**Spaghetti Westerns--the Good, the Bad and the Violent** Thomas Weisser, 2014-03-11 Spaghetti Westerns mostly produced in Italy or by Italians but made throughout Europe were bleaker rougher grittier imitations of Hollywood Westerns focusing on heroes only slightly less evil than the villains After a main filmography covering 558 Spaghetti Westerns another section provides filmographies of personnel actors and actresses directors musical composers scriptwriters cinematographers Appendices provide lists of the popular Django films and the Sartana films a listing of U S made Spaghetti Western lookalikes top ten and twenty lists and a list of the genre s worst Death, Life and Laughter Mathew Guest, Martha Middlemiss Lé Mon, 2016-11-25 Birth death and the rituals that take us from one to the other tell us a lot about humanity and our quest to understand ourselves It is cross disciplinary analyses of the life course that have generated the most profound insights into religion and spirituality challenging the concepts and methods we commonly use to understand these universal aspects of human experience Douglas Davies work is a rare example of this kind of scholarship challenging the boundaries that separate theology from the social sciences and that divide academia from public life This book serves as a tribute to Davies work and a critical commentary on the questions that arise from it Featuring essays by renowned international scholars this book brings cutting edge research into conversation with ongoing debates about disciplinary difference and the nature of scholarship **Bowker's Complete Video Directory, 1999** ,1999 **The Armchair Detective** ,1991 *Fist Full of Sand* Ranjeet Grover a.k.a GK Ranji, 2011-07-29 *Fist Full of Sand* is a collection of skillfully crafted and powerful stories of recent immigrant Indians who came to the United States to live raise their families and be part of this country despite the cultural clashes social upheaval and generational divide These are their tales of conflict tradition and belief success and failure hope and aspirations for the future The stories may be fictional but most of them are woven around the true incidents and common concerns of the Indians living in America The message in the book is Life is like a fist full of sand which cannot be held tight More you try to hold it more it slips through your fingers Life is an adventure full of challenges Don t dwell on them Learn from them and move on The Hero and the Grave Alireza Vahdani, 2018-08-15 The theme of death is an essential component of film narrative particularly in how it affects the hero Filmmakers from different cultures and backgrounds have developed distinct yet archetypal perspectives on death and the protagonist s response Focusing on Western and Japanese period genre films the author examines the work of John Ford 1894 1973 Akira Kurosawa 1910 1998 and Sergio Leone 1929 1989 and finds similarities regarding death s impact on the hero s sense of morality The Films of Sergio Leone Robert C. Cumbow, 2008-02-15 Sergio Leone s renown as a filmmaker rests upon a fistful of films most notably the three Westerns he made with Clint Eastwood in the mid 1960s *A Fistful of Dollars* 1964 *For a Few Dollars More* 1965 and *The Good the Bad and the Ugly* 1966 While the success of these movies ensured Leone s reputation would endure the few films he made following *The Man with No Name* Trilogy culminating in his

American gangster epic *Once Upon a Time in America* 1984 with Robert DeNiro would solidify Leone's place as one of the great visionaries of his time. In this enhanced revision of *Once upon a Time: The Films of Sergio Leone* Robert C. Cumbow examines the work of this Italian filmmaker who made his mark re-envisioning the American Western. This volume includes a greatly expanded introduction and contains newly revised essays in which Cumbow analyzes the transition from peplum films to westerns in the Italian popular tradition. The book also examines each of Leone's major films as director as well as the swan song Italian Western *My Name Is Nobody* which Leone co-wrote and guided as producer. Cumbow also studies Leone's compositional style and the influence of Catholicism and the Italian grand opera tradition on his work. He provides a critical evaluation of Leone's style in reshaping the Western genre and later the crime film as well as an assessment of the influences on Leone's work and his continuing impact on subsequent generations of film makers. Additional features of this book include thumbnail comments on the professionals who most frequently made up Leone's cast and crew as well as an entire chapter devoted to composer Ennio Morricone. The book also includes an exhaustive bibliography, discography and filmography completely updated for this new edition. For fans and scholars seeking original and illuminating discussion of his work *The Films of Sergio Leone* provides a critical appreciation of this master stylist. [Death's Dream Kingdom](#) Gabriel

Blanchard, 2015-12-20 A young woman of Victorian London has been transformed into a vampire. Can she survive the world of the immortal dead or perhaps escape it? The year is 1874 and the young and devout Marie Redglass is the flower of London until the night her life is taken from her by a handsome sophisticated supernatural murderer and given back in a hellish form. Now she must navigate the concealed and decadent world of vampires, telepathy, sadism, impenetrable symbols and the incessant cannibal feast stand at every turn. But in a world where so much perverse magic is possible, could there also be a way out? **Death's Little Helpers** Peter Spiegelman, 2006-06-13 In this masterful follow-up to Peter Spiegelman's stunning debut *Black Maps*, private investigator John March finds himself drawn into a web of corruption that extends from the halls of high finance to the dark underworld of organized crime. Gregory Danes, a Wall Street analyst, has gone missing and his ex-wife, a fashionable painter, calls March to track him down. She just wants him to sign her alimony checks, but as March soon discovers, she's not the only one looking for him. Danes was once an industry hot shot but has lost his touch. His biggest gains lately it seems had been in enemies including a few members of the Russian mob. When March receives a threat upon his own family, he realizes Danes had been involved in something far more dangerous than insider trading. [anno Domini Book IV](#)
