Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Sir Charles Grandison** Sylvia Kasey Marks, 1986 The first book length monograph to examine Samuel Richardson s last and least known work Marks considers this novel a natural outgrowth and culmination of the conduct book form indeed the finest example of the genre Among Our Books Carnegie Library of Pittsburgh, 1929 *Samuel Richardson's theory of fiction* Donald L. or ideas becomes questionable and this appears quixotic insofar as it stands in contradiction to the sociohistorical context He concludes that religious existence for the few who pursue it in suffering which means that the religious person feels temporally displaced for adhering to a seemingly obsolete faith and lifestyle

Letellier,2003-02-28 The English novel written between 1700 and 1740 remains a comparatively neglected area In addition to Daniel Defoe whose Robinson Crusoe and Moll Flanders are landmarks in the history of English fiction many other authors were at work These included such women as Penelope Aubin Jane Barker Mary Davys and Eliza Haywood who made a considerable contribution to widening the range of emotional responses in fiction These authors and many others continued writing in the genres inherited from the previous century such as criminal biographies the Utopian novel the science fictional voyage and the epistolary novel This annotated bibliography includes entries for these works and for critical materials pertinent to them The volume first seeks to establish the existing studies of the era along with anthologies It then provides

entries for a wide ranging selection of works which cover fictional theoretical historical political and cultural topics to provide a comprehensive background to the unfolding and understanding of prose fiction in the early 18th century This is followed by an alphabetical listing of novels their editions and any critical material available on each The next section provides a chronological record of significant and enduring works of fiction composed or translated in this period The volume concludes with extensive indexes     *A Theory of the Novel: Its Generic Impulse and Controlling Principle* Wesley Ford Davis,1970     **Annual Bibliography of English Language and Literature** ,
