Bob Coleman, Deborah Neville, 1970-12-12 This book details the steps you need to take to turn your idea whether it s a song or a rocket engine into an income     *Prairie Preacher* J. Hoge P. J. Hoge, P. J. Hoge, 2010 *Prairie Preacher* tells the story of a young Lutheran pastor who accepts his first call to a church in central North Dakota in 1955 Byron Ellison is assigned there for one year at the end of which the congregation will vote to keep him on permanently The year is full of trials and hardships for the rural church even threatening its very existence Pastor Ellison has much to learn about becoming an accepted

member of the provincial area He makes mistakes while helping his congregation deal with prejudices and the trials of life He makes many good friends and at least one staunch enemy The young man grows in faith as he is often tested With humor and through tears he grows in understanding about trust forgiveness and acceptance as he shares tears and joy with his best friend and neighbors     **Great Projects** James Tobin, 2012-06-12 Since the earliest days of the republic great engineering

projects have shaped American landscapes and expressed American dreams The ambition to build lies as close to the nation s heart as the belief in liberty We live in a built civilization connected one to another in an enormous web of technology Yet we have all too often overlooked the role of engineers and builders in American history With glorious photographs and epic narrative sweep *Great Projects* at last gives their story the prominence it deserves Each of the eight projects featured in this masterful narrative was a milestone in its own right the flood control works of the lower Mississippi Hoover Dam Edison s lighting system the spread of electricity across the nation the great Croton Aqueduct the bridges of New York City Boston s revamped street system known as the Big Dig and the ever evolving communications network called the Internet Each project arose from a heroic vision Each encountered obstacles Each reveals a tale of genius and perseverance James Tobin winner of a National Book Critics Circle Award explains the four essential tasks of the engineer to protect people from the destructive force of water while harnessing it for the enormous good it can do to provide people with electricity the motive force of modern life to make great cities habitable and vital and to create the pathways that connect place to place and person to person Tobin focuses on the individuals behind our greatest structures of earth and concrete and steel James Buchanan Eads who walked on the floor of the Mississippi to learn the river s secrets Arthur Powell Davis and Frank Crowe who imagined a dam that could transform the West Thomas Edison who envisioned a new way to light the world Samuel Insull the organizational mastermind of the electrical revolution the long forgotten John Bloomfield Jervis who assured New York s future with the gift of clean water Othmar Ammann the modest Swiss American who fought his mentor to become the

first engineer to bridge the lower Hudson River Fred Salvucci the antihighway rebel who transformed the face of Boston and J C R Licklider the obscure scientist who first imagined the Internet Here too are the workers who scorned hardship to turn the engineers dreams into reality deep underground and high in the sky through cold and heat and danger In Great Projects soon to be a major PBS television series by the Emmy Award winning Great Projects Film Company we share their dreams and witness their struggles we watch them create the modern world we walk through each day the city upon a hill that became our America
