*Five Views on Apologetics* Steven B. Cowan, William Lane Craig, 2000 A multiple view book on apologetic methods this material deals with a very relevant topic in the midst of a changing culture Its primary contributors are William Lane Craig Gary R Habermas Paul D Feinberg John M Frame and Kelly James Clark *Five Views on Apologetics* Zondervan, 2010-06-01 Of the most common approaches to apologetics which is most effective The goal of apologetics is to persuasively defend Christianity against charges of falsehood inconsistency or credulity It s an intellectual discipline that serves to bolster the faith of Christian believers and to aid the task of evangelism but are some methods more effective than others Five Views on Apologetics examines the how to of apologetics putting five prominent techniques under the microscope Classical represented by William Lane Craig Evidential represented by Gary Habermas Cumulative Case represented by Paul D Feinberg Presuppositional represented by John M Frame Reformed Epistemology represented by Kelly James Clark Offering a forum for presentation critique and defense this book allows the contributors for the different viewpoints to respond to the others Your own informed conclusions can then guide you as you meet the questions of a needy world with the claims of the gospel The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion [The Comprehensive Guide to Apologetics](#) Joseph M. Holden, 2022-01-11 A must read for anyone who seeks to share the gospel and defend the faith Josh McDowell Crucial to the next generation of missionaries and apologetic evangelists Norman L Geisler In a postmodern post truth society how can we be certain our faith is based on more than our feelings And how do we answer the complex questions about Christianity posed by skeptics and searchers alike The Comprehensive Guide to Apologetics challenges you to understand and defend the tenets of your faith This informative resource covers topics spanning from the evidence for the Bible s reliability to the relationship between science and faith to the comparisons between Christianity and other worldviews The many contributors to this volume include respected apologists and Bible scholars such as Norman L Geisler Josh McDowell Gary R Habermas Walter C Kaiser Jr Ron Rhodes Edwin M Yamauchi John Warwick Montgomery William A Dembski Randy Alcorn Stephen C Meyer Randall Price Ed Hindson Essential reading for every Christian The Comprehensive Guide to Apologetics will equip you with the knowledge and confidence to testify for your faith with compassion intention and Christlike wisdom *Apologetics without Apology* Elaine Graham, 2017-07-19 Against many expectations religion has not vanished from Western culture People are troubled and fascinated in equal measure by this new visibility and are unsure whether it is right to re incorporate the vocabulary of faith into our common life This unprecedented co existence of religion and secularism is sometimes termed the postsecular and in this book Elaine Graham considers some of its implications for the public witness of Christianity She argues that everyone from church leaders theologians local

activists and campaigners needs to learn again how to speak Christian in these contexts They need to articulate credible theological justifications for their involvement in public life and to justify the very relevance of their faith to a culture that no longer grants automatic privilege or credence This entails a retrieval of the ancient practice of apologetics in order to encourage and equip Christians to defend and commend their core principles and convictions in public This new apologetics involves discerning the actions of God in the world participating in the praxis of God s mission and bearing witness in word and deed Rather than being an adversarial or argumentative process this is an invitation to dialogue and to the rejuvenation of our public life

**Something Worth Suffering For: The Ideas That Drive Crosstree Music** Andrew Bibb, 2020-01-20 Life is suffering This is true for everyone to some degree and it impacts us in every phase of life from birth to death No one escapes unscathed Many try to cope with this fact by avoiding suffering and discomfort as much as possible Their lives revolve around the prevention of pain But some instead of hiding from suffering find something worth suffering for This book is about those people and that something Something Worth Suffering For The Ideas That Drive Crosstree Music explores the process of discovering and embracing that which gives meaning to even the worst of life s hardships It shows how doing so will Generate the courage to pursue things that matter Produce a genuine care for others that leads to fulfillment Provide depth to the most important relationship one can have Reveal one s place in a universal community of committed companions And manifest hope in even the most hopeless of circumstances

Williams, 2022-10-27 After a substantial author s preface recounting Peter S Williams s life journey with the question of God s existence A Universe From Someone pulls together essays and opening speeches from debates including the 2011 God is not a delusion debate at the Cambridge Union that jointly cover a wide variety of theistic arguments Together with a foreword by noted philosopher J P Moreland an annotated bibliography highlighting Four Dozen Key Resources on Apologetics and Natural Theology in an Age of Science and other recommended resources A Universe From Someone offers an informed overview of the contemporary case for God

**Engaging Deconstructive Theology** Ronald T. Michener, 2016-04-29 Engaging Deconstructive Theology presents an evangelical approach for theological conversation with postmodern thinkers Themes are considered from Derrida Foucault Mark C Taylor Rorty and Cupitt developing dialogue from an open minded evangelical perspective Ron Michener draws upon insights from radical postmodern thought and seeks to advance an apologetic approach to the Christian faith that acknowledges a mosaic of human sources including experience literature and the imagination

