COFFEE BREAKS, Short Stories and Poems Bett Taylor, 2013-03 COFFEE BREAKS Everyone likes a Coffee Break Morning Tea or Smoko Either socially communally from work or just as a reward for no reason at all Coffee Breaks are taken worldwide and depend on circumstance of how why and where but they all have their place in the structure of our lives SHORT STORIES These stories are for those who like to read a whole story at a sitting and cover fiction religion politics romance lifestyle and the whole gambit of relationships with one another POETRY Poems about observance of nature both human and natural the leafy bits About seeing feeling and responding to life *Seeking a Unified Universe* Gordon Ziegler, 2013-12-05 My earliest memory was of a bath in the middle of the day I was accustomed to baths early in the morning or late in the evening I was not expecting a bath in the middle of the day Mom's purpose was to prepare me for a birthday party I don't remember the party or the boy honored or even the bath just the unusual fact of it It was an exception to a rule Across the street from our apartment in north Seattle Washington was a school Seattle Junior Academy My mother Inas Ziegler taught there The school had nice large swings on the playground that I loved to swing in I am sure my mother and my father J G Ziegler both frequently pushed me on the swings But I do not remember that I remember my Grandma Grace Ziegler pushing me on the swings Another exception to a rule My next memory was being babysat in the evening with my brother Jim in an older couple's home What made that memorable was that they ate cold cereal in the evening I had only eaten it in the morning Another exception to a rule My father and mother had gone out for the night conducting evangelistic

meetings playing the piano singing making chalk drawings preaching and showing slides on the screen My parents were very successful in their efforts and attracted a lot of favorable attention from the higher ups in our church Growing up in such a family was an exception to the general rule in the church It tended to make one either rebellious or specially conformant to what one perceived as the truth I early chose the latter approach My next memories were from our next home in a peach orchard in Kirkland Washington Roger Ebert's Movie Yearbook 2012 Roger Ebert,2011-12-06 Ebert collects his reviews from the last 30 months Readers can expect to find every movie review he has written from January 2009 to July 2011 Also included are in depth interviews with newsmakers and celebrities such as John Waters and Justin Timberlake memorial tributes and essays on the Oscars and reports from the Cannes and Toronto Film Festivals *An Ecofeminist Perspective on Ash Wednesday and Lent* Sylvia A. Sweeney,2010 An Ecofeminist Perspective on Ash Wednesday and Lent develops a conversation between classical historical Lenten practices and contemporary Christian ecofeminism Building on David Tracy's definition of a religious classic it includes a historical examination of the development of Lent and the Ash Wednesday rites beginning from wellsprings in the early church traditions of penance catechumenal preparation and asceticism through medieval and reformation expressions of the rite to their twentieth century Episcopal iteration in the 1979 Book of Common Prayer In the discussion of ecofeminism women's death experiences and current ecofeminist writings are used to develop an ecofeminist hermeneutic of mortality *Glocal Ireland* Juan F. Elices Agudo,Marisol Morales Ladrón Soledad,2011-05-25 The transformations undergone by Ireland in the last decades have relocated the country within that liminal space of the local and the global The country of the deeply rooted rural traditions the severely religious impositions and the fragile economic system became in the 1990s a world referent due to its unprecedented and impressive growth However the emergence of the so called Celtic Tiger and the recognition that Ireland had become one of the most globalised nations in the Western world met a dramatic downfall that has left the country pre occupied with matters concerning its re positioning and re definition within a wider European framework The cultural and artistic productivity of this nation has also moved away from the topical insularity of the past adopting more transnational and universal subjects at the same time that it has struggled to retain its genuine values and its own signs of identity For in Ireland the more this global progress has grown to be unavoidable the more evocatively the local has befallen Therefore the editors of this volume contend that the global and the local should be understood not as opposed concepts but as two ends of a continuum of interaction Within this state of affairs this volume comprises a series of articles that revolve around the issue of glocality in Irish literature culture and cinema in order to disentangle the complexities that underlie this concept and which are inextricably related to the drastic changes undertaken by Ireland in the years before and after the economic boom and posterior bailout **The Messiah's Inventions** Gordon Ziegler,2013-11-27 Noah's ark was an invention of God elohiyim the plural three form of one God God the Father God the Son and God the Holy Spirit God the Son later became the incarnate Jesus of Nazareth the Messiah the

Anointed One the very Christ The original Son of God was undoubtedly the divine agent that communed with Noah inspiring him with the great invention of God to preserve life through the perils of a world wide Deluge Noah was the master builder and preacher of righteousness God could have translated the people and animals to heaven or some other world before that horrific water holocaust of the entire earth and relocated them back to earth when the Flood was over But God chose not to do this God chose a cooperative effort of God and man at great cost to preserve life on earth during that fearful water holocaust But the ark as well designed and built as it was was in itself not sufficient to preserve life It required the mighty power of God and the heavenly angels to guide and preserve the ark and its inhabitants during that fearful ordeal For this they last day scoffers evolutionists willingly are ignorant of that by the word of God the heavens were of old and the earth standing out of the water and in the water Whereby the world that then was being overflowed with water perished But the heavens and the earth which are now by the same word are kept in store reserved unto fire against the day of judgment and perdition of ungodly men 2 Peter 3 5 7 and context KJV In the imminent future we face the fearful peril of one third of the population of the earth being incinerated in a nuclear holocaust Revelation 9 14 21 also the peril of the corona of the sun going out in darkness like what happened briefly July 19 23 2013 Google dark sun and the earth's population freezing to death or the sun continuing its nova sequence scorching the earth with great heat and then going out in darkness What we desperately need now are new inventions of God the cooperation of God men and angels to preserve life in fire make the sun unnecessary flood the entire earth with light and clean energy Revelation 21 23 God has already inspired one man said of Lucifer himself to be the Everlasting Father incarnate the Messiah the Anointed One the very Christ with designs of God of inventions to preserve and restore earth to Edenic condition in this doom of fire The inventions are already roughly designed and the master builder found and educated All that is needed now are believing people donating money for these costly heavenly inventions God will not do this all by Himself He will work with us as we give our all be it little or much This book will tell all about the inventions of God for now to preserve life through fire and to make the sun unnecessary What is most needed now is belief in God's Messiahs So in this book there will not only be science and technology but theology history and prophetic evidences in favor of Messiah A and Messiah B Jesus of Nazareth and Gordon L Ziegler of Lacey Washington U S A Any and all may now make tax deductible donations to Benevolent Enterprises to actualize the divine inventions to preserve life from a holocaust of fire restore the earth and its people and make the sun unnecessary with heavenly light and heat
