Christopher B Strain is a study of American travel literature specifically a reflection on the tradition of the American road trip
Strain sets out to understand what makes this custom a prototypically American one who travels and why through
considerations of race class and gender Driving Lessons not only contextualizes earlier American travel narratives but also
shows how these journeys of national discovery and personal redemption still resonate with readers and scholars The book
deftly blends together the story of the author s own four month sojourn in an old van with the analysis of his literary
predecessors travel narratives *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1978
