The Burning Flame of Love Jean Maalouf, 2017-08-17 Nothing is neither fuller nor better in heaven and earth Every authentic love story is in its essence a journey toward God and every time we truly love we unveil the face of God because God is love 1 John 4 16 No wonder Thomas Kempis affirmed that nothing is sweeter than love nothing stronger nothing higher nothing wider nothing more pleasant nothing fuller nor better in heaven and earth because love is born of God and cannot rest but in God above all things But if it is so why in the world do we find ourselves very often dissatisfied with our love life and why do we have so many dysfunctional relationships with our families neighbors and others Why do we seem to love to hate each other and make enemies rather than friends not only with

individuals and groups but also with other nations as well What is missing from our earthly love What has happened to love To these questions and to many more Dr Maalouf whose focus is one of gentle revolution in human development as leading critics said when describing his prolific works Is suggesting here a different way of seeing the reality of love Although it is based on psychological sociological philosophical and theological principles this adopted way conveys the message through a poetic contemplative and mystical method in the style of Meister Eckhart and St John of the Cross This is not intended to be a comprehensive study on love but a fresh awakening to the existential deeper and richer level of consciousness of the living love for the love of one another John 13 34 is not just a commodity for social arrangement but the evidence of our divine origin and destiny and the critical condition for our very survival Thus a book like this should be read meditatively the way one listens to a great symphony or perceives a masterpiece in an art museum and comprehensively for it is not just the total sum of its paragraphs as a symphony and a painting are not the total sum of their different notes and colors Then wonder of wonders one will realize that there is nothing more mysterious more magical more life changing than love It is indeed the philosophers stone that converts whatever it touches into a golden reality Then everything will start to make sense for nothing not even all the money in the world can buy the strength and the happiness of a true loving heart [Love's Intricate Patterns](#) Pasquale De Marco, 2025-05-05 Love's Intricate Patterns is a comprehensive exploration of the many facets of love In this book Pasquale De Marco examines the initial spark of attraction the challenges of maintaining a relationship and the enduring power of love Pasquale De Marco also explores the different ways that love can manifest itself from romantic love to platonic love to the love of family and friends This book is a celebration of love It is a collection of essays stories and poems that explore the many different facets of this complex emotion Pasquale De Marco hopes that you will find something in this book that resonates with you and that it will help you to appreciate the power of love Love is a gift It is something to be cherished and nurtured It is the most important thing in life and it is something that we should never take for granted In this book Pasquale De Marco explores the many different aspects of love including The initial spark of attraction The challenges of maintaining a relationship The enduring power of love The different ways that love can manifest itself The importance of love in our lives Pasquale De Marco also provides practical advice on how to find and keep love This book is a must read for anyone who wants to learn more about love and its power If you like this book write a review on google books
