Fish Flies Terry Hellekson, 2005 This is the definitive book on fly tying with thousands of fly patterns included for the enthusiast, expert angler, fly tier, and author. Terry Hellekson addresses everything from the history of fly fishing around the world to the history of fly tying and fly tying materials. Hellekson shares interviews with fly tying greats of years past along with the fascinating history and background of some of the popular individual flies, making this a great read. His colorful recollections of people and events will intrigue and delight even the most serious fly tier. He also shares years of wisdom and knowledge on fly tying, colors, fly patterns, fly tying tools, hooks, and materials, and fly fishing and fly tying methods. Hellekson depicts hundreds of intricate patterns for dry flies, wet flies, and nymphs. Mayfly, stonefly, and caddisfly species are widely represented with simulations of the phases of their respective life cycles. Detailed patterns for terrestrials, damselflies, and dragonflies, leeches, and worms, midges, crustaceans, streamers, shad flies, steelhead flies, Atlantic salmon flies, Spey flies, Pacific salmon flies, and salmon and steelhead dry flies round out the book. This encyclopedia is organized into two distinct parts: the first section describes the origins of fly fishing, the concepts of vision and perception of color, and the tools and materials from which artificial flies are created. It addresses dry flies, wet flies, nymphs, stoneflies, mayflies, and caddisflies. The second section of the book thoroughly attends to the simulation of other insect orders such as terrestrials and crustaceans and then delves into the specifics of streamers, shad flies, steelhead flies, and more. Even a fly fishing novice will be enthralled with illustrations that clarify the patterns in a reader-friendly style. Line illustrations throughout plus more than 2,950 detailed fly patterns, including 695 flies shown in full color, make this a comprehensive fly tying encyclopedia beyond compare. Terry Hellekson was born into the world of fly fishing and spent his early life in Happy Camp, California, where his father had a fly fishing guide service on the Klamath and Trinity rivers during the 1940s and 1950s. Hellekson not only fly fished and tied flies as a youth but he developed many new fly patterns and eventually became immersed in all phases of the fly fishing and fly tying businesses. He founded Fly Fishing Specialties, a wholesale and retail business. He continually exchanges information with
