Five Myths Of Male Sexuality:

Five Myths of Male Sexuality Rick Ghent, 1994 *Understanding Male Sexual Abuse* O'Brien Dennis, 2011-08-24 The best way to understand male sexual abuse is to learn about its survivors They are the victims and they have stories to tell Author O'Brien Dennis recounts how he was sexually abused as a boy in Jamaica and he also shares accounts from other men who were abused By giving them a voice he unveils how male sexual abuse can so easily happen at the hands of close and trusted family friends and even strangers As you read these intimate stories you'll learn how society's narrow definitions of sexuality and masculinity have conspired to silence male victims preventing many from speaking up about their abuse Sexual abuse hurts victims who may later suffer from drug addiction sexual dysfunction self blame guilt and other problems Male rape is used not only as a form of subjugation but also as a tool for war and dominance in contemporary wars and conflicts Male sexual abuse is underreported and it is estimated that one in six boys is sexually abused before he reaches age sixteen By *Understanding Male Sexual Abuse* it's possible to start exploring solutions to a terrible problem Dennis calls on policy makers and public administrators to raise their heads from their sheaves of paper and to pay attention to the many men who are victims of rape in prisons or other institutions and to see that male sexual abuse is more than a public health hazard rather it rips at the fabric of society and humanity Antoine B Craigwell journalist **The New Male Sexuality** Bernie Zilbergeld, 1999-07-06 *The New Male Sexuality* addresses the most urgent questions of men today and of the women who love them Bernie Zilbergeld reports findings from his twenty years as a psychologist specializing in human sexuality as well as those other experts in the field and shares his own and his clients experiences the result is the most comprehensive guide ever to enhancing desire and arousal focusing on pleasure rather than performance and keeping sex exciting and fulfilling Clear comprehensive witty and refreshingly realistic *The New Male Sexuality* is destined to be a classic of the nineties and beyond **UCSF News** University of California, San Francisco, 1978 *The Bible and Sexual Violence Against Men* Chris Greenough, 2020-10-22 At least 1 in 6 men have experienced some form of sexual violence *The Bible and Sexual Violence Against Men* argues that the shame and stigma around male sexual abuse are interwoven with contemporary social and cultural concepts of masculinity and are also found in the ancient world and biblical texts themselves This book is interdisciplinary and has three main areas of exploration MenToo Exploring the myths around sexual violence against men Sexual violence against men in the Hebrew Bible Reading Jesus enforced nudity at the crucifixion as sexual violence Given the enduring importance of the Bible in contemporary society this book explores the biblical texts that depict sexual violence against men It examines critical approaches from theology biblical and religious studies perspectives while also exploring insights from the fields of sociology psychology and criminology as well as referring to legal cases and legislation charity work and media focussed articles In seeking to serve a number of interested readers including those who are not familiar with the Bible short summaries of the biblical texts under discussion are given in each case *Masculinity, Law and Family*

Women in Greek Myth Mary R. Lefkowitz, 2007-08-27 In the first edition of *Women in Greek Myth* Mary R Lefkowitz convincingly challenged narrow ideological interpretations of the roles of female characters in Greek mythology Where some scholars saw the Amazons as the last remnant of a forgotten matriarchy Clytemnestra as a frustrated individualist and Antigone as an oppressed revolutionary Lefkowitz argued that such views were justified neither by the myths themselves nor by the relevant documentary evidence Concentrating on those aspects of women's experience most often misunderstood life apart from men marriage influence in politics self sacrifice and martyrdom and misogyny she presented a far less negative account of the role of Greek women both ordinary and extraordinary as manifested in the central works of Greek literature This updated and expanded edition includes six new chapters on such topics as heroic women in Greek epic seduction and rape in Greek myth and the parts played by women in ancient rites and festivals Revisiting the original chapters as well to incorporate two decades of more recent scholarship Lefkowitz again shows that what Greek men both feared and valued in women was not their sexuality but their intelligence

Speaking Truth to Power Anita Hill, 1998-10-20 Twenty six years before the metoo movement Anita Hill sparked a national conversation about sexual harassment in the workplace After her astonishing testimony in the Clarence Thomas hearings Anita Hill ceased to be a private citizen and became a public figure at the white hot center of an intense national debate on how men and women relate to each other in the workplace That debate led to ground breaking court decisions and major shifts in corporate policies that have had a profound effect on our lives and on Anita Hill's life Now with remarkable insight and total candor Anita Hill reflects on events before during and after the hearings offering for the first time a complete account that sheds startling new light on this watershed event Only after reading her moving recollection of her childhood on her family's Oklahoma farm can we fully appreciate the values that enabled her to withstand the harsh scrutiny she endured during the hearings and for years afterward Only after reading her detailed narrative of the Senate Judiciary proceedings do we reach a new understanding of how Washington and the media rush to judgment And only after discovering the personal toll of this wrenching ordeal and how Hill copes do we gain new respect for this extraordinary woman Here is a vitally important work

that allows us to understand why Anita Hill did what she did and thereby brings resolution to one of the most controversial episodes in our nation's history *New Black Man* Mark Anthony Neal, 2015-02-11 Ten years ago Mark Anthony Neal's *New Black Man* put forth a revolutionary model of Black masculinity for the twenty-first century one that moved beyond patriarchy to embrace feminism and combat homophobia Now Neal's book is more vital than ever urging us to imagine a New Black Man whose strength resides in family community and diversity Part memoir part manifesto this book celebrates the Black man of our times in all his vibrancy and virility The tenth anniversary edition of this classic text includes a new foreword by Joan Morgan and a new introduction and postscript from Neal which bring the issues in the book up to the present day
