1930 The Recollections of Geoffrey Hamlyn Henry Kingsley, 2022-08-10 Henry Kingsley's *The Recollections of Geoffrey Hamlyn* is a rich tapestry of narratives woven around the life of the titular character Geoffrey Hamlyn. Set in the backdrop of 19th century Australia, the novel intertwines the personal and the political, offering insights into colonial life and the experiences of settlers navigating the rugged terrains of their new homeland. Kingsley's literary style blends realism with vivid descriptions and engaging dialogue, creating a captivating social commentary infused with his characteristic wit and a touch of nostalgia. The book resonates with the influence of Victorian literature, exemplifying themes of identity, belonging, and the complexities of moral choices against a burgeoning Australian society. Henry Kingsley, an influential figure in Victorian literature and brother to the more famous Charles Kingsley, was deeply connected to the Australian landscape and culture, having traveled to Australia himself. His personal experiences and observations of the continent helped him develop a nuanced understanding of the struggles and triumphs faced by the settlers, shaping the narrative and the characters within *The Recollections of Geoffrey Hamlyn*. This autobiographical element adds depth to the novel, transforming it into a work of historical significance as well as literary merit. I highly recommend Kingsley's novel to those interested in historical fiction that explores colonial themes with richness and depth. Its compelling characters and vivid settings invite readers to reflect on issues of identity and belonging, while its nuanced narrative style provides a thought-provoking examination of life in a transforming society. Readers embarking on this journey with Geoffrey Hamlyn will find themselves immersed in a tale that resonates well beyond its time. De Bow's Review James Dunwoody Brownson De Bow, Robert Gibbes Barnwell, Edwin Bell, William MacCreary Burwell, 1853 *Against the Flow* Tom Fort, 2010-04-01 You have to be on your guard when you go back to special places. You may be able to locate them easily enough on the map, but maps tell only one story. Times change and places and people with them. The memory plays curious tricks and things aren't always as you remember or expect. Twenty years ago Tom Fort drove his little red car onto the ferry at Felixstowe bound for all points east. Eastern Europe was still a faraway place just emerging from its half-century of waking nightmare, blinking, injured, full of fears but importantly full of hope too. Things were different then. Czechoslovakia was still Czechoslovakia, Russia was the USSR and the Warsaw Pact had not formally dissolved. But what did exist then, as they do now, were the rivers, the nations' lifeblood. It was along and by these rivers that Fort travelled around Eastern Europe, meeting its people and immersing himself in its culture. Since that trip, though much has changed and in more recent years around one million Poles have settled in Britain, Fort's local paper has a Polish edition, his supermarket has a full range of Polish bread, sausage and beer, and an influx of Polish businesses opened in his town centre. And it's not just the Poles; his gym has a Lithuanian trainer and the woman who cuts his hair is from Hungary. As a tide of people began to leave Eastern Europe and settle in the UK, Tom Fort started to wonder about what they were leaving behind and whether the friends he had made all those years ago remained. And so he decided to make the journey again, travelling

against the flow of the steady human stream to explore the once familiar places As he did so many began to return as the recession took hold of Western Europe Tom was keen to find out what had changed and how the places people and way of life had moved on and of course fit in a spot of fishing along the way
