

## **For a Five-Year-Old**

A snail is climbing up the window-sill  
into your room, after a night of rain.  
You call me in to see, and I explain  
that it would be unkind to leave it there:  
it might crawl to the floor; we must take care  
that no one squashes it. You understand,  
and carry it outside, with careful hand,  
to eat a daffodil.

I see, then, that a kind of faith prevails:  
your gentleness is moulded still by words  
from me, who have trapped mice and shot wild birds,  
from me, who drowned your kittens, who betrayed  
your closest relatives, and who purveyed  
the harshest kind of truth to many another.  
But that is how things are: I am your mother,  
and we are kind to snails.

*Boethius' Consolation of Philosophy as a Product of Late Antiquity* Antonio Donato,2013-09-12 In the last fifty years the field of Late Antiquity has advanced significantly Today we have a picture of this period that is more precise and accurate than before However the study of one of the most significant texts of this age Boethius Consolation of Philosophy has not benefited enough from these advances in scholarship Antonio Donato aims to fill this gap by investigating how the study of the Consolation can profit from the knowledge of Boethius cultural political and social background that is available today The book focuses on three topics Boethius social political background his notion of philosophy and its sources and his understanding of the relation between Christianity and classical culture These topics deal with issues that are of crucial importance for the exegesis of the Consolation The study of Boethius social political background allows us to gain a better understanding of the identity of the character Boethius and to recognize his role in the Consolation Examination of the possible sources of Boethius notion of philosophy and of their influence on the Consolation offers valuable instruments to evaluate the role of the text s philosophical discussions and their relation to its literary features Finally the long standing problem of the lack of overt Christian elements in the Consolation can be enlightened by considering how Boethius relies on a peculiar understanding of philosophy s goal and its relation to Christianity that was common among some of his predecessors and contemporaries
