## **Flame Tree A Novel Of Modern Burma:**

**Flame Tree** Keith Dahlberg, 2004 This is the story of a man who has spent a lifetime avoiding confrontation and who now find himself in a mediator s role between a dictatorship and rebel armies fighting for survival all the while concerned for the safety of his loved one

*The Samana Incident* Keith Dahlberg, 2010-10-29 THE SAMANA INCIDENT is a microcosm of bigtime modern drug dealing and a sequel to FLAME TREE continuing the adventures of Dr George and Vienna Daniels Lieutenant Jason Kerro is an honest cop in a corrupt system trying to stop a gang of gunrunners and meth dealers from taking control of tribes in the Papua New Guinea Highlands When his captain forbids him to investigate an armed attack on the town of Samana he suspects the captain is among those taking payoff s from the smugglers Prevented from working through police channels but unwilling to give up what promises to be the biggest case of his career Kerro risks his job and perhaps his life for his country by enlisting a team of amateurs to secretly gather the evidence he needs But will they be able to act in time

*Bridge Ahead* Keith Dahlberg, 2008-10-16 No one can match the special bravery and sacrifice of soldiers in combat Nevertheless my fifteen years working as a doctor in Southeast Asia where I helped pick up the pieces left by wars the Shan conflict in Burma in the 1960s the Cambodian genocide in 1979 and the excesses of the Myanmar military junta along the Thai Burma border in the 1990s may lend some authority to my views on war and peace and to my thoughts about where American medicine is falling short This story is not intended as an inspirational book or a political statement Instead I write to describe some of the events that shaped my life In so doing I encourage readers who see obstacles blocking the road to their own goals to look for the bridges that often appear at unexpected places making goals reachable

*Books in Print* , 1991 *Early Modern Merchants and their Books* Angus Vine, 2025-07-23 Early Modern Merchants and their Books offers the first dedicated study of the literary and intellectual lives of the merchants of seventeenth century Britain Drawing primarily on unpublished manuscript material but also on a range of rarely discussed printed texts the book reveals for the first time the importance of this mercantile humanism A contribution principally to the field of book history but with significance for early modern literary studies cultural and intellectual history global history and history of science too this volume examines mercantile account books letter books anthologies and manuals as well as mercantile libraries and archives and mercantile poetic and pedagogical works to document this now little known literary and intellectual culture

Working across geographical contexts as well as institutional structures the book examines merchants as accountants record keepers authors collectors and compilers and reveals the creative interplay between financial commercial administrative archival memorial and devotional categories and practices in the early modern mercantile world Through a series of mercantile microhistories each based on a single document or group of associated documents the book traces the range and extent of this mercantile humanism and identifies its signature textual and material forms as well as its key subjects and concerns and some of its most important actors Early Modern Merchants and their Books in this way challenges long held assumptions about knowledge making in the seventeenth century and pushes back against equally persistent beliefs about merchants in the period As such it not only offers a revisionist history of the early modern merchantry and a major new account of learning in the seventeenth century but also constitutes a significant methodological intervention in book history itself **Pillar of Fire** ,1929 **The Most Brilliant, Boldly Going Book of Exploration Ever... by the Brainwaves**
