Pollard,2015-07-10 Excerpt from Henry VIII It is perhaps a matter rather for regret than for surprise that so few attempts have been made to describe as a whole the life and character of Henry VIII No ruler has left a deeper impress on the history of his country or done work which has been the subject of more keen and lasting contention Courts of law are still debating the intention of statutes the tenor of which he dictated and the moral political and religious are as much in dispute as the legal results of his reign He is still the Great Erastian the

protagonist of laity against clergy His policy is inextricably interwoven with the high and eternal dilemma of Church and State and it is well nigh impossible for one who feels keenly on these questions to treat the reign of Henry VIII in a reasonably judicial spirit No period illustrates more vividly the contradiction between morals and politics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