**A Definition and Critique of Postmodernism** Bruce Proctor, 2012 Bruce A Proctor is a native of Dallas Texas but spent most of his youth growing up in Los Angeles California He graduated from Oklahoma Christian College B A in 1973 from Dallas Theological Seminary Th M in 1981 and Louisiana Baptist University Ph D in 2011 Bruce has held various ministerial positions including pastor youth counselor and pastor prison ministry leader and college professor Bruce has taught Bible Exposition Theology Old and New Testament history and Church History at various Christian schools

Southern Bible Institute D Edwin Johnson Bible Institute both in Dallas TX True Vine Baptist Bible Institute in Spencer OK and at the Ministry Training Institute an extension of Oklahoma Baptist University in Shawnee OK Bruce and his wife Patricia reside in San Antonio Texas They have eight adult children Postmodernism is difficult to define because it rejects absolute meaning However I found it worth trying to define it by looking at other authors attempts to define it It was easier for me to describe than define it Much discussion is also given to the definition of the emergent church movement including its fundamental tenets and marks along with signs of drifting toward it Next the idea of postmodernism is weaved into the description of condemned mankind according to Romans 1 18 32 The description given is clearly relevant to the postmodern mindset as men who suppress the truth in unrighteousness verse 18 In my conclusion I discuss the power of truth and the loss of truth due primarily to a loss of focus However in the Person of Jesus Christ Truth arose from the dead and marches on victoriously despite the postmodern spirits of delusions

**Weltanschauung and Apologia** Elias Hofer,2022-10-11 This book allows us to accompany C S Lewis on his intellectual and spiritual journey from atheism to pantheism and eventually to Christianity It analyzes key elements of Lewis s Christian worldview and identifies challenges leveled against it from alternative worldviews It examines Lewis s apologetic methodology highlighting how it was shaped by his worldview and provides an analysis of Lewis s specific responses to a number of objections The project also serves as a comparative analysis of worldviews particularly as they relate to truth claims of the Christian faith The notion of worldview is critical to the formulation of views One s worldview determines how reality is perceived It s characterized as a set of glasses through which we view our surroundings and interpret experiences It accounts for the perspective we bring to every event in life and helps explain why different people see things differently when looking at the same data The same evidence may lead one person to reject a particular conclusion while moving another to embrace what the other rejected Lewis s major works are explored at length in this book Although much has been written about Lewis Hofer s examination of the influence of worldview on his work is unique

**The Foundations of Philosophy** Michael Pol Macneil,2025-06-03 This work is about philosophy and what makes a philosophy distinctively Christian in character arguing that it is indeed possible for philosophy to be conceived of as first Christian and not just philosophy done by people that happen to be Christians Christian philosophy is epistemologically self conscious philosophy conducted in a manner honoring to the revelation of the Hebrew and Christian scriptures It is argued that philosophy should be transformative rather than just therapeutic or elucidatory The author examines competing philosophical and scientific accounts from both the empiricist and rationalist schools arguing they are coherent and successful only to the degree that they have imported consciously or unconsciously Christian transcendentals He then applies this insight to explore the character and practice of a Christian political philosophy

The Unified Operations of the Human Soul Jeffrey C. Waddington,2015-07-24 This book endeavors to examine and critically assess the theological anthropology of Jonathan Edwards with a view to considering how this anthropology coheres with his apologetic

methodology Specifically the question has been raised whether Edwards doctrine of man is consistent with the picture painted of Jonathan Edwards by John Gerstner that he was the epitome of the classical apologist It is argued that Edwards practiced an eclectic apologetic sans apologetic self awareness In other words Edwards was a child of his training and time

*Evidence for the Crucifixion and Resurrection of Jesus Christ Examined through Islamic Law* Suheil Madanat,2023-08-31 For almost 1 400 years Christians have wrestled with appropriate ways to defend their claims to truth in the context of Islam Dr Suheil Madanat proposes that the answer lies neither in the antagonization of polemics nor apologetic arguments rooted in Western legal systems but instead in utilizing the authority of Islamic law itself While evidence for the resurrection has been legally examined since the seventeenth century legal apologetics has primarily utilized secular law systems such as Anglo American common law In this study Dr Madanat tests evidence for the crucifixion and resurrection against Islam s fixed theocratic law of Sharia Offering an overview of the evolution and constitution of Islamic law Dr Madanat examines how eyewitness testimonies and confessions in the New Testament hold up against Islam s strict standards for evidence Authenticating the Gospels using the same standards Islamic scholars use to defend the authenticity of the Qur an and Sunna Madanat examines the testimonies of the four evangelists the confessions of James and Paul and the circumstantial evidence offered by archeology church history and the Christian impact on civilization This book engages with Islam and its sacred texts seriously and with respect providing a powerful resource for those interested in apologetics and comparative religion

