions transformation of rural life and the struggle to define human values in a period characterized by debates between and among rationalism spiritualism and determinism One experiences the pleasure of watching a master critic as he re reads savors and passes on his hard won wisdom about how we as humans read and why Daniel Morris Professor of English Purdue University Written by one of

literature's most esteemed scholars and critics *Reading the European Novel to 1900* is an engaging and in depth examination of major works of the European novel from Cervantes *Don Quixote* to Zola's *Germinal*. In Daniel R Schwarz's inimitable style which balances formal and historical criticism in precise readable prose this book offers close readings of individual texts with attention to each one's cultural and canonical context. Major texts that he discusses are Cervantes' *Don Quixote*, Stendhal's *The Red and the Black* and *The Charterhouse of Parma*, Balzac's *Pierre Goriot*, Flaubert's *Madame Bovary* and *Sentimental Education*, Dostoevsky's *Notes from Underground*, *Crime and Punishment* and *The Brothers Karamazov*, Tolstoy's *War and Peace* and *Anna Karenina*, and Zola's *Germinal*. Schwarz examines the history and evolution of the novel during this period and defines each author's aesthetic, cultural, political and historical significance. Incorporating important pedagogical suggestions and the latest research, this text provides accessible and lucid discussion of the European novel to 1900 for students, teachers and general readers interested in the evolution of the novelistic form. Dominick LaCapra, 2018-03-15 In 1857 following the publication of *Madame Bovary*, Flaubert was charged with having committed an outrage to public morality and religion. Dominick LaCapra, an intellectual historian with wide ranging literary interests, here examines this remarkable trial. LaCapra draws on material from Flaubert's correspondence, the work of literary critics and Jean Paul Sartre's analysis of Flaubert. LaCapra maintains that *Madame Bovary* is at the intersection of the traditional and the modern novel, simultaneously invoking conventional expectations and subverting them. **The Concept**

of Modernism Astradur Eysteinnsson, 2018-07-05 The term modernism is central to any discussion of twentieth century literature and critical theory. Astradur Eysteinnsson here maintains that the concept of modernism does not emerge directly from the literature it subsumes but is in fact a product of critical practices relating to nontraditional literature. Intervening in these practices and correlating them with modernist works and with modern literary theory, Eysteinnsson undertakes a comprehensive reexamination of the idea of modernism. Eysteinnsson critically explores various manifestations of modernism in a rich array of American, British and European literature, criticism and theory. He first examines many modernist paradigms, detecting in them a conflict between modernism's culturally subversive potential and its relatively conservative status as a formalist project. He then considers these paradigms as interpretations and fabrications of literary history. Seen in this light, modernism both signals a historical change on the literary scene and implies the context of that change. Laden with the implications of tradition and modernity, modernism fills its major function: that of highlighting and defining the complex relations between history and postrealist literature. Eysteinnsson focuses on the ways in which the concept of modernism directs our understanding of literature and literary history and influences our judgment of experimental and postrealist works in literature and art. He discusses in detail the relation of modernism to the key concepts postmodernism, the avant garde and realism. Enacting a crisis of subject and reference, modernism is not so much a form of discourse, he asserts, as its interruption, a possible other modernity that reveals critical aspects of our social and linguistic experience in Western culture.

Melaney, 2017-11-08 How does the theme of the other as person experience or alternative conceptual scheme allow us to reassess the role of the self in literary texts This book employs phenomenology and semiotics to argue that modern literature is strongly concerned with the role of time in the construction of the self Alterity and Criticism Retracing Time in Modern Literature argues that the role of time in canonical literature underlies the experience of alterity and requires a new hermeneutic to clarify how the self emerges in literary texts Romantic poetry from Goethe to Shelley and the modern prose tradition from Flaubert to Butor constitute different traditions but also indicate on a textual basis how alterity performs a crucial role in reading thus encouraging us to interpret literary texts in terms of the related concerns of self other and time The author examines the phenomenology of Emmanuel Levinas and Wolfgang Iser as well as the cultural semiotics of Julia Kristeva to argue that modern literature provides the occasion for a new understanding of the self in time and in this way addresses some of the pressing literary problems of our own period
