Unriddling the Exeter Riddles Patrick J. Murphy, 2011-03-28 The vibrant and enigmatic Exeter Riddles ca 960-980 are among the most compelling texts in the field of medieval studies in part because they lack textually supplied solutions Indeed these ninety-five Old English riddles have become so popular that they have even been featured on posters for the London Underground and have inspired a sculpture in downtown Exeter Modern scholars have responded enthusiastically to the challenge of solving the Riddles but have generally examined them individually Few have considered the collection as a whole or in a broader context In this book Patrick Murphy takes an innovative approach arguing that in order to understand the Riddles more fully we must step back from the individual puzzles and consider the group in light of the textual and oral traditions from which they emerged He offers fresh insights into the nature of the Exeter Riddles complexity their intellectual foundations and their lively use of metaphor

Say what I Am Called Dieter Bitterli, 2009-01-01 Perhaps the most enigmatic cultural artifacts that survive from the Anglo-Saxon period are the Old English riddle poems that were preserved in the tenth-century Exeter Book manuscript Clever, challenging and notoriously obscure the riddles have fascinated readers for centuries and provided crucial insight into the period In *Say What I Am Called* Dieter Bitterli takes a fresh look at the riddles by examining them in the context of earlier Anglo-Latin riddles Bitterli argues that there is a vigorous common tradition between Anglo-Latin and Old English riddles and details how the contents of the Exeter Book emulate and reassess their Latin predecessors while also expanding their literary and formal conventions The book also considers the ways in which convention and content relate to writing in a vernacular language A rich and illuminating work that is as intriguing as the riddles themselves *Say What I Am Called* is a rewarding study of some of the most interesting works from the Anglo-Saxon period
