The Unchained Bible Hugh S. Pyper, 2012-12-06 This volume explores a number of instances of unexpected but influential readings of the Bible in popular culture literature film music and politics The argument in all of them is that the effects of the Bible continues to have an effect on contemporary culture in ways that may surprise and sometimes dismay both religious and secular groups That the Bible was at one time chained in churches is true The subversive misreading of this enchainment as a symbol of a book in captivity to the established church is hard to suppress however Yet once released from these chains the Bible proves to be a text that gets everywhere and which