Apologetics in 3D Peter S. Williams,2021-09-03 This collection of papers and other materials from English philosopher Peter S Williams develops a holistic vision for Christian apologetics centered around a biblical understanding of spirituality Grounded in two decades of practical experience here is a vision of apologetics that s interested in communicating through beauty and goodness as well as logic and arguments Promise Unfulfilled Rolland McCune,2017-07-17 The New Evangelicalism was conceived if not born with the formation of the National Association of Evangelicals in 1942 This new group was in the main led by younger professing fundamentalist scholars and leaders who had become dissatisfied with their heritage and wanted to carve out some evangelical middle ground between fundamentalism and neo orthodoxy This book is an analysis of the break away movement in terms of the issues ideas and practices that led to its beginning its expansion to an apogee in the 1970s its subsequent loss of biblical and doctrinal stability and its slide toward virtual irrelevancy in a postmodern world culture of the 21st century The twenty five chapters are grouped under nine main sections Historical Antecedents the Formation of the New Evangelicalism Ecumenism Ecclesiastical Separation The Bible and Authority Apologetics Social Involvement Doctrinal Storms and Evaluations and Prospects It will be a valuable addition to the pastor s library and a strategic resource for theological education in Bible colleges and seminaries Apologetics in Africa Kevin Muriithi Ndereba,2024-02-01 Divided into four major sections this textbook provides an in depth exploration of the biblical philosophical cultural and practical concerns facing African Christians as they proclaim and defend the gospel in Africa

Written by a diverse group of pastors and scholars it provides a much needed interdisciplinary and contextualized approach to apologetics It also seeks to bridge the gap between academic research and ministry practice touching on such topics as hermeneutics biblical criticism church history the nature of evil religious inclusivism Muslim Christian engagement eldership rites domestic violence cults and the digital age Biblically robust contextually relevant ministry oriented and accessible this is a remarkable resource for enriching the life and ministry of Christians in Africa and beyond Preaching to Convert John Fletcher, 2013-11-13 Preaching to Convert offers an intriguing new perspective on the outreach strategies of U S evangelicals framing them as examples of activist performance broadly defined as acts performed before an audience in the hopes of changing hearts and minds Most writing about activist performance has focused on left progressive causes events and actors Preaching to Convert argues against such a constricted view of activism and for a more nuanced understanding of U S evangelicalism as a movement defined by its desire to win converts and spread the gospel The book positions evangelicals as a diverse complicated group confronting the loss of conservative Christianity's default status in 21st century U S culture In the face of an increasingly secular age evangelicals have been reassessing models of outreach In acts like handing out Bible tracts to strangers on the street or going door to door with a Bible in hand in elaborately staged horror themed morality plays or multimillion dollar creationist discovery centers in megachurch services beamed to dozens of satellite campuses and in controversial ex gay ministries striving to return gays and lesbians to the straight and narrow evangelicals are redefining what it means to be deeply committed in a pluralist world The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields A Brief Guide to Ideas William Raeper, Linda Edwards, 2000 A popular introduction to the history of Western religion and philosophy this volume contains information on all familiar names in the fields as well as more obscure contributors to the broad scope of intellectual pursuit Journal of Biblical and Theological Studies, Issue 3.1 Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2018-04-18 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics **Tough-Minded Christianity** William A. Dembski, Thomas

Schirmacher,2009-03-01 Tough Minded Christianity is a collection of essays about the great work of John Warwick Montgomery 1931 a living legend in the field of Christian apologetics who has earned eleven degrees in philosophy theology law and librarianship debated historic atheists including Madalyn Murray O Hair and influenced the work of bestselling authors such as Josh McDowell Contributors to this volume include J I Packer Ravi Zacharias John Ankerberg Erwin Lutzer Vernon Grounds Gary Habermas and among others Paige Patterson who writes in the foreword that John Warwick Montgomery did the intellectual heavy lifting that undergirded the conservative renewal of the Southern Baptist Convention

*The Clarity of God's Existence* Owen Anderson,2008-07-23 The Clarity of God s Existence examines the need for theistic proofs within historic Christianity and the challenges to these since the Enlightenment Historically and scripturally Christianity has maintained that unbelief is inexcusable If failing to know God is a sin the implication is that humans can and should know God Humans should know God because his eternal power and divine nature are clearly revealed in the things that are made And yet Anderson argues more time is spent on avoiding the need for clarity to establish inexcusability than on actually providing an argument or proof Proofs that rely on Aristotle or Plato and that establish a Prime Mover or designer are thought to be sufficient But the adequacy of these not only to prove the God of theism but also to prove anything at all has been called into question by Enlightenment thinkers like David Hume After considering the traditional proofs and tracing the history of challenges to theistic proofs from Hume to Kant and down to the twentieth century Anderson argues that the standard methods of apologetics have failed to sufficiently respond Classical Apologetics Evidentialism Presuppositionalism Reformed Epistemology and others fail to adequately answer the challenges of the Enlightenment If this is the case what is the outcome for Christianity Anderson offers an explanation as to why traditional proofs have failed and for what is necessary to offer a proof that not only responds to Hume and Kant but also establishes the clarity of God s existence The traditional proofs failed precisely in not aiming at the clarity of God s existence and they failed in this because of a faulty view of the goal of Christian life If the blessed life is to be attained in a direct vision of God in heaven then there is little to no reason to ask for more than the bare minimum required to get into heaven justification Furthermore if the highest blessing is this direct vision then the glory of God revealed in his work is considered as less important and even set aside By way of contrast if God s eternal power and divine nature are clearly revealed in his works and the blessing comes in knowing God then it is of the utmost importance for Christianity to demonstrate the clarity of God s existence
